NOTE 1 - DESCRIPTION OF PLAN

The following description of the iGATE Corporation 401(k) Plan (Plan) is provided for general information purposes only. More complete information regarding Plan provisions may be found in the Plan document.

General - The Plan, effective January 1, 1995, is a defined contribution 401(k) plan intended to comply with the provisions of Section 401(a) and 401(k) of the Internal Revenue Code (IRC). Effective May 12, 2003, all employees of iGATE Corporation (Company) may become participants of the Plan on the first day of the month coinciding with or immediately following their date of employment, as defined by the Plan. Previously, employees were allowed to become participants on the next entry date following six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - Under the trust agreement, Fidelity Management Trust Company (Fidelity) was appointed trustee for the Plan. The Company's Board of Directors administers the Plan. The Plan administrator has the power to interpret provisions of the Plan, decide any disputes that may arise with regard to the rights of participants and, in general, to direct the administration of the Plan. Effective January 1, 2010, the Plan has appointed PENSERVCO, Inc. as the trustee of the Plan.

Contributions - Participants may contribute through salary reduction up to 60% of total compensation, as defined, subject to statutory limitations and certain restrictions as defined by the Plan.

Refunds Payable - Refunds due to participants of contributions in excess of limitations under the IRC are included as refunds payable in the accompanying statements of net assets available for benefits.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on account balances, as defined.

Vesting - Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Benefit Payments – Upon termination of service due to death, disability, retirement or other reasons, the employer may elect to distribute as a lump sum an amount equal to the value of the participant's vested interest in the account. If an account balance exceeds $5,000, the participant may delay payment of their benefit until April 1of the year following the year of attaining 70½. Benefits are recorded when paid.

Investments - Participant-directed accounts may be invested in various investment options. The trustee maintains and monitors these accounts. Information regarding the detail of individual investments held by the Plan's trustee at December 31, 2009 and 2008 and the significant investment transactions during the year then ended is contained in the individual fund prospectus, which is available upon request from the Plan administrator.

Participant Loans - The Plan administrator has the power to make loans against a participant's account at the request of a participant. The total of such loans from the Plan to a participant will not exceed the lesser of the following amounts:

a. $50,000 reduced by the highest outstanding loan balance during the prior 12 months, or
b. An amount equal to 50% of any participant's current vested account balance.

The minimum loan amount is $1,000. The period of payment for participant loans will be a maximum of five years or longer if for the purchase of a primary residence. Each loan will bear interest at a rate commensurate with local financial institutions for similar loans at the time the loan is made as determined by the Plan administrator. Principal and interest are paid ratably, generally through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures - Forfeitures from participants who terminate employment are used to pay the Company's administrative expenses of the Plan. Total forfeitures available for the Plan by the Company totaled approximately $75,000 at December 31, 2009.

Transfers - On September 30, 2008, the Plan sponsor completed a spin-off that created an independent company for all Mastech Holdings, Inc. (Mastech) employees. As a result, all Mastech employee funds in the Plan were transferred into the Mastech Holdings, Inc. 401(k) Plan on October 3, 2008.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Codification - During 2009, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Codification (Codification) and its hierarchy of generally accepted accounting principles (GAAP). Effective July 1, 2009, the Codification became the single source of authoritative nongovernmental United States GAAP, superseding existing FASB, American Institute of Certified Public Accountants, Emerging Issues Task Force and related literature. The Codification eliminates the previous GAAP hierarchy and establishes one level of authoritative GAAP. Since the Codification was not intended to change existing GAAP, it did not have any impact on the Plan's financial statements other than the manner in which GAAP is referenced.

Basis of Accounting - The accounts of the Plan are maintained on the accrual basis of accounting. Currently, expenses incurred by the Plan administrator, trustee and legal counsel for their services and cost in administering the Plan are paid directly by the Company.

Guaranteed Investment Contracts - As of December 31, 2006, the management of the Plan adopted the FASB ASC Topic 962, Plan Accounting – Defined Contributions, which requires the statement of net assets available for benefits to present the fair value of the Plan's investments as well as the adjustment from fair value to contract value of the fully benefit-responsible investment contracts.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year

Net Appreciation in Fair Value of Investments - Net realized and unrealized appreciation is allocated based on the ratio that the participant's account balance bears to the aggregate of all participant account balances each business day of the plan year, excluding loans and withdrawals where applicable.

Benefit Payments - Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes - Effective January 1, 2009, the Plan implemented the Accounting for Uncertainty in Income Taxes topic of the Codification. The topic clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes recognition thresholds and measurement principles for financial statement disclosure of tax positions to be taken on a tax return. This topic also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Plan has not identified any material uncertain tax positions requiring an accrual or disclosure in the financial statements. The adoption of this topic did not have a significant impact on the Plan's financial statements.

Risks and Uncertainties - The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - Subsequent events are defined as events or transactions that occur after the balance sheet date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 6, 2010, the date on which the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The trustee of the Plan held the Plan's investments and executed transactions therein.

The Plan's investments are stated at fair market value. The fair market value of individual assets that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2009	2008
Fidelity Contrafund	$ 2,697,174	$ 2,758,877
Fidelity Magellan Fund	1,726,681	1,688,691
Fidelity Diversified International Fund	1,391,484	1,180,345
Fidelity Puritan Fund	836,435	854,665
Fidelity Low Priced Stock Fund	734,395	785,219
Fidelity Managed Income Portfolio	730,792	811,545
Spartan U.S. Equity Index Fund	705,968	760,263
Fidelity Intermediate Bond Fund	560,420	520,919

All appreciation of the Plan's investments was related to investments in mutual funds.

NOTE 4 - TAX STATUS

The Plan is a prototype plan that uses the corporate plan for Retirement Plan and Trust Document sponsored by Fidelity. The Internal Revenue Service has determined and informed the Company, by letter dated July 16, 2004, that the Plan and related Trust are designed in accordance with the sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend, terminate or partially terminate the Plan at any time subject to certain provisions of the Plan agreement. In the event the Plan is terminated, assets will be allocated to each participant based on his/her respective account balances after payment of all final liquidation or termination expenses pursuant to the direction of the Plan administrator.

NOTE 6 - INFORMATION PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2009 and 2008.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2009.
- The schedule of assets (held at end of year) as of December 31, 2009 as shown in the supplemental schedule.

The Plan's independent public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 7 - FAIR VALUE MEASUREMENTS

The Plan applies the provisions of the Codification topic, Fair Value Measurements and Disclosures, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lower priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under are described below:

Level 1 - Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

A description of the valuation methodologies used for assets measured at fair value is as follows. There have been no changes in the methodologies used at December 31, 2009 and 2008:

Mutual Funds - Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed Investment Contract - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Participant Loans - Valued at amortized cost, which approximates fair value.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2009, the Plan's assets at fair value set forth by level, within the fair value hierarchy, are as follows:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Assets:				
Growth funds	$ 5,922,848	-	-	$ 5,922,848
Blend funds	2,515,148	-	-	2,515,148
Value funds	734,395	-	-	734,395
Bond funds	560,420	-	-	560,420
Money market funds	68,999	-	-	68,999
Total mutual funds	9,801,810	-	-	9,801,810
Guaranteed investment contract	-	$ 730,792	-	730,792
Participant loans	-	-	$ 7,518	7,518
Total assets at fair value	$ 9,801,810	$ 730,792	$ 7,518	$ 10,540,120

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009.

Balance, beginning of year	$ 2,776
Issuances and settlements, net	4,742
Balance, end of year	$ 7,518

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

As of December 31, 2008, the Plan's assets at fair value set forth by level, within the fair value hierarchy, are as follows:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,752,191	-	-	$ 9,752,191
Guaranteed investment contract	-	$ 811,545	-	811,545
Participant loans	-	-	$ 2,776	2,776
Total assets at fair value	$ 9,752,191	$ 811,545	$ 2,776	$ 10,566,512

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements at December 31, 2009 to the Form 5500 is as follows:

Net assets available for benefits per the financial statements	$ 10,553,709
Adjustment from contract value to fair value for interest in fully benefit-responsive investment contracts	(13,589)
Net assets available for benefits per the Form 5500	$ 10,540,120

The accompanying financial statements present the interest in a common collective trust relating to fully benefit-responsive investment contracts at contract value. The Form 5500 requires the interest in a common collective trust relating to fully benefit-responsive investment contracts to be reported at fair value. Therefore, the adjustment from contract value to fair value for interest in a common collective trust relating to fully benefit-responsive investment contracts represents a reconciling item.
