INDEPENDENT AUDITORS' REPORT

Plan Administrator
Good Shepherd Health Care System
Tax Sheltered Retirement Plan
Hermiston, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Good Shepherd Health Care System Tax Sheltered Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Good Shepherd Health Care System
Tax Sheltered Retirement Plan
Hermiston, Oregon

We were engaged to audit the accompanying statement of net assets available for benefits of Good Shepherd Health Care System Tax Sheltered Retirement Plan (the Plan) as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 , the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Lincoln Financial Group Trust Company, Inc., Variable Annuity Life Insurance Company, Great American Life Insurance Company, and ReliaStar Life Insurance Company, the trustee and custodians of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee and custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and custodians as of December 31, 2020, that the information provided to the plan administrator by the trustee and custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

1. **Description of Plan:**

The following description of Good Shepherd Health Care System Tax Sheltered Retirement Plan (the Plan) is provided for general information only. Participants should refer to the plan agreement, as amended, for more complete information.

General – The Plan is a defined contribution 403(b) plan covering substantially all employees of Good Shepherd Health Care System (the Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – All employees are eligible to participate in the Plan for purposes of making deferral contributions and rollover contributions to the Plan from the date of hire. Employees are eligible for employer contributions on the first day of the next calendar quarter after completing two years of service, in which at least 1,000 hours are worked each year.

Contributions – As of January 1, 2014, Lincoln Financial Group Trust Company, Inc., is the only custodian to which participant contributions can be made. Participants may make voluntary tax-deferred contributions to the Plan through payroll deductions of up to the Internal Revenue Service (IRS) maximum allowable contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

As of January 1, 2014, Lincoln Financial Group Trust Company, Inc., is the only custodian to which the plan sponsor will make employer contributions. The plan sponsor may elect to make matching and discretionary profit-sharing contributions to the Plan. The plan sponsor matches 50 percent of employee contributions, up to 4 percent of eligible compensation deferred to the Plan for all employees except union nurses and management employees who will receive a match of 50 percent of employee contributions up to 6 percent of eligible compensation. Discretionary profit-sharing contributions are allocated to participants as follows: 2-5 years of service – 4 percent of compensation, 6-10 years of service – 5 percent of compensation, 11-20 years of service – 6 percent of compensation, 20+ years of service – 8 percent of compensation. Nurses covered by a collective bargaining agreement who have 20+ years of service and have elected additional paid time off may receive 6 percent of compensation and nurses covered by a collective bargaining agreement who have 20+ years of service and did not elect to have additional paid time off may receive 8 percent of compensation.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contribution, and (b) the Plan's earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral contributions and all employer contributions plus actual earnings thereon.

1. **Description of Plan (continued):**

Benefit payments – Normal retirement under the Plan occurs at age 65. The Plan provides for retirement distributions to persons under age 65, if certain conditions are met as specified in the plan document. Participants, or their beneficiaries, are eligible to receive payment of benefits in the event of the participant's retirement, death, disability, or termination of the Plan. Benefits are distributed according to provisions set forth in the plan document. Participants' nonforfeitable account balances less than $5,000 shall be distributed in a lump-sum payment. If the vested amount exceeds $5,000, participants may elect for the benefits to be distributed in a lump-sum payment or annual installments. For benefits held at an insurance company, a participant will receive their benefits with a qualified joint and survivor annuity, or by any other payout options that may be provided under their insurance company investment arrangement.

Notes receivable from participants – Participants who contribute to Lincoln Financial Group Trust Company, Inc. investments, may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years and must be for a safe harbor hardship purpose. Under the terms of the Plan agreement, plan loans will bear interest based on the quarterly prime rate plus 1.00 percent. Principal and interest are paid ratably through monthly payroll deductions. As of December 31, 2021, the rates of interest on outstanding loans ranged from 4.25 percent to 6.50 percent with various maturities through August 2026.

Prior to December 31, 2009, participants who participated in other insurance product investments (Variable Annuity Life Insurance Company [VALIC], Great American Insurance Group Annuities, ReliaStar Life Insurance Company, and Kansas City Life Insurance Company) could borrow directly from the insurance companies a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their elective deferral account balance, subject to the rules of the individual agreements. These loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the individual agreements. The participant was required to transfer funds equal to the amount of the loan plus 10 percent into a collateral account for use as collateral on the loan. These funds are restricted with respect to withdrawals and transfers while the loan is outstanding. The loans themselves are not reported assets of the Plan.

Plan termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100 percent vested in their accounts.

2. **Summary of Significant Accounting Policies:**

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued):

Investment valuation – Investments are reported at fair value and contract value. The Plan's trustee and custodians (Lincoln Financial Group Trust Company, Inc., VALIC, Great American Insurance Group Annuities, and ReliaStar Life Insurance Company) certify the contract value of the guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts (FBRICs) because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants **–** Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the plan agreement. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Administrative expenses – The Sponsor pays certain administrative expenses on behalf of the Plan.

Benefit payments – Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2021 or 2020.

Subsequent events – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 15, 2022, the date the financial statements were available to be issued.

3. Information Certified by the Plan Trustee and Custodians:

The following information included in the accompanying financial statements and supplemental schedule has been prepared and certified as complete and accurate by the trustee and custodians of the Plan.

	2021
Participant-directed investments	**$ 72,479,995**
Notes receivable from participants	**143,827**
Net appreciation in fair value of investments	**3,554,997**
Dividends	**2,727,796**
Interest on guaranteed investment contracts	**61,411**
Interest income on notes receivable	**5,470**

4. Fair Value Measurements:

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value.

4. Fair Value Measurements (continued):

Registered investment companies (mutual funds) – These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value December 31, 2021	Fair Value December 31, 2020	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Pooled separate accounts	$ 3,138,857	$ 2,856,112	Daily	N/A	None

Guaranteed investment contracts – The guaranteed investment contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5).

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 58,644,363	$ -	$ -	$ 58,644,363
Guaranteed investment contracts	-	-	1,401,642	1,401,642
Total assets in the fair value hierarchy	**$ 58,644,363**	**$ -**	**$ 1,401,642**	**60,046,005**
Investments measured at NAV (practical expedient)				**3,138,857**
Investments measured net fair value				**$ 63,184,862**

	2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 50,352,259	$ -	$ -	$ 50,352,259
Guaranteed investment contracts	-	-	1,460,178	1,460,178
Total assets in the fair value hierarchy	**$ 50,352,259**	**$ -**	**$ 1,460,178**	**51,812,437**
Investments measured at NAV (practical expedient)				**2,856,112**
Investments measured net fair value				**$ 54,668,549**

4. Fair Value Measurements (continued):

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets (Fair Value Measurements Using Significant Unobservable Inputs):

	Guaranteed Investment Contracts
Balance, beginning of year	$ 1,460,178
Interest earned	41,854
Distributions	(102,317)
Transfers	1,958
Fees	(31)
Balance, end of year	**$ 1,401,642**

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements:

	Fair Value December 31, 2021	Fair Value December 31, 2020	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg.)
Fixed account plus	$ 1,354,782	$ 1,414,683	Discounted cash flow	Duration Discount Rate	Annual 3.00%
Guaranteed investment contract	46,860	45,495	Discounted cash flow	Duration Discount Rate	Annual 3.00%

5. Guaranteed Investment Contracts with Insurance Companies:

The Plan invests in several FBRICs with insurance companies. The insurance companies maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

FBRIC Contracts Held by the Plan:

- *Kansas City Life Insurance Company* – The Plan invests in FBRICs with Kansas City Life Insurance Company. The crediting rate is based on a formula established by the contract issuer but may not be less than 4.00 percent.
- *Lincoln Financial Group Trust Company, Inc.* – The Plan invests in a FBRIC with Lincoln Financial Group Trust Company, Inc. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50 percent.
- *Variable Annuity Life Insurance Company* – The Plan invests in FBRICs with VALIC. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.00 percent.
- *Great American Insurance Group* – The Plan invests in FBRICs with the Great American Insurance Group. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.00 percent.

The contracts meet the FBRIC criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee and custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

5. Guaranteed Investment Contracts with Insurance Companies (continued):

Non-FBRIC Contracts Held by the Plan:

- *Variable Annuity Life Insurance Company* – The Plan also invests in a contract with VALIC. The annuity contract may have potential to restrict certain transfers and withdrawals. The Sponsor does not consider this contract as fully benefit-responsive and as a result, this investment is shown at fair market value on the statements of net assets available for benefits. VALIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on an annual basis for resetting.
- *ReliaStar Life Insurance Company* – The Plan also invests in a contract with ReliaStar Life Insurance Company (ReliaStar). The annuity contract may, under certain circumstances, have potential to restrict certain transfers and withdrawals. The Sponsor does not consider this contract as fully benefit-responsive and as a result, this investment is shown at fair market value on the statements of net assets available for benefits. ReliaStar maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on an annual basis for resetting.

6. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

7. Plan Tax Status:

The plan terms have been drafted in reliance on the sample language provided by the IRS in the draft Listing of Required Modifications issued April 4, 2009. The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain the exclusion from tax for plan participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The plan administrator intends to apply for a determination letter on the Plan when the government opens such a program.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

8. Party-in-interest Transactions:

The Plan's advisory committee consists of employees of the plan sponsor. There are no transactions between the parties other than contributions to the Plan, if eligible.

Plan investments include shares of registered investment company funds, pooled separate accounts, and guaranteed investment contracts managed by the trustee and custodians of the Plan. Therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Lincoln Financial Group Trust Company, Inc., also prepares the IRS Form 5500.

The plan auditor performs the required annual audit of the Plan.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. CARES Act:

The Plan has implemented certain requirements of the CARES Act, which allows certain eligible individuals to receive coronavirus-related distributions or relief from loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within the CARES Act have been elected by the Plan sponsor. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

10. Subsequent Event:

The Plan's fair value of investments has had a material decline in fair value subsequent to the statements of net assets available for benefits date.
