St. Luke Community Hospital and Nursing Home Employee Pension Plan
Ronan, MT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of St. Luke Community Hospital and Nursing Home Employee Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of St. Luke Community Hospital and Nursing Home Employee Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying financial statements of St. Luke Community Hospital and Nursing Home Employee Pension Plan. Because of the significance of the matter discussed in the Basis for Disclaimer of Opinion section of this report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer Opinion on the 2021 Financial Statements

The Plan's records are not adequate to ensure the completeness and accuracy of participants' data on which benefit payments are determined, and we were unable to perform any other auditing procedures with respect to participant's data maintained by MFS Heritage Trust Company and ReliaStar Life Insurance Company.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Luke Community Hospital and Nursing Home Employee Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of St. Luke Community Hospital and Nursing Home Employee Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about St. Luke Community Hospital and Nursing Home Employee Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Our responsibility is to conduct an audit of St. Luke Community Hospital and Nursing Home Employee Pension Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. We are required to be independent of and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on the 2020 Financial Statements

We were engaged to audit the accompanying financial statements of net assets available for benefits of St. Luke Community Hospital and Nursing Home Employee Pension Plan as of December 31 2020, and the related notes to the financial statements.

Management's Responsibility for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2020 Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2021 and 2020, and for year ended December 31, 2021, that the information provided to the plan administrator by the Custodian is complete and accurate.

The Plan's records are not adequate to ensure the completeness and accuracy of participants' data on which benefit payments are determined, and we were unable to perform any other auditing procedures with respect to participant's data maintained by MFS Heritage Trust Company and ReliaStar Life Insurance Company.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations for the 2020 Financial Statements

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

St. Luke Community Hospital and Nursing Home Employee Pension Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the St. Luke Community Hospital and Nursing Home Employee Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established for a not-for-profit organization, commonly known as a Code Section 403(b) savings plan. St. Luke Community Hospital & Nursing Home (the "Hospital") is the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants may choose to direct their contributions and/or all or part of their account balances among the Plan's investment alternatives. All investments are participant-directed.

Eligibility

Eligible employees include all employees of the Hospital, who work more than 20 hours a week. Employees are eligible to participate in the Plan on the date of hire. Employees who meet a year of service during the plan year are eligible to receive an employer nonelective contribution.

Contributions

Each year, participants may contribute up to the maximum allowed by law (Internal Revenue Code Sections 402(g) and 415) of pretax or post tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Hospital contributes 4% of base compensation to employees who participate in the Plan and who have met one year of service based on elapsed time. During the year ended December 31, 2021, the Hospital made contributions of $671,228.

Participant Accounts

Each participant's account is credited with the participant's contributions, Hospital nonelective contributions, and allocations of plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Hospital's contribution portion of a participant's account is also immediate.

Payment of Benefits

On termination of service due to death, disability or retirement, or for any other reason, a participant or beneficiary may elect to receive an amount equal to the value of the participant's account in the form of a lump-sum distribution or substantially equal installments over a period of years not to exceed the participant's life expectancy. Hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. In-service distributions from the participants entire account is permitted upon attaining age 59 1/2.

Notes Receivable From Participants

Participants may borrow from their Nationwide Trust Company account a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance (reduced by certain participant loans outstanding at the time the new loan is taken or anytime within 12 months prior to the date of the new loan). Loan transactions are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Participants may borrow directly from their ReliaStar Life Insurance Company account and use their plan account balance as collateral for the loan. Amounts used as collateral for the participant loans are invested in the fixed annuity investment option for ReliaStar Life Insurance Company. The collateral must be equal to 100% of the loan, and payments on the loan are made outside of payroll deductions and the Plan.

Notes receivable totaling $275,984 and $336,409 were collateralized by participant accounts for the years ended December 31, 2021 and 2020, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are held within mutual funds and annuity contracts. Mutual funds are reported at fair value and group and individual annuity contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Interest income is recorded on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Plan Amendments

The Plan intends to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available, for coronavirus related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022.

Note 3: Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, (the Custodian of the Plan).

Note 4: Information Not Certified by Custodian

MFS Heritage Trust Company and ReliaStar Life Insurance Company were not able to certify the investments held and therefore, did not provide a certification for the assets held as of December 31, 2021 and 2020.

Note 5: Investment Contracts

The Plan invests in annuity contracts with ReliaStar Life Insurance Company. ReliaStar Life Insurance Company maintains the participant accounts in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. ReliaStar Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but ranges from 1.00% to 3.00%. ReliaStar Life Insurance Company can credit a rate higher than the minimum guarantee at any time. For the years ended December 31, 2021 and 2020, the average yield and crediting interest rate was 1.00% to 3.00%.

Certain events limit the Plan's ability to transact at contract value with ReliaStar Life Insurance Company including plan termination and other events as specified in the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The contract does not permit ReliaStar Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

Note 6: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,625,600	$ -	$ -	$ 17,625,600
Total investment assets in the fair value hierarchy	$ 17,625,600	$ -	$ -	$ 17,625,600

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

Transfers Between Levels

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Excluded Amounts

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and salary deferral records related to the Plan's 403(b) annuity contracts and custodial accounts issued to employees were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, of the completeness or accuracy of the Plan's financial statements cannot be determined.

Accounting principles generally accepted in the United States require that all accounts and the related income and distributions be included in the accompanying financial statements. However, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts ("Excluded Amounts") issued to employees, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded amounts and the related income and distributions are not determinable.

Note 9: Tax Status

The Plan's terms have been drafted in reliance on the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the exclusion from tax for plan participants. The Plan's management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 9: Tax Status (Continued)

The Plan applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Plan had determined that it is subject to examination of its income tax filings in the United States and state jurisdictions for the prior three tax years. In the event that the Plan is assessed penalties and or interest, penalties and interest will be charged to administrative expenses.

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 11: Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in fixed annuity contracts managed by ReliaStar Life Insurance Company. ReliaStar Life Insurance Company is a custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were offset against earnings for the year ended December 31, 2021.

The Plan invests in mutual funds managed by Nationwide Trust Company. Nationwide Trust Company is a custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were $53,900 for the year ended December 31, 2021.

Loans issued directly from funds owned by ReliaStar Life Insurance Company that are collateralized by participant accounts represent transactions with parties in interest.

Notes receivable from participants issued by Nationwide Trust Company also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 12: Subsequent Events

In accordance with ASC 855, the Plan has evaluated all subsequent events through October 12, 2022, which is the date the financial statements were available to be issued. The Plan has determined there were no such events that require further disclosure.
