Independent Auditor's Report

The Board of Trustees
Hawaii Carpenters 401(k) Fund
Honolulu, Hawaii

Opinion

We have audited the financial statements of Hawaii Carpenters 401(k) Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Hawaii Carpenters 401(k) Fund as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hawaii Carpenters 401(k) Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

4040 Campbell Ave., Ste. 200 | Menlo Park, CA 94025-1053 | T 650.522.3400 | F 650.645.7393 | EOE

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hawaii Carpenters 401(k) Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hawaii Carpenters 401(k) Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hawaii Carpenters 401(k) Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4a-schedule of delinquent participant contributions, schedule H, line 4i-schedule of assets held at end of year, and schedule H, line 4j-schedule of reportable transactions as of or for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following brief description of the Hawaii Carpenters 401(k) Fund (the Plan) is provided for general information purpose only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, a multiemployer defined contribution plan, established on September 2, 2002 for the purpose of providing retirement benefits to eligible participants covered by the Collective Bargaining Agreement between the Building Industry Labor Association of Hawaii, General Contractors Labor Association, and the Hawaii Regional Council of Carpenters, and individual employers signatory to the agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board consisting of equal representation from the participating employers and the Hawaii Carpenters Local Union.

Eligibility

All bargaining unit employees working for employers under Collective Bargaining Agreements that obligate their employers to contribute to the 401(k) Fund on their behalf are eligible to participate in the plan. Subject to the approval of the Board of Trustees, the plan also allows participation by employees of the Regional Council, the Building Industry Labor Association, the General Contractors Association of Hawaii, and the joint trust funds presently established by such Associations and the Regional Council.

Participant Accounts and Benefits

Individual accounts are established for all reported employees. Each participant’s account is credited with employer contributions and employee contributions, a proportionate share of investment income earned by participants segregated account, and reduced to reflect administrative expenses. All investments of the Plan are participant-directed, with the exception of cash and short-term investments which are used to pay administrative expenses and to temporarily invest employer and employee contributions prior to transfer from the Plan’s custodial bank to Prudential Retirement Insurance and Annuity Company (“Prudential” or “PRIAC”), which sponsors the Plan’s participant-directed investment program. The investment options are selected by the Board of Trustees and their investment consultant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Each participant's interest in his employer account, elective deferrals account and rollover account shall be 100% vested and nonforfeitable at all times.

Employee Contributions

Under the plan the participant will have the option of electing to have a portion of their compensation contributed to the plan. In accordance with rules established by the Board of Trustees, this election must be made upon hire by a signatory contractor or the inception of the plan. Changes are permitted once a calendar quarter, and will be effective on the first pay period of the following quarter. A new election is necessary each time the participant is hired by a different signatory contractor. The total amount which can be deferred cannot exceed an annual limit established by law.

Payment of Benefits

In general, benefits may be withdrawn upon retirement at or after age 55, death before retirement, upon entitlement to a Social Security Disability benefit before retirement, and termination of participation by failing to perform services for a period of six consecutive months (twelve months if under age 55; one month if over age 65). In order to be considered retired under the Plan rules, an employee who is younger than age 65 must stop all work in the building and construction industry in Hawaii. Participants receive their benefits in a lump sum distribution or a direct rollover to an IRA or another qualified retirement plan.

Subject to the approval of the Trust Fund Office, participants who have made pre-tax elective deferrals may make a withdrawal from his or her elective deferrals account to satisfy a financial hardship, as described in the Summary Plan Description.

Plan Termination

Although it has not expressed any intent to do so, the Plan may be terminated at any time by agreement in writing between the Union and the Associations signatory hereto. Upon such termination, the rights of all employees to benefits accrued to the date of termination shall be fully vested and non-forfeitable.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Employer Contributions and Contributions Receivable

The Plan's policy is to recognize contributions based on the latest executed collective bargaining agreement on an individual employer basis. Contributions from participating employers are based on a rate per hour for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable. Management of the Plan evaluates participating employers' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection.

The Plan has an employer payroll audit system in place in which the employers are randomly audited to verify that they are contributing in accordance with their signed agreement. Delinquencies may arise due to these payroll audits, and are recorded as contributions when collected.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan management determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in the net assets available for benefits may differ from the classification of earnings on the Form 5500 due to different reporting requirements on the Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan’s expenses are paid by the Plan as provided in the Summary Plan Description. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Concentration of Risk

The Plan maintains its cash balances at high credit quality financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation up to $250,000. At times, such cash balances may by in excess of the insurance limit.

Subsequent Events

Management of the Plan has evaluated subsequent events through December 2, 2022, the date financial statements were available to be issued.

Note 3 - Fair Value Measurements

General

Investments are primarily held with PRIAC, the Plan's recordkeeper and investment custodian. Cash, money market funds, and stable value are held with the Plan's custodial bank (First Hawaiian Bank). Participants direct the investment allocation of their accounts between many investment options offered by PRIAC. These options include a guaranteed income fund, several pooled separate account investment funds, and several mutual funds. Account balances may be re-allocated within investment categories on a daily basis. There are no restrictions on participant redemptions other than eligibility criteria for withdrawal and there are no unfunded participant or plan commitments. The plan may terminate its contract with PRIAC with ninety days' notice. Cash, money market funds and a stable value fund held by the custodial bank are non-participant directed investments for the purpose of paying administrative expenses, and investing temporary cash balances and expense reserves, and are not part of the participant investment program. Income earned on non-participant directed investments is not material.

The Plan's investment in a stable value fund is an unallocated investment contract issued by PRIAC and supported by a fixed income portfolio within PRIAC's general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest rates are declared in advance and guaranteed for six-month periods, not to fall below 1.50%. The rate credited for the years ended December 31, 2021 and 2020 was 2.45% and 3.20%, respectively. Withdrawals are made at market value and as such the contract is not designed to be a fully benefit- responsive investment contract. Accordingly, it is carried at fair value in the financial statements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Pooled Separate Account – valued at fair value based on the net asset value (NAV) of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value.

Mutual Funds (including money market mutual funds) – valued at the daily closing price as reported by the Plan. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund – valued at fair value based on the net asset value of units as determined by the insurance company. The interest earned in these funds is based on the crediting rate, which is after a deduction for investment expense and risk, and before any contractual expenses or other plan level expenses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total

Note 4 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Sponsor by a letter dated July 29, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to the issuance of this determination letter, the Plan was amended. However, the Sponsor and Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract (GIC) with Prudential Retirement Insurance and Annuity Company. PRIAC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest will be declared semiannually on January 1 and July 1, and will be guaranteed against change during each six month period. The interest of the investment contract at January 1, 2021 and 2020, was 1.65% and 1.90%, respectively. For The GIC does not have a scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by PRIAC represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2021 and 2020, was $ 49,274,629 and $46,822,222, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no events that limit the ability of the Plan to transact at contract value with the issuer. There are no events that allow the issuer to terminate the GIC and which require the Plan to settle at an amount different than contract value. In the event of termination of the GIC by the Plan, contract value will be paid either within 90 days or over time.

Note 6 - Related Party and Party-in-Interest Transactions

The Plan pays fees for several arrangements with service providers and affiliated entities. These transactions are considered exempt party-in-interest transactions under ERISA.

Certain Plan investments consisting of mutual funds, the stable value fund, pooled separate accounts, and the Guaranteed Income Fund managed by with PRIAC as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations to various service providers.

The Plan has an administrative service agreement with Hawaii Benefit Administrators, Inc. (HBAI). The Board of Directors of HBAI is comprised of members that are also trustees of the various Hawaii Carpenters Trust Funds. For the years ended December 31, 2021 and 2020 the Plan incurred $27,007 and $16,863, respectively in administrative fees.

Note 7 - Risks and Uncertainties

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $1,229 were not remitted within the required time period for the year ended December 31, 2021. The Plan sponsor is in the process of collecting lost earnings. Contributions of $18,472 were not remitted within the required period for the year ended December 31, 2020. The Company corrected the delinquent contributions, including remitting lost earnings associated to the Plan in 2020.

Note 9 - Plan Amendment

In August 2021, the Board of Trustees adopted Amendment No. 5 to the restated rules and regulations for the Plan that changes the required minimum distribution age from 70 ½ to age 72.
