INDEPENDENT AUDITORS' REPORT

(WITH SUPPLEMENTAL INFORMATION)

DECEMBER 31, 2021 and 2020

Independent Auditors' Report

To the Trustees of the
L & G Concrete Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of L & G Concrete Companies 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of L & G Concrete Companies 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of L & G Concrete Companies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about L & G Concrete Companies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of L & G Concrete Companies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about L & G Concrete Companies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) December 31, 2021 and Line 4(a) – Schedule of Delinquent Participant Contributions, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Trustees of the
L & G Concrete Companies 401(k) Plan

We were engaged to audit the accompanying financial statements of L & G Concrete Companies 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Great-West Life & Annuity Insurance Company ("Great-West") the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Great-West held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustees as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

L & G CONCRETE COMPANIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the L & G Concrete Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and Plan amendments for a more comprehensive description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of L & G Concrete Construction, Inc., L & G Concrete Equipment, Ltd. and L & G Transport Services, LLC (collectively, the Employer), who have one year of service and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It is also a Safe Harbor Plan whereby all employees, even company owners, can make the maximum allowable contributions without concern for the IRS non-discrimination testing.

2. Contributions

For the Plan year ended December 31, 2021, under the salary reduction agreement, participants were eligible to contribute up to $19,500 of pre-tax annual compensation, as defined in the Plan. Plan participants are also allowed to make post-tax Roth contributions. Participants who attain age 50 by the end of the Plan year may make additional "catch-up" contributions of up to $6,500. Participants may also contribute amounts representing distributions form other qualified defined benefit or contribution plans. Any fee or expense paid, directly or indirectly, by the Employer is not considered a contribution to the Plan.

A safe harbor matching contribution equal to 100% of the participant's salary deferrals that do not exceed 3% of eligible compensation, plus 50% of the participant's salary deferrals between 3% and 5% of eligible compensation will be made by the Employer.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (1) the Employer's matching contribution, (2) forfeitures of terminated participants' non-vested accounts and (3) Plan earnings or losses, and charged with distributions and allocations of administrative expenses paid by the Plan, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Investment Options

A participant has the right to direct the Trustee with respect to the investment or re-investment of the assets comprising the participant's individual account (participant-directed).

5. Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A maximum of 10 loans per participant are permitted at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at reasonable rates defined as Prime + 1%. The Principal and interest is paid ratably over 5 years, or longer for the purchase of a primary residence, through regularly scheduled payroll deductions.

NOTE A – DESCRIPTION OF PLAN – Continued

6. Vesting

Participants are always 100% vested in their own contributions, including balance rolled over from other qualified plans, plus actual earnings thereon. Participants are also 100% vested in any employer Safe Harbor contributions made to their accounts.

Participants are considered 100% vested in discretionary Employer Matching contributions and discretionary Employer Profit Sharing contributions after completing 6 years of service.

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

7. Payment of Benefits and Distributions

In-service distributions are permitted from 100% vested accounts after a participant has attained age 59 1/2. Otherwise, distribution of vested accounts is permitted in the event of normal retirement (age 65), disability, death or termination of employment for reasons other than death, disability or retirement.

Distribution of vested account balances may be delayed if not otherwise required; however, 5% owners are required to begin receiving distributions not later than the April 1st following the end of the year of reaching age 70 1/2. Participants who are not 5% owner are required to begin receiving distributions not later than the April 1st following the later of the end of the year of reaching age 70 1/2 or retirement.

8. Forfeitures

If a participant terminates employment before being fully vested, the non-vested portion of the terminated participant's account balance remains in the Plan. The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan by the Employer. At December 31, 2021 forfeited contributions totaled $491. For the year ended December 31, 2021, $625 in forfeitures were utilized to pay Plan expenses or reduce employer contributions.

9. Top-heavy Status

A "top-heavy" plan benefits "key-employees" such as certain owners or officers. A plan will reach "top-heavy" status when 60% of the contributions or benefits have been allocated to these key-employees. In the event that the Plan becomes "top-heavy", the Employer will be required to contribute a minimum allocation to each "non-key" employee. The Plan is currently not "top-heavy."

NOTE B – SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

5. Excess Contributions Payable

Contributions in excess of amounts allowed by the IRS are refunded and recorded as corrective distribution payable, with a corresponding reduction to contributions. There were no excess contributions for the year ended December 31, 2021.

6. Payments of Benefits

Benefits are recorded when paid except when corrective distributions are accrued at year end.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Continued

7. Expenses

For the year ended December 31, 2021, no expenses of the Plan were paid by the Employer. Investment-related expenses are included in net appreciation in fair value of investments. Fees for administration of notes receivable from participants and fees paid in connection with the Plan's annual financial audit are included in administrative expenses and charged directly to participant accounts.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same – to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (exit price).

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to measure the fair value of certain financial instruments could result in a difference at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

The plan follows the Financial Accounting Standards Board (FASB) issued ASU 2015-07, which removes the requirement for reporting entities to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are measured at fair value using the net asset value per share practical expedient.

In addition, the plan follows the FASB issued ASU 2015-12, which permits a reporting entity to measure, present and disclose fully benefit-responsive contacts at contract value. ASU 2015-12 also eliminates the requirement for plans to disclose (1) individual investments that represent five percent or more of net assets available for benefits, and (2) the net appreciation or depreciation by general type.

The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. ASU 2015-12 also removes the requirements to disaggregate investments of employee benefit plans by nature, characteristics and risks and requires that these investments be grouped only by general type.

Following is a description of the valuation methodologies used for assets measured at fair value and contract value:

- *Pooled Separate Accounts*: Talcott Resolution Life Insurance Company (TRLIC) issues to Plan Sponsors group annuity contracts or funding agreements that include variable investment offerings through Pooled Separate Accounts. These unregistered Pooled Separate Accounts are divided into investment divisions call "Sub-Accounts." Each Sub-Account invests in shares of an underlying mutual fund. Sub-Account values are measured in terms of "Accumulation Units." The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange (NYSE) is open for trading, as of the close of the NYSE on that day (this is called the "Valuation Day"). To determine the current Accumulation Unit Value for a Sub-Account, the prior Valuation Day's Accumulation Unit Value is multiplied by the Net Investment Factor. The Net Investment Factor is used to measure the investment performance of a Sub-Account form one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value (NAV) per share of the underlying Fund held in the Sub-Account at the end of each prior Valuation Day, minus any daily mortality and expense risk and administration charges, if applicable. The shares of the underlying Fund are valued at NAV on a daily basis.

- *Fixed Income Account*: The Fixed Income Account investment option is provided through a Group Annuity Contract. Under the terms of the contract, a crediting rate is established for amounts invested in the Fixed Income Account. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their respective account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. This investment option is considered to be fully benefit responsive, not-withstanding liquidation value events under the Group Annuity Contract that limit the ability of the Plan to transact at Contract Value. The Plan considers Contract Value to be the relevant measurement attributed because it is the amount participants in the Fund would receive if they were to initiate permitted transactions, such as withdrawals, under the terms of the underlying defined contribution plan.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

- *Fixed Income Account – Continued:*

There are no reserves against contract value for credit risk of the contract issuer or otherwise. TRLIC guarantees a minimum rate of interest which are subject to TRLIC's claims-paying ability. The declared interest rate for the year ended December 31, 2021 was 1.25%. The Plan determines fair value of its investments using the market approach. Fixed Income Account assets at contract value totaled $61,530 and $51,531 at December 31, 2021 and 2020, respectively. TRLIC generally processes distributions and transfers from the Fixed Account within a reasonable period of time after a participant request is received in good order. However, under certain conditions, transfers from the Fixed Income Account may be limited or deferred, and distributions may be subject to a market value adjustment. Such conditions include (a) amendments to the Plan documents (including complete or partial termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (such as divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different form contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2021, and 2020.

	Fair Value Measurements at December 31, 2021			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Total
Measured on a daily basis:				
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Fixed income account (a)				61,530
Pooled separate accounts (a)				4,005,320
Total investments				$ 4,066,850

(a) These investments are valued using net asset value as a practical expedient and contract value and therefore have not been classified.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

	Fair Value Measurements at December 31, 2020			
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Total
Measured on a daily basis:				
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Fixed income account (a)				51,531
Pooled separate accounts (a)				3,267,470
Total investments				$ 3,319,001

(a) These investments are valued using net asset value as a practical expedient and contract value and therefore have not been classified.

The carrying value of employer receivables, participant receivables, other receivables and accrued administrative expenses included in the accompanying statement of net assets available for benefits approximate their fair values at December 31, 2021 and 2020 due to their relative short-term nature.

NOTE D – TAX STATUS

The Internal Revenue Service has determined by letter dated November 30, 2020 that the Prototype Plan described as a Volume Submitter Profit Sharing Plan with CODA submitted by Loren D. Stark Company, Inc. is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The IRS letter indicates that the letter is not a ruling as to whether an employer's plan qualifies under Code section 401(a). However, an employer that adopts this plan may rely on this letter with respect to the qualification of it plan under Code section 401(a). The letter also states that the terms of the plan must be followed in operation to remain qualified. Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Consequently, no provision for income taxes has been included in the Plan's financial statements.

The Plan's Form 5500 is subject to examination by the IRS for the years ending December 31, 2018 through December 31, 2021.

NOTE E – INVESTMENTS AS PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements for the years ended December 31, 2021 and 2020, and supplemental schedule for the year ended December 31, 2021 was obtained from data that has been prepared and certified as complete and accurate by the trustee representative, Great-West Life & Annuity Insurance Company.

NOTE F – PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Employer does not intend to terminate the plan.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by affiliates of Massachusetts Mutual Financial Group (MassMutual). MassMutual is the administrative service provider of the Plan assets and acts on behalf of Talcott Resolution Life Insurance Company, the issuer of the Plan's investment contracts. Therefore, these transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants, which also qualify as party-in-interest transactions. Other parties-in-interest include the Plan Sponsor (the Employer). Certain employees of the Employer provide administrative and support services for the Plan, for which these employees are not compensated by the Plan.

The outstanding balance of the Plan's notes receivable from participants totaled $379,407 as of December 31, 2021.

NOTE H – TERMINATED PARTICIPANTS

The vested amount due to terminated participants totaled $200,080 and $132,549 at December 31, 2021 and 2020, respectively.

NOTE I – ROLLOVER CONTRIBUTIONS

An aggregate of $6,000 was rolled into the Plan during the year ended December 31, 2021, and is included in rollovers on the statement of changes in net assets available for benefits.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RISKS AND UNCERTAINTIES – Continued

On March 1, 2020, the President of the United States declared a National Health Emergency due to the COVID-19 known as Coronavirus. Action taken by government include but are not limited to shelter in place orders, required social distancing, and on-going payments to employees during the periods of the shutdown. Because of this National Health Emergency, the ultimate effect on the Plan's Sponsor, participants, and other critical resources necessary to maintain the Plan is uncertain. Accordingly, these financial statements have not been adjusted for these uncertainties.

The United States and global markets experienced significant declines in value resulting from uncertainty caused by the world-wide coronavirus pandemic. The Plan's financial statements do not include adjustments to fair value that have resulted from these declines.

NOTE L– RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

NOTE M – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2021, the Plan Sponsor was delinquent in remitting employee salary deferrals one time in the amount of $66. The Plan's management will contact the Department of Labor to correct the late remittances under the Voluntary Fiduciary Correction Program in the subsequent period. Loss of earnings and excise taxes will be calculated then
