NOTE 1 – DESCRIPTION OF PLAN

The following description of Feldmeier Equiment, Inc. 401(k) Plan ("Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. The Company contributes forty-five percent of the first six percent of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is one hundred percent vested after six years of credited service.

Investment Option and Direction – Upon enrollment in the Plan, a participant directs all investment decisions among funds offered by the trustee.

Participant Notes Receivable – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms ranged from one (1) to five years or up to seven years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the rate paid in the Mass Mutual fixed account. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits – On termination of service due to death, disability or retirement, or separation of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The financial statements included herein have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties – The plan provides for various investment options. Investments underlying those investment accounts are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation – The Plan's investments are stated at fair value. Mutual fund investments are valued based upon the market value of each fund's underlying securities.

The Plan presents in the statement of changes in net assets investment income, which includes the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated events and transactions that occurred between January 1, 2010 and October 6, 2010, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

NOTE 3 – INFORMATION PROVIDED BY TRUSTEES

State Street Bank and Trust Company acts as trustee for the Plan. In accordance with Department of Labor's Regulation 2520.103-8, a certified "Statement of Account" for the Plan for the year ended December 31, 2009 has been provided by State Street Bank and Trust Company. The following information has been prepared utilizing the certified "Statement of Account":

Statements of Net Assets Available for Benefits

Statement of Changes in Net Assets Available for Benefits

Schedule of Assets Held for Investment Purposes.

NOTE 4 – TAX STATUS

The Plan has received a favorable tax determination letter from the Internal Revenue Service and is a qualified trust under Section 401(a) of the Internal Revenue Code (IRC). It is therefore considered to be exempt from federal income taxes under a provision of Section 501(a). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Uncertainty in Income Taxes – The Plan files a Federal Annual Report of Employee Benefit Plan. The Plan has not been informed of any tax examinations by the Internal Revenue Service (IRS) for any years not barred by statute of limitations.

The Plan has adopted the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 740, "*Income Taxes*", as amended by FASB Accounting Standards Update (ASU) No. 2009-06, "*Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities*" effective January 1, 2009. As of January 1, 2009, management has determined there were no liabilities for unrecognized tax benefits as a result of the implementation of FASB ASC No. 740, as amended. Furthermore, management has estimated that there are no material unrecognized tax benefits for the U.S. federal jurisdiction for which it is subject to reporting as of December 31, 2009.

The Plan has not recognized any interest or penalties related to unrecognized tax benefits in the Statement of Changes in Net Assets nor has it accrued any in the Statement of Net Assets available for Plan benefits as of December 31, 2009.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements:
The fair value of mutual and collective funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements:
The fair value of certain mutual funds that are unitized pooled funds for which quoted market prices are not available are valued at the quoted market prices of similar investments plus accrued earnings.

Level 3 Fair Value Measurement:
The fair value of fixed annuity contracts is based on the liquidation value as documented within the SAGIC contract. The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
