Independent Auditors' Report

The Trustees
SMS Transportation Services Inc. 401(k) Profit Sharing and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SMS Transportation Services Inc. 401(k) Profit Sharing and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018, 2017, and 2016 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2018, 2017, and 2016, that the information provided to the plan administrator by the Custodian is complete and accurate.

The Plan Sponsor nor the recordkeeper had records available to enable us to completely test participant data and contributions. Records that were not always available included deferral rates and changes, compensation rates, changes and census data such as dates or hire and dates or birth and to ensure plan provisions were consistently followed. Additionally, the Plan Sponsor did not maintain records for years prior to 2016. Because of this, we were not able to perform adequate audit procedures to test the plan's

internal controls, enrollments, and contribution rate changes. Additionally, we were not able to perform adequate auditing procedures with respect to beginning balances.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedules of Assets (Held at End of Year) and the Schedules of Delinquent Participant Contributions as of December 31, 2018, 2017, and 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SMS TRANSPORTATION SERVICES INC. 401(K) PROFIT SHARING AND TRUST
Notes to Financial Statements
December 31, 2018, 2017 and 2016

1. Summary of significant accounting policies

The following is a summary of the significant accounting policies followed by SMS Transportation Services Inc. 401(k) Profit Sharing and Trust (the Plan) which is sponsored by SMS Transportation Services, Inc (the Company). The policies conform with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

a. Investments

Investments in insurance company pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents approximate fair value determined by quoted market price. The stable value fund is a benefit-responsive investment contract that is valued at contract value. Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on an accrual basis. Most investment options have management fees that reduce the overall return on assets. Net appreciation (depreciation) is inclusive of those fees.

b. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

c. Investment and administrative expenses

Investment expenses are paid directly by the Plan, and certain administrative expenses are paid by the Company. However, the Company retains the right to discontinue paying expenses, in which case the expenses will be paid by the Plan.

d. Income taxes

The Plan is utilizing a prototype document sponsored by Paychex, Inc. The document sponsor received a favorable opinion letter dated April 10, 2014, from the Internal Revenue Service, which states that the Plan qualifies under the applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. However, the Plan is subject to examination by the Internal Revenue Service, generally for a period of three years.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

1. Summary of significant accounting policies, continued

e. Concentrations of risk

The Plan provides for various investment fund options, which in turn invest in any combination of mutual funds and other investments. Investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the changes in net assets available for benefits.

2. Description of plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan, established May 1, 2012, is a defined contribution 401(k) plan covering employees with at least 3 months of service to the Company and who are age eighteen or older. Employees may become participants on January 1, April 1, July 1, or October 1, following completion of the eligibility requirements. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each participant may make salary deferral contributions of up to 92% of his/her annual compensation, not to exceed the annual deferral limit set by the Internal Revenue Code. Catch-up contributions are permitted for participants age 50 and older. The Plan also allows participants to make rollover contributions.

The Company made a safe harbor matching contribution equal to 100% of each participant's salary deferral contribution up to the first 3% of the participant's eligible compensation and 50% of each participant's salary deferral contribution up to the next 2% of the participant's eligible compensation. For the plan years ended December 31, 2018, 2017, and 2016 the Company made safe harbor contributions of $43,979, $27,188, and $22,927 respectively.

The Company may also make a discretionary contribution to all eligible participants. Participants who are actively employed on the last day of the plan year are eligible to receive an allocation of the discretionary contribution. For the plan years ended December 31, 2018, 2017, and 2016 the employer did not make any discretionary contributions.

2. Description of plan, continued

c. Vesting

Each participant is immediately vested in his/her salary deferral, safe harbor and catch-up contributions, and any earnings or losses on those contributions. The remainder of a participant's account balance is vested based on years of service. Participants vest at 20% after two years of service, and the percentage increases by 20% annually until the participant is fully vested after six years of service. Forfeited non-vested funds may be used to pay Plan expenses and/or to restore participant accounts.

Each participant's account is credited with the participant's salary deferral, catch-up contributions, Company matching contributions, and Plan earnings/losses. Plan earnings/losses are allocated based on account balances, as defined in the Plan document. Each participant directs the investment of his/her account into various investment options offered by the Plan through John Hancock.

d. Payment of benefits

Each participant is entitled to Plan benefits equal to 100% of his/her vested account balance. Benefits begin upon the earliest of retirement age, termination of employment, total and permanent disability or death of the participant. Benefits are paid in a lump-sum, partial payments, installments, or annuity contracts as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. The Plan permits hardship and in-service distributions under certain circumstances.

e. Loans

The Plan permits participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.50% to 6.00%, which is commensurate with the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

f. Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will become fully vested in his/her account.

3. Information certified by the Custodian (unaudited)

At December 31, 2018 and 2017, and 2016 the Plan's assets were held by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

		2018	2017	2016
Pooled separate accounts	$	218,465	143,895	82,851
Stable value fund		159	-	-
Notes receivable from participants		61,056	27,158	6,857
Total	$	279,680	171,053	89,708
Net appreciation (depreciation) in fair value of investments	$	(11,177)	12,449	8,089
Participant loan interest		2,861	612	81
Total	$	(8,316)	13,061	8,170

4. Fully benefit-responsive investment contract

The Plan entered into a benefit-responsive investment contract, a stable value fund (SVF). The fund maintains the contributions in a general account. The SVF issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan**,** represents contributions made under the contract, plus earnings, less participant withdrawals and applicable expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events that are not in the ordinary course of fund operations may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any events, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: valued based on the NAV of the mutual fund(s) held by the pooled separate account (PSA), but the value of the PSA is not publicly quoted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017,and 2016:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:	$ -	218,465	-	$ 218,465
Total assets at fair value	$ -	218,465	-	$ 218,465

7. Party-in-Interest transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan Sponsor, Custodian of the Plan assets, record keeper, investment advisor, and other service providers are considered parties-in-interest with respect to the Plan. Certain Plan investments are shares of mutual funds managed by the Custodian. The Plan has outstanding loans to participants, which are secured by the balance in the participant's account. Such transactions are party-in-interest and related party transactions for which a statutory exemption exists.

8. Prohibited transactions and corrective contribution

The Plan sponsor discovered that they did not withhold on certain compensation and improperly limited match on other compensation. For the Plan years ended December 31, 2018, 2017, and 2016, the plan sponsor has calculated the impact on participants to be approximately $2,709, $3,935, and $563, respectively. The Plan Sponsor has deposited the corrective contributions into the Plan subsequent to year end.

There were unintentional delays by the Sponsor in submitting participant contributions to the custodian in 2018, 2017 and 2016 in the amounts of $10,602, $8,210 and $1,463, respectively . For the Plan years ended December 31, 2018, 2017 and 2016, the Plan Sponsor calculated lost earnings of $38, $8, and $8, respectively. The Plan Sponsor is currently working on lost earnings calculations for $4,388 of late contributions for the Plan year ended December 31, 2017, and intends to deposit the lost earnings into the Plan.

9. Subsequent Events

Management has reviewed the financial statements for subsequent events through November 10, 2022, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may impact the fair value of investments in the Plan. Other financial impact could occur though such potential impact is unknown at this time.

Effective January 1, 2019, the Plan was restated on an adoption agreement sponsored by CCH Incorporated, DBA ftwilliam.com. Upon restatement, the Plan was amended to no longer allow hardship distributions.

Subsequent to Plan year end, periodic Plan reviews have been implemented.
