INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
Haywood Vocational Opportunities, Inc. Pension Plan
Hazelwood, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of Haywood Vocational Opportunities, Inc. Pension Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits, as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the June 30, 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the June 30, 2022 Financial Statements*** section—

- the amounts and disclosures in the June 30, 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the June 30, 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the June 30, 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the June 30, 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the June 30, 2022 Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the June 30, 2022 Financial Statements*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we —

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the June 30, 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - June 30, 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year, June 30, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

The financial statements of the Plan as of June 30, 2021 were audited by Johnson Price Sprinkle PA, who merged with DMJ & Co., PLLC to become DMJPS PLLC as of June 1, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by MetLife Insurance Company and Reliance Trust Company (the custodians). Their report, dated April 8, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

A. DESCRIPTION OF PLAN

The following description of Haywood Vocational Opportunities, Inc. (the "Company") Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code ("IRC") and covers all permissible employees of Haywood Vocational Opportunities, Inc. as defined in accordance with the universal availability standards. Such employees are eligible to enroll and commence deferrals on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. **Contributions.** Each year, participant, upon hire, may contribute up to the statutory limit of pretax annual compensation, as defined by the Plan. Upon completion of one year of service, as defined by the Plan, and attainment of age 18, employees become eligible to receive Company matching and non-elective contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 100% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contributions and non-elective contributions and (b) Plan earnings (losses) less an allocation of investment fund expenses and administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** Participants are immediately fully vested in their contributions plus actual earnings (losses) thereon**.** Vesting in the Company's contribution portion of the participant accounts is based on years of continuous service. Participants that terminated prior to July 1, 2020 were one hundred percent vested after six years of credited service or upon reaching 55 years of age. Participants that terminate after July 1, 2020 are one hundred percent vested after four years of elapsed time.

5. **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime + 1%. Loan terms are up to five years except loans used to purchase a principal residence, which may be up to fifteen years. Principal and interest are paid ratably through bi-weekly or semi-monthly payroll deductions

A. DESCRIPTION OF PLAN *[cont'd]*

6. **Payment of Benefits.** Upon termination of service due to death, disability, or retirement or severance from employment, a participant may elect to receive (a) a lump-sum amount equal to the value of the participant's vested account; (b) installment payments; or (c) a life annuity if the participant is single or a joint and survivor annuity if the participant is married. However, if a participant's vested benefit is less than $5,000, he or she will receive a lump sum payment upon termination of service. Participants may receive in-service withdrawals of their employee deferral account balance upon reaching 59 ½ years of age or becoming disabled. Rollover source balances are allowed to be distributed at any time. Participants may also receive hardship distributions upon meeting the requirements for a hardship distribution.

7. **Forfeited Accounts.** As of June 30, 2022 and 2021, forfeited non-vested accounts totaled $21,778 and $7,932, respectively. These accounts may be used to reduce the Company's matching and/or non-elective contribution or used to pay Plan administrative expenses. During the Plan year ended June 30, 2022, the Plan Administrator utilized $55 to pay administrative expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note D for discussion of fair value measurements.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *[cont'd]*

Investment Valuation and Income Recognition *[cont'd]*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 13, 2023, the date the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the Plan auditor not to perform, and the Plan auditor did not perform, any auditing procedures with respect to the information certified by MetLife Insurance Company and Reliance Trust Company, the custodians of the Plan. The following is a summary of the custodian certified information:

	2022	2021
Investments at fair value	$ 6,397,621	$ 7,745,140
Investments at contract value	$ 1,481,056	$ 1,901,427

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Mutual funds: The fair value of investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (“ NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts:: The value of units held in the separate account is based on market value that is tied directly to the net asset value of underlying mutual funds adjusted by administrative expenses. Although the underlying mutual funds are driven by market values, there are additional adjustments to derive the fair value of the investment in the pooled separate account. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value.

D. FAIR VALUE MEASUREMENTS *[cont'd]*

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. In addition, participants may be charged additional fees for Plan withdrawals due to the nature of the Plan's investments. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of June 30, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,298,045	$ ---	$ ---	$ 5,298,045
Total assets in the fair value hierarchy	$ 5,298,045	$ ---	$ ---	
Investment measured at net asset value*				1,099,576
Investments at fair value				$ 6,397,621

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of June 30, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,353,647	$ ---	$ ---	$ 6,353,647
Total assets in the fair value hierarchy	$ 6,353,647	$ ---	$ ---	
Investment measured at net asset value*				1,391,493
Investments at fair value				$ 7,745,140

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Transfers between levels

During the year ended June 30, 2022, there were no transfers between Levels 1, 2, or 3.

D. FAIR VALUE MEASUREMENTS *[cont'd]*

The following table summarizes investments measured at fair value, based on NAV per share, as of June 30, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Applicable)	Redemption Notice Period
Pooled Separate Accounts	$ 1,099,576	N/A	Daily	None

The following table summarizes investments measured at fair value, based on NAV per share, as of June 30, 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Applicable)	Redemption Notice Period
Pooled Separate Accounts	$ 1,391,493	N/A	Daily	None

E. INSURANCE CONTRACTS

Fixed annuity contracts consist of two investment options available to participants.

The Plan's first fixed annuity contract investment option is known as the Metropolitan Life Insurance Company Fixed Interest Account. The crediting interest rate of this fixed interest account was 3.00% for the year ended June 30, 2022. The average yield for the year was 3.00%. The fixed interest account is credited with a guaranteed minimum rate of 3.00%. Annuity balances are stated at contract value in the accompanying Statements of Net Assets Available for Benefits. The contracts are held by individual participants. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's second fixed annuity contract investment option is a traditional benefit-responsive guaranteed investment contract known as the Principal Preservation Separate Account with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a separate account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% or greater than 3%. This contract meets the benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings (loss), less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

E. INSURANCE CONTRACTS *[cont'd]*

Participants may also invest in Metropolitan Life Separate Account E, a variable annuity. The annuity contract is fully benefit-responsive but under certain situations, a participant may be charged a surrender fee. The surrender fee is based on a sliding scale of up to 9% for withdrawing amounts within four years of the initial deposit and then decreasing 1% per year starting in the fifth year.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of events include the following:

1. The Plan's failure to qualify under Section 403(b) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(c)(3) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Contract value of these funds as of June 30, 2022 and 2021 were $1,481,056 and $1,901,427, respectively.

F. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are fixed annuity contracts, mutual funds and shares of pooled separate accounts managed by MetLife Insurance Company and Reliance Trust Company. MetLife Insurance Company and Reliance Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Parties-in-interest to the Plan include service providers such as the custodians of Plan assets, the third party administrator and the auditor. The custodians, third party administrator, and the auditor are outside service providers whose services are governed by signed agreements.

The Plan sponsor is the final party-in-interest to the Plan. All employer contributions are sourced from the sponsor, and all employee contributions are received from employees of the sponsor.

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer account

H. TAX STATUS

Effective January 1, 2009, the Plan administrator adopted a prototype document sponsored by MetLife Insurance Company. Effective July 1, 2014, the Plan administrator adopted another prototype document sponsored by Pentegra Services, Inc. The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes the Plan is currently designed in compliance with all applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Currently, the statute of limitations remains open subsequent to and including 2019; however, no examinations are in process or anticipated.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The Plan's third party administrator, Pentegra Services, Inc., prepares the Plan's Form 5500 and related schedules, including Schedule H. Schedule H has been prepared on the modified cash basis of accounting and does not include participant or employer contributions receivable.

The reconciliations as of and for the year ended June 30, 2022 are as follows:

Net assets, end of year, per Form 5500, Schedule H	$	8,147,541
Employer contribution receivable, June 30, 2022		2,596
Participant contributions receivable, June 30, 2022		3,958
Net assets available for benefits per the financial statements	$	8,154,095

NOTES TO FINANCIAL STATEMENTS

June 30, 2022 and 2021

J. COLLATERALIZED LOANS

Participants were allowed to borrow cash directly from MetLife Insurance Company using their own vested Plan assets as collateral for these loans. As of June 30, 2022 and 2021, there were three outstanding loans due to MetLife by employees valued at approximately $12,000, secured by Plan assets. Loans in default were valued at approximately $12,000, as of June 30, 2022 and 2021, including accrued interest. Interest will continue to accrue on defaulted loans until the loans are paid off or participants attain a distributable event. At such time, the defaulted loan and accrued interest will be paid from the participant's Plan assets

K. OPERATIONAL FAILURES

Several operational failures were noted in the year ended June 30, 2021 that are in the process of being corrected.

L. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
