Independent Auditors' Report

To the Times Publishing Company
Medical Benefits Plan Administrator:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Times Publishing Company Medical Benefits Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of changes in benefit obligations and net assets available for benefits as of December 31, 2021, and the related statement of changes in benefit obligations and net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of the Plan

The following description of the Times Publishing Company Medical Benefits Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more complete information.

(a) General

The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA") and covers all eligible active employees of Times Holding Co. (the "Company"), which includes employees of majority owned Times Publishing Company and its wholly-owned subsidiary Trend Magazines, Inc., and wholly-owned subsidiaries Times Media Services, Inc., and Tampa Bay Newspapers, Inc. along with their eligible dependents, as defined by the Plan. The Company maintains the Plan (a health and welfare benefit plan) to provide medical benefits for its employees meeting minimum service requirements. Eligible employees include certain full-time employees meeting minimum service requirements and part-time employees scheduled to work less than 28 hours per week who were already eligible and participating in the Plan as of January 22, 2014. Additional information about the Plan, eligibility requirements and benefit provisions is available in the Company's Human Resources office.

The Plan's investments are directed by a committee consisting of employees appointed by the Company's Board of Directors (the "Board"). The Plan has a trust agreement with a financial institution to maintain the Plan's investments, which are held in the Times Publishing Company Employee Benefit Trust (the "Master Trust"). The Plan is the only plan invested in the Master Trust.

During 2009, the Plan was amended to eliminate Company sponsored Post-65 medical benefits for both current and future retirees and their dependents as of December 31, 2009 and was amended to eliminate Pre-65 medical benefits for retirees and their dependents effective December 31, 2010.

Effective January 1, 2009, the structure of retiree benefits provided under the Plan, was changed from a self-insured Medicare Supplemental Plan to a fully-insured Medicare Advantage Prescription Drug Plan.

Effective April 1, 2020 the Plan was amended to allow eligible employees who were furloughed or had their hours reduced as a result of the COVID-19 pandemic to remain eligible employees and thus eligible for benefits.

(b) Benefits

The Plan provides eligible, participating employees with the following benefits: comprehensive medical, behavioral health care, and prescription drug benefits. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act ("COBRA").

(1) Description of the Plan - Continued

(b) Benefits - Continued

Comprehensive medical, behavioral health care, and prescription drug benefits of the Plan are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under administrative services only ("ASO") arrangements. The claims processors pay claims directly to or for the participants and are then reimbursed by the Master Trust. Despite the Plan's utilization of third-party claim processors, ultimate responsibility for payments to providers and participants is retained by the Plan, up to certain stop-loss limits per the contracts.

The Plan utilizes a pharmacy benefit manager ("PBM") to help control drug costs. The PBM pays refunds to the Plan based on the Plan's actual utilization pattern of specific drugs. There is an inherent lag between the periodic capture and calculation of refunds due the Plan and receipt of such refunds.

(c) Contributions

In addition to deductibles and copayments, participants contribute specified amounts based on applicable monthly premiums for their respective benefit elections, which are based on established rates printed in the Company's benefit enrollment packet. Participant contributions are made pursuant to Internal Revenue Code Section 125. The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded on a pay-as-you-go basis.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Refunds

Refunds due from the Plan's PBM are recorded when earned. Refunds due as of December 31, 2021 and 2020 have been reported as refunds receivable, with the offset netted against benefits paid from Master Trust. Rebates earned by the Plan totaled approximately $233,000 for the year ended December 31, 2021.

(2) Summary of Significant Accounting Policies - Continued

(d) Valuation of Investments

Investments of the Master Trust are reported at fair value determined by the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment income on the Plan's interest in the Master Trust include the earnings on the money market fund held in the Master Trust.

(e) Deposits

The Plan maintains a deposit with a health care provider to be applied against future claims.

(f) Benefit Obligations

Plan obligations at December 31, 2021 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if the claims are submitted and approved for payment. The Plan's deficiency of net assets over benefit obligations at December 31, 2021 relates primarily to the decrease in deposits and refunds receivable. It is expected that the deficiency will be funded by the Company through an additional payment to the Plan.

(3) Funding Policy

The Company makes contributions as necessary to fund claims under the Plan. If necessary, the Company intends to accelerate the payment of its contributions to the Master Trust should the Master Trust be unable to fund the payment of benefit obligations. The Company has no obligation to make any additional contributions under ERISA.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to modify the benefits provided to active participants or to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, assets would be retained in the Master Trust, and at the direction of the Company, provide benefits for participants under the Plan, or pay premiums to insurance companies to provide benefits until the assets in the Master Trust have been exhausted.

(5) Determination of Tax Qualification

The Master Trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service dated May 22, 1974, stating that the trust is tax-exempt under the provisions of Internal Revenue Code Section 501(c)(9).

(5) Determination of Tax Qualification - Continued

In addition, the Plan and the Master Trust are required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status of the Master Trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the related Master Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Custodian Certification of Plan Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Truist Bank ("Truist"), the Plan's investment custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Net assets available for benefits, at fair value as shown in the statements of benefit obligations and net assets available for benefits as of December 31, 2021 and 2020;
- Investment income - Plan interest in Master Trust investment income and related investment activity for the year ended December 31, 2021, as shown in the statement of changes in benefit obligations and net assets available for benefits;
- Schedule of Assets (Held at End of Year) as of December 31, 2021 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(7) Parties-in-Interest

The Plan paid or accrued fees to Truist of approximately $15,000 during the year ended December 31, 2021, included in the statement of changes in benefit obligations and net assets available for benefits as administrative expenses and premiums paid from Master Trust. The Plan also has arrangements with other service providers, who are considered parties-in-interest. Transactions with these providers qualify as party-in-interest transactions, the amount of fees paid to other service providers by the Plan were minor in 2021.

The above arrangements qualify as parties-in-interest transactions, as defined in Section 3(14) of ERISA; they are, however, expressly exempted from the prohibited transaction rules.

(8) Fair Value Measurements

ASC Topic 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan utilizes Level 1 inputs to value its money market investments.

(9) Risks and Uncertainties

Estimated claims incurred but not reported are calculated utilizing certain assumptions pertaining to interest rates, health care inflation rates, claim trends, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(10) Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through February 15, 2023, the date the financial statements were available to be issued.

Effective January 1, 2022 the Plan was changed from a self-insured plan to a fully-insured plan.
