INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Pyro-Comm Systems Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pyro-Comm Systems Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

bci | cpa

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pyro-Comm Systems Retirement Savings Plan's ability to continue as a going concern for the 12 months from the date of the financial statement issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) Schedule of Delinquent Participant Contributions, Schedule H, Line 4(i) Schedule of Assets Held for Investment Purposes, Schedule H, Line-4(j) Schedule of Reportable Transactions as of or for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

bci | cpa

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Pyro-Comm Systems Retirement Savings Plan:

Report on Financial Statement

We were engaged to audit the accompanying statement of net assets available for benefits of Pyro-Comm Systems Retirement Savings Plan (the "Plan") as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock, the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2021

1. PLAN DESCRIPTION

The following description of the Pyro-Comm Systems Retirement Savings Plan (the "Plan") provides only general information. For a more complete description of the plan's provisions, refer to the plan agreement governing the plan.

General – The Plan is a defined contribution plan covering all employees of Pyro-Comm Systems, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is established to aid eligible employees in providing for a portion of their future security by the administration and distribution of contributions made by the Company and participants. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code ("IRC"). In addition, the Plan includes a "cash or deferred" salary reduction savings arrangement qualifying under Section 401(k) of the IRC.

To be eligible to make salary deferrals to the plan, employees must be 21 years of age or older. Eligible employees become participants in the Plan on the month immediately following the completion of the eligibility requirements.

Participants' Accounts – Each participant's account is credited with their contributions (including matching and nonelective contributions) and for investment earnings. Each participant's account is charged with the amounts they withdraw from the Plan and for their share of investment expenses and losses. Accounts are credited and charge daily for transactions.

Contributions – A participant who is an employee of the Company may elect the salary reduction option, under which up to 100% of the participant's eligible compensation (as defined in the Amended Plan Agreement) will be withheld and credited to the participant's account ("Participant Contributions"). In 2021, the maximum contribution allowable was $19,500, and $26,000 for participants eligible for catch up contributions as defined by the IRC.

The Company also may make matching contributions to the Plan. Matching contributions are made at the discretion of the Company's board of directors. To be eligible to participate in Company matching contributions, an employee must be a participant in the plan and complete one year of service with the Company. Employees of the Company will earn a year of service if they work at least 1,000 hours during a twelve-month period immediately following the date of hire. During the year ended December 31, 2021, the Company matched 25% of the participants' contributions not exceeding 6% of the participants' total compensation. During the year ended December 31, 2021, total matching contributions were $63,074.

The Company also has the option to make contributions to the Plan on behalf of all participants which shall be treated as Qualified Nonelective Employer Contributions ("QNEC") to the extent such contributions may be used to meet the nondiscrimination requirements of the Internal Revenue Code (the "Code"). The QNEC is invested as directed by the participants. QNEC included in employer contributions for the year ended December 31, 2021, was $59,850. As of December 31, 2021 and 2020 QNEC included in employer contributions receivable is $59,850 and $5,109, respectively.

Distributions – Participants may elect to receive distributions in lump sum payments within a reasonable period following the date in which the participant terminates employment with the Company. Participants may elect to receive installment distributions if termination is due to death, disability or occurs after attaining normal retirement age. In certain instances the Plan's administrator may grant hardship distributions. Upon termination, a participant may elect to defer receiving their vested benefit.

Vesting and Forfeiture – Participants are immediately vested in their elective deferral contributions and QNEC contributions, plus actual earnings thereon. Participants become vested in matching contributions, including earnings thereon, based on years of continuous service to the Company. Participants vest in accordance with a six year graded vesting schedule. In accordance with this schedule a participant will vest at the rate of 20% per year beginning from first anniversary of their hire date with 100% vesting occurring after completion of a participant's sixth year of service. Participants will earn a year of service if they work at least 1,000 hours during any Plan year. Additionally, a participant will become 100% vested in all contributions plus actual earnings thereon if a participant terminates employment due to death, disability or retirement upon reaching normal retirement at age 65.

In the event a participant withdraws from the Plan before fully vesting, the unvested portion of matching contributions, including earnings thereon, is forfeited. Forfeitures may reduce the amount of future Company matching Contributions or may be used to pay for administrative expenses of the Plan, at the discretion of the Company's board of directors. During the year ended December 31, 2021, total forfeitures were $5,660.

Investments – Each participant has the option to direct investment of the funds in their account into one or more of the investment funds designated by the Company and by John Hancock (the "Custodian"). Participants can elect to invest their account balance among various investment funds offered by John Hancock. Each of these John Hancock choices is a pooled separate account.

Income earned by each investment fund, including unrealized appreciation or depreciation, is allocated pro rata to the participants' accounts based on each participant's balance in the respective fund. Asset management fees are allocated by the Custodian to each of the funds and then are allocated to the participants' accounts based on each participant's balance in the fund.

Notes Receivables from Participants – Participants employed by the Company may borrow from their fund accounts a minimum of $1,000 and up to a maximum of $50,000 or 50% of the value of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, bear interest at a reasonable rate of interest, typically 5.0%, and are repaid in installments over a period not to exceed 60 months (120 months for principal residence loans).

Termination of the Plan – The Company has the right under the Amended Plan Agreement to suspend or discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts without regard to the number of years of service.

Subsequent events – For the year-ended December 31, 2021, the Company has evaluated subsequent events for potential recognition and disclosure through October 13, 2022, the date of the financial statement issuance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. The financial statements present the net assets available for benefits and changes in net assets available for benefits.

Cash and Cash Equivalents – The Plan considers any short-term, highly liquid instruments purchased with an original maturity date of three months or less to be cash equivalents.

Notes Receivables from Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. As of December 31, 2021, no loans were considered delinquent.

Valuation of Investments and Investment Income Recognition – The Plan's investments at December 31, 2021 and 2020, are in pooled separate accounts maintained by the Custodian. The Plan records its investments at fair value as reported by the Custodian. Fair value is based on quoted market prices of the securities underlying pooled separate accounts at December 31, 2021 and 2020.

Realized gain or loss on the sale of an investment is the difference between the proceeds received and the cost of the investment sold. The change during a period in the fair value of investments plus realized gains or losses and actual interest and dividends paid is recorded in the Statement of Changes in Net Assets Available for Benefits as "Net appreciation (depreciation) in investments".

Payment of benefits – Benefits are recorded when paid. As of December 31, 2021 and 2020, there were no amounts allocated to participants who have elected to withdraw but have not yet been paid.

Federal Income Taxes – The Internal Revenue Service ("IRS") issued a determination letter in March 2008 indicating that the volume submitter profit sharing plan, under which the Plan was created, qualifies under Section 401(a) of the IRC. The Plan's administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision is made for Federal income tax in the Plan's financial statements. The Company files tax returns in U.S. federal jurisdiction. As of December 31, 2021, the tax years that remain subject to examination begin with 2015.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan provides participants with various investment fund options. Participants may choose to invest their funds in any combination of these investment options. The underlying securities owned by these investment funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Reclassification – Certain prior year amounts have been reclassified to conform to the current year presentation.

3. NOTES RECEIVABLES FROM PARTICIPANTS

As of December 31, 2021 and 2020, the balances outstanding on participant loans were $162,472 and $140,241, respectively, maturing at various dates through October 2026. During the year ended December 31, 2021, the aggregate amount of loans made to participants was $95,925, the aggregate amount of principal payments received from participants and deemed distributions to participants was $73,694. During the year ended December 31, 2020, the aggregate amount of loans made to participants was $41,000, the aggregate amount of principal payments received from participants and deemed distributions to participants was $63,898.

As of December 31, 2021 and 2020, interest rates on loans outstanding were 5.0%. During the year ended December 31, 2021, interest charged on outstanding loans amounted to $7,424.

4. FAIR VALUE MEASUREMENT

Generally accepted account principals establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the framework are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in pooled separate accounts: Valued at the fair value of the underlying investments in the funds which are publicly traded investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market applications, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments in pooled separate accounts	$ -	$ 5,047,761	$ -	$ 5,047,761
Total assets at fair value	$ -	$ 5,047,761	$ -	$ 5,047,761

	Assets at Fair Value as of December 31, 2020			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments in pooled separate accounts	$ -	$ 4,542,015	$ -	$ 4,542,015
Total assets at fair value	$ -	$ 4,542,015	$ -	$ 4,542,015

5. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2021 and 2020, the Plan's investments were held by the Custodian. The following is a summary of the Plan's investment information, included in the financial statements and supplemental schedules that was prepared by, or derived from, information provided by the Custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that the information is complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The value of assets at December 31, 2021 and 2020, and as reported by the Custodian is summarized as follows:

	December 31, 2021	December 31, 2020
Cash and cash equivalent	$ 4,529	$ 369

	December 31, 2021	December 31, 2020
Pooled separate accounts	$ 5,047,761	$ 4,542,015

Investment activity for the year ended December 31, 2021, as reported by the Custodian is summarized as follows:

Net appreciation in pooled separate accounts	$ 652,320

Information included in the supplemental schedule of assets held for investment purposes as of December 31, 2021, and schedule of reportable transactions for the year ended December 31, 2021, includes information certified by the Custodian.
