NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the City County Credit Union of Fort Lauderdale Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all eligible employees of the Credit Union who have completed six months of service and have obtained the age of nineteen. Participation is allowed beginning on the first day of the quarter after they have met eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum allowed by law of pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a wide variety of mutual funds which is available through its third-party service provider, Marshall & Ilsley Trust Company, N.A. Effective August 26, 2003, the Plan adopted a Safe-Harbor arrangement. This arrangement requires the employer to match 100% on the first 3% of compensation of a participant's discretionary contribution for each payroll period, and 50% of the next 2% of compensation contributed by the participant with a maximum match of 4% of employee contributions. The Credit Union also makes a profit sharing contribution equal to 2% of an eligible employees' compensation regardless on whether the employee makes a discretionary contribution under the Safe-Harbor arrangement.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer's contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions made under the Safe-Harbor arrangement, plus any earnings thereon, are fully vested when made. Employer contributions that are designated as profit sharing contributions are fully vested after the employee has completed three years of service with no vesting in the first two years and 100% vesting at the completion of the third year of service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Otherwise, participants are entitled to 100% of their account balances when they reach retirement. Amounts allocated to terminated participants at December 31, 2009, were \$445,593.

Administrative Expenses

Administrative expenses incurred in the providing of services by the Plan's custodian, Marshall & Ilsley Trust Company, N.A., are deducted from fund earnings prior to income allocation to participants and are recorded as Plan administrative expenses. Expenses incurred in the providing of services by the Plan's administrator, CUNA Mutual Group, are paid by the Plan's sponsor, City County Credit Union of Fort Lauderdale. Total expenses absorbed by the Plan's sponsor for 2009 were \$2,805.

Forfeited Accounts

Forfeited non-vested accounts at December 31, 2009, totaled \$0. Forfeitures in 2009 and prior accumulations of forfeitures were used to reduce employer matching contributions. Total forfeitures used to reduce employer matching contributions amounted to \$1,481.

Participant Loans

The Credit Union does not allow loans under the present plan document.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in Net Assets Available for benefits is prepared on a contract basis.

Fair Value Measurement

The Plan adopted Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* effective January 1, 2008. ASC 820 establishes a framework for measuring fair value and expands disclosure of fair value measurements. The adoption of ASC 820 did not have a material impact on the financial statements or results of operations of the Plan. ASC 820 applies to all assets and liabilities that are measured and reported on a fair value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administration to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

Investments are stated at aggregate fair market values as determined by Marshall & Isley Trust Company, N.A. Net appreciation or depreciation in fair value of Plan investments is determined based on the difference between market value at the end of the year and market value at the beginning of the year or cost if acquired during the year.

Marshall & Isley Trust Company, N.A., holds the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by Marshall & Isley.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2008 financial statements presentation to correspond to the current year's format. Net assets available for benefits are unchanged due to these reclassifications.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one-hundred percent vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	The fair value is based on quoted net asset values of the shares held by the Plan at year-end.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual and stable asset funds	Valued at the net asset value (NAV) of shares held by the plan at year end.
-------------------------------	---

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008:

December 31, 2009				
	Level 1	Level 2	Level 3	Total
Stable assets funds	\$ 1,683,354	\$ 0	\$ 0	\$ 1,683,354
Mutual funds	3,645,998	0	0	3,645,998

NOTE 5 - INVESTMENTS

The following investments represent five percent or more of the Plan's net assets:

	December 31,	
	2009	2008
Stable Value Fund	\$ 1,683,354	\$ 1,544,048
Large Company Stock Fund	507,765	426,784
Lifestyle Aggressive Growth Fund	492,322	414,514
Medium/Small Company Stock Fund	463,191	311,835

Lifestyle Moderate Growth Fund	400,939	317,104
Lifestyle Conservative Growth Fund	377,136	267,984
Value Stock Fund	327,037	0

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$759,463 as follows:

Pooled separate accounts	\$ 759,463
--------------------------	------------

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan entered into a benefit-responsive deposit administration group annuity contract with CUNA Mutual Insurance Society (CUNA). CUNA maintains the contributions in an active life fund. The account is credited with interest at the rate specified in the contract and charged for participant withdrawals.

As described in Note 2, because the deposit administration group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the deposit administration group annuity contract. Contract value, as reported to the plan by CUNA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the contract at December 31, 2009 and 2008, was \$1,683,354 and \$1,544,048, respectively. The crediting interest rates ranged from 3.4 to 4.1 percent for 2009 and 2008, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent for contracts entered into in 2009 and 2008. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The deposit administration group annuity contract does permit the insurance company to terminate the agreement if the Plan has failed to make the required contributions, the sum of all amounts to be withdrawn equals or exceeds the balance in the Active Life fund, or the Plan has failed to perform as required under the contract.

NOTE 8 - TAX STATUS

The Plan is a nonstandard prototype plan provided by CUNA Mutual Insurance Society. The Plan has obtained representation from CUNA that it has received an opinion letter in which the Internal Revenue Service stated that CUNA's Prototype Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). This opinion letter does not provide the employer's Plan with the benefits it would have if it were to receive its own determination letter for the Plan as adopted by the employer. The Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 19, 2010, the date the financial statements were available to be issued. There were no recognized or unrecognized subsequent events noted for disclosure.
