REPORT OF INDEPENDENT AUDITORS

To the Administrative Committee of
PWP Industries 401(k) Retirement Plan
Vernon, California

We were engaged to audit the financial statements (modified cash basis) and supplemental schedule (modified cash basis) of PWP Industries 401(k) Retirement Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by JPMorgan Chase Bank N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, the accompanying financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PWP INDUSTRIES
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the PWP Industries 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Background: Effective January 1, 2000, PWP Industries (the "Company") established a 401(k) savings plan and related trust, qualifying under Section 401(a) of the Internal Revenue Code ("IRC"), for the benefit of employees of the Company.

General: The Plan is a participant directed defined contribution plan covering all employees of the Company who have completed at least six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Contributions: Each participant may elect to contribute to the Plan from 1% to 90% of eligible compensation, subject to limitations imposed by law. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company, at the discretion of its board of directors may make a profit sharing contribution to the Plan. During 2009, the Company made matching contributions equal to 100% of the participant's elective deferrals not to exceed \$1,000 per participant.

Participant Accounts: Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of any Plan earnings, and would be charged for Plan losses and expenses. Earnings and losses are allocated by fund based on participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: Upon termination of the participant's employment, forfeitures of nonvested portions of the participant's account will be used to reduce the employer's contribution to the Plan. If the employer does not make a contribution, the forfeitures will be treated as the employer's contribution for that year. Forfeitures amounting to \$6,202 and \$17,219 were applied to employer matching contributions during the year ended December 31, 2009 and 2008, respectively.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. The Company's discretionary contributions and related investment earnings vest as follows:

<u>Years of Service</u>	<u>Cumulative Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: Upon termination of service due to disability, retirement or death, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of his or her account or convert the account balance to an annuity. Other withdrawals and loans from the Plan may be made under certain circumstances, as defined in the Plan agreement.

Participant Loans: Participants may borrow from their own account a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are made on a uniform and non-discriminatory basis, secured by the participant's account, bear a reasonable rate of interest, and have a defined repayment schedule.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared using the modified cash basis of accounting, which is a method of accounting acceptable under Department of Labor (DOL) regulations. It differs from accounting principles generally accepted in the United States of America as contributions, interest and dividend income, and administrative expenses are accounted for on the cash basis. Benefits are also recorded when paid.

Use of Estimates: The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses: The Company pays legal and audit fees on behalf of the Plan. The Plan pays administrative fees.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Registered investment company funds: The fair values of registered investment company fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trusts: The fair values of participation units held in collective trusts, other than stable value funds, are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The investment objectives and underlying investments of the collective trusts vary, with some holding diversified portfolios of domestic stocks and open-ended mutual funds, some holding securities of U.S. Companies in a particular industry sector, some holding short-term and/or medium-term corporate, government and government agency bonds, and others holding a blend of various domestic stocks, bonds and mutual funds. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 3 inputs). The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund provides for daily monthly redemptions by the Plan at reported net asset value per share, with no advance notice requirements.

Participant loans: Participant loans are reported at their outstanding balances, as the fair value of the loans is not practicable to estimate due to restrictions placed on the transferability of the loans.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The table below presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (level 3) for the year ended December 31, 2009, including the reporting classifications for the applicable gains and losses included in the statement of changes in net assets available for benefits:

	Fair Value Measurements Using Significant <u>Unobservable Inputs (Level 3)</u>
Stable Value Fund	
Beginning balance, January 1, 2009	\$ 593,946
Included in change in net assets available for benefits:	
Net appreciation in fair value of investments	12,708
Purchases, sales, issuances and settlements, net	<u>253,860</u>
Ending balance, December 31, 2009	<u>\$ 860,514</u>

Included in the Plan's 2009 statement of changes in net assets available for benefits is \$12,708 of unrealized appreciation pertaining to level 3 investments that are still held by the Plan as of December 31, 2009.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund. No adjustments from fair value to contract value are presented in the statements of net assets available for benefits, as the amounts of the adjustments have been determined to be immaterial.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - INCOME TAX STATUS

The Plan document is a prototype plan provided by ADP, the record keeper of the Plan. The Internal Revenue Service has determined and informed ADP by a letter dated March 31, 2008, that the plan is designed in accordance with applicable sections of the Internal Revenue Code and is therefore tax-exempt. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INVESTMENTS – UNAUDITED INFORMATION

JPMorgan Chase Bank N.A., the trustee of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

The following presents investments of the Plan that represent 5 % or more of the Plan's net assets available for benefits at December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Collective Trust Funds:		
SSGA Life Solutions Balanced	\$ 241,361	\$ 176,041
SSGA Life Solutions Growth	214,900	175,103
SSGA Life Solutions Inc. and Growth	244,887	159,975

Virtus Foreign Opportunities A	225,055	143,627
T. Rowe Price Mid-Cap Value-R	192,618	-
Victory Diversified Stock-A	188,476	-

During the year ended December 31, 2009, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Collective trusts	\$ 172,628
Mutual funds	<u>393,846</u>
	<u>\$ 566,474</u>

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees for trustee services were paid by the Plan sponsor during the year ended December 31, 2009. The Plan held party-in-interest investments in the form of participant loans in the amount of \$208,404 and \$155,761 as of December 31, 2009 and 2008, respectively.
