INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator,
Low Income Investment Fund 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of the Low Income Investment Fund 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

27-B

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Auditor's Report on the 2020 Financial Statements

Lindquist LLP, who joined WithumSmith+Brown, PC effective January 1, 2022, was engaged to audit the financial statements of the Plan for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed Lindquist LLP not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. In their report dated October 8, 2021, Lindquist LLP indicated that (a) because of the significance of the information that we did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, Fair Value Measurements and Disclosures. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 – Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

The asset's fair value measurement level withing the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Variable investment funds: The Plan invests in variable investment funds, otherwise known as pooled separate accounts. Each variable investment fund invests in one distinct mutual fund. Because the variable investment funds do not have a quoted price, the net asset value is being used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the underlying assets held by the fund less its liabilities. In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

Group annuity contract with insurance company: The Plan holds an insurance contract with Voya Retirement Insurance and Annuity Company (VOYA). VOYA valued the contract at contract value, which is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive insurance contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is fully benefit-responsive and does not have any liquidity or redemption restrictions.

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions Receivable - Employer contributions receivable is based on an annual safe harbor true-up calculation performed after year-end and comprises contributions due and not paid prior to year-end. Allowance for uncollectible accounts is considered unnecessary and is not provided. For the years ended December 31, 2021 and 2020, the Plan had employer safe harbor contributions receivable net of forfeitures totaling $28,225 and $22,741, respectively.

Benefit Payments
Participant withdrawals and termination payments are recorded when paid.

Administrative Expenses
Certain expenses incurred for administering the Plan are paid by the Plan's sponsor, Low Income Investment Fund (the Company). The Company also provides administrative services to the Plan at no charge. Fees related to the administration of notes receivable from participants and related to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in variable investment funds and a fixed account. Such investments are exposed to various risks, such as interest rate, market fluctuations and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

2. DESCRIPTION OF PLAN

The following description of Low Income Investment Fund. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was effective January 1, 2001, and is a defined contribution plan covering all eligible employees of the Company with exceptions to certain classes of employees defined by the Plan. Employees become eligible upon attaining 21 years of age and 12 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions

The Plan allows participants to contribute up to 100% of pre-tax or Roth annual compensation, as defined in the Plan, not to exceed the limit established by law. The limit for Plan years 2021 and 2020 was $19,500. A participant who attains age 50 or older by the end of the Plan year can elect to defer additional amounts, called "catch-up contributions," to the Plan. The catch-up contribution limit for 2021 and 2020 was $6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Employer Contributions

The Company makes a safe harbor match contribution equal to: (i) 100% of the matched employee contributions that are not in excess of 3% of compensation, plus (ii) 50% of the amount of the contributions that exceed 3% of compensation but that do not exceed 5% of compensation. The Company may also make discretionary non-safe harbor matching contributions in addition to the preceding. The Company may, at its discretion, make a profit sharing contribution, which participants would proportionally share. No non-safe harbor matching or profit sharing contributions were made for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contribution, the Company's contribution and earnings, and is charged with an allocation of expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the non-safe harbor matching and discretionary contribution portions of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested after one year of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participant notes are secured by the participant's account balance. Participant notes must bear a reasonable rate of interest and are to be repaid through payroll deductions, in installments, not over five years. However, note terms for the purchase of a participant's principal residence may be up to 30 years. Interest rates ranged from 3.25% to 4.75% at December 31, 2021 and 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment options daily and reallocate contributions among investment funds at any time.

Benefits

On retirement, disability, death or termination of service, a participant may receive a lump sum or a rollover amount equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan Agreement. The Plan allows installment payments or in-service withdrawals under certain conditions.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $12,886 and $12,873, respectively. These accounts will be used to reduce future employer contributions.

3. TAX STATUS

The Company has adopted a volume submitter plan document that received an opinion letter from the Internal Revenue Service, dated June 30, 2020, indicating that the form of the volume submitter plan is designed in accordance with the applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended, the Company and the Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2018.

4. CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a group annuity contract with Voya Retirement Insurance and Annuity Company (VOYA) in which participant deferrals are invested into VOYA's general assets. The contract is fully benefit responsive. Accordingly, the contract value is the relevant measurement attribute for the portion of the net assets available for the benefits attributable to the contract. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and any applicable fees. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, regardless of market conditions. Contract value is guaranteed by the full faith and credit of VOYA. Contract value of the group annuity contract totaled $662,175 and $1,013,374 as of December 31, 2021 and 2020, respectively.

Certain events may potentially limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and liberalization of Plan withdrawal or transfer rates. In addition, VOYA may terminate the contract at any time effective as of the first day of the next quarter after advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE

Following is a summary of the Plan's commitments and investments in certain entities that calculate net asset value, December 31, 2021 and 2020, are as follows:

These variable investment funds invest in:

{a} A diversified portfolio of fixed-income funds, with an objective of seeking income or growth of income, with less emphasis on capital appreciation.

{b} A portfolio that is balanced to meet the current target or allocation of the fund, with an objective of seeking the best adjusted performance based on the stated objectives and target allocations appropriate for the particular fund.

{c} A portfolio of stock that invests primarily in larger, mature companies that seek long-term growth of capital or a combination of growth and income.

{d} A portfolio of large-cap growth funds that invest primarily in the stock of companies that are growing rapidly and focused on generating capital gains rather than income.

{e} A portfolio that seeks capital appreciation by investing primarily in stock of small- and medium-sized companies.

{f} A portfolio of stock of companies that are outside the United States, with an objective of seeking long-term capital appreciation.

6. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2021 and 2020. Accordingly, the trustee of the Plan assets has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2021.

- Net appreciation in fair value of investments, dividends, interest income on notes receivable from participants and other (loss) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

7. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's participants will be fully vested in all benefits earned to date.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments that are managed by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, for the years ended December 31, 2021 and 2020. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

9. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2021 for potential recognition or disclosure in the financial statements. These events were evaluated through October 17, 2022, the date the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
