Independent Auditors' Report

To the Plan Administrator of The Levy Group, Inc. 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of The Levy Group, Inc. 401(k) Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. PLAN DESCRIPTION:

The following description of The Levy Group, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by The Levy Group, Inc. (the "Company") covering substantially all employees who have attained the age of 21 and who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 15% of their pretax annual compensation (as defined in the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional pretax "catch-up" contribution subject to IRC limitations. Qualified nonelective contributions may also be made by the Company. These contributions are fully vested when made and are subject to the same restrictions on withdrawal applicable to employee deferral contributions. The Company did not make any qualified nonelective contributions for the year ended December 31, 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of Company contributions, the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and the participant's allocation of forfeitures.

Vesting

Participants are immediately fully vested in both their contributions and Company contributions, and the income earned thereon.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other severance of employment. Participants who terminate employment and have a vested account balance of less than $1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than $1,000 but not in excess of $5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of $5,000 may leave their funds invested in the Plan or may elect a lump sum distribution or installment payments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Loans

A participant may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance. Loans must bear a reasonable rate of interest. Loans are collateralized by the participant's interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncement

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. SFAS No. 168 is effective for financial statements for annual periods ending after September 15, 2009 and establishes the FASB Accounting Standards Codification ("ASC"). Under SFAS No. 168, now referred to as ASC 105-10, the ASC became the only source of authoritative U.S. generally accepted accounting principles ("U.S. GAAP") to be applied by non-governmental entities and superseded all existing non-SEC accounting and reporting standards. The Plan adopted the codification as of December 31, 2009. As the ASC does not create new accounting rules, but only provides a comprehensive system to reorganize previously existing U.S. GAAP in a single authoritative source, its adoption had no effect on the Plan's financial position.

In July 2006, FASB issued ASC 740-10 (formerly FIN 48). ASC 740-10 establishes principles and standards related to the accounting for and disclosure of accounting for uncertainty in income tax positions. The Plan adopted this standard as of January 1, 2009, resulting in no effect on its financial position.

In April 2009, FASB issued an amendment to ASC 820-10 *Fair Value Measurements and Disclosure* (formerly FSP No. FAS 157-4). The amendment provides additional guidance on how to determine the fair value of an investment when the volume and level of activity for the asset or liability have significantly decreased and in identifying transactions that are not orderly. It also expands disclosure requirements for investments by requiring detail by major security type. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

In May 2009, FASB issued ASC 855-10 *Subsequent Events* (formerly SFAS No. 165). ASC 855-10 establishes principles and standards related to the accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. The Plan adopted this standard on December 31, 2009, resulting in no effect on its financial position.

In September 2009, FASB issued Accounting Standards Update No. 2009-12, "Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2009-12"). ASU 2009-12 provides guidance on how organizations should estimate the fair value of certain alternative investments, effective for periods ending after December 15, 2009. The fair value of investments within the scope of the guidance can now be determined using net asset value ("NAV") as a practical expedient, unless it is probable the investment will be sold at something other than NAV. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed account with The Hartford. As required by accounting standards, the statements of net assets available for plan benefits present the fair value of the guaranteed account as well as the adjustment of the guaranteed account from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting standards establish a fair value hierarchy, which require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standards describe three levels of inputs that may be used to measure fair value as described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The Plan's assets are held by Hartford Life Insurance Company ("Hartford"). Pooled separate accounts are valued on a net unit value basis as determined by Hartford on each valuation date, which occurs daily. There are no restrictions on these investments. All investments in this category can be redeemed at any time, and have no unfunded commitments. Pooled separate accounts are recorded at fair value, as determined by the unit value as reported by Hartford. This results in a level two classification for the pooled separate accounts held by the Plan.

The investments in the guaranteed account (Fixed Account) are fully-benefit responsive and are stated at fair value as determined by Hartford using a discounted cash flow valuation methodology. This valuation method results in a level three classification for the guaranteed accounts.

Participant loans are stated at amortized cost which approximates fair value. Due to the nature of the inputs this valuation method results in a level three classification for participant loans.

The following tables set forth by level, and by major asset category, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(e) Moderate allocation pooled separate accounts invest in stocks, bonds, and cash. These portfolios tend to hold higher stock-to-bond ratios.
(f) Intermediate government pooled separate accounts invest primarily in government bonds that mature between one and 15 years.
(g) World Stock pooled separate accounts invest primarily in overseas securities with a focus on growth and capital over the long term.

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2009:

	Level 3 Investments Assets		
	Loans	Guaranteed Account	Total
Balance at beginning of year	$ 21,027	$ 835,104	$ 856,131
Unrealized gains (losses) relating to instruments still held at reporting date	-	25,453	25,453
Purchases, issuances and settlements (net)	12,427	(16,259)	(3,832)
Balance at end of year	$ 33,454	$ 844,298	$ 877,752

Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are determined using historical cost.

Appreciation (Depreciation) in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

In accordance with the Plan, all administrative expenses are paid by the Plan unless paid by the Company. During the year ended December 31, 2009, substantially all administrative expenses incurred were paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. INVESTMENTS:

The following presents the Plan's investments that as of December 31, 2009 or 2008 represented 5% or more of the net assets available for plan benefits:

	2009		2008	
Guaranteed Account:				
Fixed Account	$ 844,298	*	$ 835,104	*
Pooled Separate Accounts:				
Janus Twenty Fund	535,605	*	433,246	*
Janus Balanced Fund	649,818	*	613,373	*
Franklin Small-Mid Cap Growth Fund	271,744	*	176,297	*
Hartford Capital Appreciation HLS Fund	214,459	*	226,269	*

* Represents 5% or more of the net assets available for plan benefits.

During the year ended December 31, 2009, the Plan's guaranteed account and pooled separate accounts (including investments bought, sold and held during the year) appreciated in value by $25,453 and $709,834, respectively.

D. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a benefit-responsive investment contract with The Hartford Life Insurance Company ("Hartford"). Hartford maintains the contributions in a guaranteed account. The account is credited with interest at a crediting rate announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract, and charged for participant withdrawals and administrative expenses. The guaranteed account issuer is contractually obligated to repay the principal and interest.

As described in Note B, because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed account. Contract value, as reported to the Plan by Hartford, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on many factors, including current economic and market conditions, the general interest rate environment and both expected and actual experience of a reference portfolio within the issuer's general account, but it may not be less than 0%.

In the event that the contract is discontinued the Plan may elect to receive 100% of the account balance over 60 months or accept a market value adjustment, as defined by the contract, and receive payment within 90 days.

Average yields:	2009	2008
Based on actual earnings	3.01%	3.97%
Based on interest rate credited to participants	3.00%	3.00%

E. PARTIES-IN-INTEREST TRANSACTIONS:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions.

F. TAX STATUS:

The Plan has adopted the Volume Submitter 401(k) Savings/PS Plan of PDS Advantage. The volume submitter sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype Plan document has been amended since the date of the letter for tax law changes. The plan administrator has not amended the prototype plan and believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Hartford Life Insurance Co., the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2009 and 2008, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2009, and the information contained in the Schedule of Assets (Held at End of Year).

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 5, 2010, the date these financial statements were available for issuance.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for plan benefits on the financial statements to the Form 5500 for the years ended December 31:
