Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements
We have performed an audit of the financial statements of The Geneva School of Boerne 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Geneva School of Boerne 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements – (continued)
Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedules Required by ERISA
The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We are engaged to audit the 2021 financial statements of The Geneva School of Boerne 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules of Regulations for Reporting and Disclosure under ERISA.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The audited financial statements of The Geneva School of Boerne 401(k) Retirement Plan (the Plan) are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using this adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Mutual fund investments are held in pooled separate accounts and are valued at the unit value based on the net asset value (NAV) of the underlying investment. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Investments in fixed income accounts are carried at contract value. The contracts are fully benefit responsive.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Recently Adopted Accounting Pronouncement: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modified certain aspects of the required fair value measurement disclosures. The Plan adopted this new pronouncement effective July 1, 2020. Adoption of this standard did not have a material impact on the financial statements and no adjustments were made to prior periods.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

NOTE B - PLAN DESCRIPTION

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Geneva School of Boerne 401(k) Retirement Plan is a defined contribution plan covering virtually all full-time employees of The Geneva School of Boerne (the Plan Sponsor). The Plan provides for automatic enrollment. The Plan is for the exclusive benefit of participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective July 1, 2021.

Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts.

Contributions: The Plan Sponsor may contribute a discretionary matching amount to the Plan. Participants may elect to contribute up to 100% of their eligible compensation, as defined by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain limitations of the Internal Revenue Code. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

Vesting: Participants are 100% vested in all contributions.

Participant Accounts: Each participant's account is credited with their contribution and allocations of a) the Plan Sponsor contributions, b) Plan earnings, and c) charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, a participant may change their investment option daily and direct employee contributions in increments as allowed by the Plan.

Payment of Benefits: Upon death, disability, termination, or retirement, vested benefits are paid to the participant or designated beneficiary. Benefits are payable in the form of cash through lump-sum payment. Hardship withdrawals are also available subject to certain limitations.

NOTE C - INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by 29 CFR 2520.103-8, Plan investments at June 30, 2022 and the related investment earnings were held and certified by The John Hancock Life Insurance Company, the Custodian, and were not audited by the independent auditor. Plan investments at June 30, 2021 and the period from July 1, 2021 through January 5, 2022 and the related investment earnings for the year and period then ended, were certified and held by Massachusetts Mutual Life Insurance Company (Mass Mutual), the Custodian, and were not audited by the independent auditor.

NOTE D - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by the Custodian therefore; these transactions qualify as party-in-interest transactions. Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services and have been paid by the Plan Sponsor. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the Plan document.

NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Level 1	Level 2	Level 3	Total
June 30, 2022:				
Pooled separate accounts - mutual funds	$ -	$ 2,766,164	$ -	$ 2,766,164
Investments valued at fair value	$ -	$ 2,766,164	$ -	$ 2,766,164
June 30, 2021:				
Pooled separate accounts - mutual funds	$ -	$ 2,932,926	$ -	$ 2,932,926
Investments valued at fair value	$ -	$ 2,932,926	$ -	$ 2,932,926

NOTE E - FAIR VALUE MEASUREMENTS - continued

The mutual funds are reported as Level 2 investments since they are included in pooled separate accounts. There have been no changes in methodologies used for investments measured at fair value nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

> *Pooled Separate Accounts- Mutual Funds:* Valued at unit value based on the observable net asset value (NAV) of a similar investment.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F – FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan held a benefit-responsive fixed account with Mass Mutual with a contract value of $32 at June 30, 2021. Mass Mutual maintained the Plan contributions in this investment in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Mass Mutual was contractually obligated to repay the principal at a specified interest rate that was guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it was stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the plan. Accordingly, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer. For example, premature termination of the contracts by the Plan, Plan termination, bankruptcy, mergers, and failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

NOTE G - INCOME TAX STATUS

The underlying non-standardized prototype plan utilized by this Plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating the form of the Plan is qualified under Section 401 of the Code, and therefore, the related trust is tax-exempt. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified for tax exempt status. The Plan is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FROM 5500

The audited financial statements are prepared on the accrual basis of accounting, whereas the Form 5500 is prepared on the cash basis. The following is a reconciliation of net assets available for benefits as of December 31, 2022:

Net assets available for benefits per the financial statements	$ 2,780,633
Less employee contributions receivable	(10,097)
Less employer contributions receivable	(4,372)
Net assets available for benefits per Form 5500	$ 2,766,164

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2022:

Change in net assets available for benefits per financial statements	$ (152,325)
Less current year employee contributions receivable	(10,097)
Less current year employer contributions receivable	(4,372)
Change in net assets per Form 5500	$ (166,794)

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
