INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
New Chapter, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of New Chapter, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of New Chapter, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the 2021 certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Other Matters – 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that, (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Regulations for Reporting and Disclosure under ERISA.

New Chapter, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2021 and 2020

Note A - Description of the Plan

The following description of the New Chapter, Inc. (" the Company") 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established January 1, 2000, and most recently amended January 1, 2019. John Hancock Life Insurance Company ("JHL") serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and is a qualified retirement plan under Internal Revenue Code (IRC) 401(a) and other code sections.

Eligibility:

Full-time employees of the Company who have completed three consecutive months of service and are age 21 or older are eligible to participate in the plan.

Contributions:

Participants may contribute pretax annual compensation up to the maximum amount specified by the Internal Revenue Code, $19,500 for 2021 and 2020. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions, $6,500 for 2021 and 2020. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan as of December 31, 2020 and 2019 offered numerous pooled separate accounts, as well as a guaranteed interest account. Matching contributions, profit-sharing contributions, or other discretionary contributions are at the option of the Company. In 2021, the Company matched 100% of the first three percent contributed by an employee to the Plan. The Company matching contribution for the year ended December 31, 2021 totaled $525,948 .

Rollovers:

At the discretion of the Plan administrator, participants may deposit distributions received from other qualified plans (rollovers) into the Plan. The participant's rollover amounts will be credited to a separate account. Participants will always be 100% vested in their rollover accounts, together with earnings received thereon.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Participant may make contributions into pooled separate accounts and guaranteed investment accounts. These accounts consist of equities, preferred stocks, bonds, real estate and mutual funds.

Vesting:

Participants are immediately vested in all employee contributions plus earnings thereon. Vesting on the accounts attributable to Company contributions is based on years of service. A participant is 33.3% vested after one year of credited service, 66.6% vested after two years of service and 100% vested after three years of credited service. Any participant who attains normal retirement age, becomes disabled or dies, becomes fully vested regardless of length of service.

Note A - Description of the Plan - Continued

Participant Loans:

A Plan participant is allowed to borrow up to 50% of their vested account balance, provided such loan does not exceed $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that currently range from 4.25 percent to 6.25 percent, established as one percent over the prime rate. Principal and interest is due ratably through monthly payroll deductions. For other loan requirements and specifications, participants should consult the Plan agreement.

Payment of Benefits:

Upon retirement, death, disability, or termination of service , a participant may elect to receive a lump sum payment equal to the vested portion of his or her account. Participants also may choose to remain invested in their account. Hardship withdrawals are allowed upon meeting the statutory requirements.

Forfeitures:

Forfeitures of participants' non-vested matching contributions are used to reduce the Company's matching contributions. There were forfeited funds in the amount of $0.00 in 2021 and $3,988 in 2020.

Administrative Expenses:

The Plan is responsible for payment of investment expenses and fees; however, the Company may pay the Plan expenses related to legal, accounting and general administration. Transaction fees for loans are paid by the Plan by reducing the balances of those participants initiating the transactions.

Note B - Summary Of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with GAAP require the Plan's management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Quoted market prices are used to value investments when available, and pooled separate accounts ("PSA") are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value of shares of a PSA is based on the market value of its underlying investments. Guaranteed Investment Contracts ("GIC's") fair value is the amount the Plan would receive if the contract was terminated at the reporting date, which is book value less an early withdrawal charge. Participant notes receivable are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis, and interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

In May 2016, The Financial Accounting Standards Board ("FASB") issued ASU No. 2015-07, "Fair Value Measurement (Topic 820); Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)." ASU 2015-07 removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. It also eliminated certain disclosures for investments eligible to be measured at fair value using this practical expedient.

Note C - Certified Financial Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, including interest bearing cash, investments at fair value and investments at contract value held at December 31, 2021 and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company.

Note D - Fair Value Measurements

As required by the Fair Value Measurements and Disclosures Topic of the FASB Standards Codification 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level I inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value and Level 3 inputs were only used when Level 1 and Level 2 inputs were not available. The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019, respectively:

The Plan's investments at December 31, 2021 are reported at fair value as follows:

		Fair Value Measurements Using:	
	Fair Value	(Level 1)	Significant Unobservable Inputs (Level 3)
Cash account	$ 14,316	$ 14,316	$ -
Pooled Separate Accounts	15,476,451	15,476,451	-
Guaranteed Investment Contract	22,985	-	22,985
Total	$ 15,513,752	$ 15,490,767	$ 22,985

Note D - Fair Value Measurements - Continued

The Plan's investments at December 31, 2020 are reported at fair value as follows:

	Fair Value	Fair Value Measurements Using: (Level 1)	Significant Unobservable Inputs (Level 3)
Cash account	$ 9,858	$ 9,858	$ -
Pooled Separate Accounts	13,017,088	13,017,088	-
Guaranteed Investment Contract	22,686	-	22,686
Total	$ 13,049,632	$ 13,026,946	$ 22,686

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021 and 2020, respectively.

Fair Value Measurements using Significant Unobservable Inputs (Level 3)

	2021 Guaranteed Investment Contracts	2020 Guaranteed Investment Contracts
Beginning balance	$ 22,686	18,515
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits, purchases, sales, issuance, and settlements (net)	299	4,171
Ending balance	$ 22,985	$ 22,686

Note E - Investment Contract with Insurance Company

The Plan has an Flexible Investment Annuity Group Contract (FIA) with JHL. The contract provides guaranteed interest rates for a specified period of time, as determined or allowed. The rate credited is the rate in effect on the day when each deposit is directed to the account. To simplify reporting to plan participants, all rates credited during the 12-month deposit year are averaged into a single composite rate. The guaranteed investment accounts promise full value for specific benefit events (termination, death, disability and retirement). However, there is a possible surrender charge when funds are withdrawn prior to maturity. Thus, the guaranteed investment accounts are not considered benefit responsive.

Fair value is the amount plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

Note F - Plan Termination

Although it has not expressed any intent to do so, The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

Note G - Income Tax Status

The Plan is based on Third Party Administrator's Volume Submitter Prototype Profit Sharing Plan with CODA which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the Volume Submitter Plan was designed in accordance with the provisions of the IRC. Accordingly, the Plan's net investment income (loss) is exempt from income taxes. The Plan has been amended since the date of the opinion letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note H - Related-Party/Party-In-Interest Transactions

Certain Plan investments are held in investments managed by the custodian, JHC, as defined by the Plan and, therefore, theses transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $82,849 in 2021. Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J - Plan Amendments

The Plan has been recently amended and these Plan amendments are regarded as material modifications:
A] The definition of compensation has been amended to include only taxable wages or salary, but notseverance pay, fringe benefits, moving expenses, expense allowances, etc.
B] The trustees listing for the Plan has changed. Under the Plan as amended, the Plan Trustees are: Ann Andreosatos, Sandy Stevens and Todd Kopczynski.
C] Due to recent legislative and regulatory changes, the Plan's rules related to hardship distributions has changed. A hardship distribution no longer requires obtaining all nontaxable loans available under the Plan. A hardship distribution no longer requires suspension of salary deferrals. This amendment further clarifies what constitutes a hardship event. Those events can be referred to in the current Summary Plan Description. A Financial Representation must be presented in writing indicating that applicant has insufficient cash or other liquid assets to satisfy financial need.
D] An amendment to the Plan has been approved that relates to disability claims procedures. Article 12 of the SPD describes certain rights and protections that participants are entitled to under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan has been amended to reflect revised procedural rules of disability claims as required by the Department of Labor. The approved changes cover aspects of the claims process, such as initial claim, notice of adverse benefit determination, and appeals of adverse benefit determinations. For further information on the process of disability claims, please refer to Article 12 of the Summary Plan Description (SPD).

Note K - Date of Subsequent Events Evaluation

The Company has evaluated its December 31, 2021 financial statements for subsequent events through October 13, 2022, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, and continue into the future, which may have a potential negative impact on the results of the operations of the Company and the Plan.
