GASTRO HEALTH 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

1. DESCRIPTION OF PLAN

The following brief description of the Gastro Health 401(k) Retirement Plan (referred to as the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan, established January 1, 2007, to provide retirement benefits to the employees of Gastro Health, LLC, (the "Company") and their beneficiaries. The Plan is subject to provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") as amended. Employees are eligible when they have completed one year of service, worked at least 1,000 hours and have attained a minimum age of 19 years. John Hancock Life Insurance Company serves as the custodian of the Plan. Various other entities serve as custodians of self-directed brokerage accounts.

The Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law on March 27, 2020. The following provision was implemented by the Plan in response to the CARES Act:

- Eligible participants were allowed to request penalty free distributions until December 31, 2020 of up to the lesser of $100,000 or 100% of their vested balance from their 401(k) account for reasons related to COVID-19.

Plan management intends to amend the Plan to reflect this provision by the due date of December 31, 2025.

Plan Administrator—Gastro Health, LLC is the Plan Administrator of the Plan.

Contributions—Eligible employees may make voluntary "before tax" contributions to the Plan each year through periodic payroll deductions. Deferral contributions shall not exceed the annual dollar limit on deferral contributions, as allowed by law. Participants may also contribute amounts representing distributions from other qualified retirement plans. During the 2020 plan year, the Plan was amended, to offer Roth 401K to provide after tax option with retirement tax free withdrawals.

Safe Harbor Contributions and Discretionary Contributions—The Company contributes 3% of the eligible employees' salary to the Plan.

The Company may make a discretionary contribution to the Plan each year equal to a percentage of a participant's total compensation for the year, provided the participant works at least 1,000 hours during the plan year and is employed on the last day of the plan year. The amount of discretionary contribution, if any, is determined by the Company each year. During the year ended December 31, 2020, the Company made contributions totaling approximately $7,036,000.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Benefit Payments—Distributions of benefits from the Plan may commence upon the participant's death, normal retirement, or termination of employment, but in no event later than the year in which the participant attains age 70-1/2. Earlier distributions may be made upon the occurrence of certain events specified in the Plan's provisions. Participants with an account balance less than $1,000 may not leave monies in the Plan following termination of employment. If the vested balance in the Plan exceeds $1,000, the participant must consent to the distribution before it may be made.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $173,468 and $63,449, respectively. During 2020, employer contributions were reduced by $0 from forfeited nonvested accounts

Participant Accounts—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if applicable, and (b) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant contributions, eligible compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants have a fully vested interest in their elective contributions to the Plan and all safe harbor contributions. Vesting in Company contributions, plus actual earnings thereon, is based upon years of service in accordance with the following:

Years of Service	Vested Percentage
Less than 2	- %
2	20
3	40
4	60
5	80
6	100

A participant automatically becomes 100% vested upon reaching normal retirement age, in the event of death, total and permanent disability, partial or full termination of the Plan or based on years of service at a prior employer as defined in the Plan document amendment.

Notes Receivable from Participants — The Plan does not offer participants loans. Notes receivable from participants relate to loans transferred into the Plan from the 2020 Gastroenterology Associates of Northern Virginia, Ltd Plan ("GANV Plan") and Puget Sound Gastroenterology, P.S. 401(k) Profit Sharing Plan and Trust ("PSG Plan") plan mergers. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions.

Investment Options—Upon enrollment in the Plan, a participant may direct their contributions into any of several investment options, which includes pooled separate accounts and a self-directed brokerage account which can include mutual funds and common stock. Due to the Gastroenterology of North-Central Alabama 401(k) Plan ("GNCA Plan") merger that occurred in 2019, there are various individual

self-directed brokerage accounts with various custodians which includes investment options of cash equivalents, mutual funds and exchange traded funds, equities, and limited partnerships. Participants may change their investment options at their discretion.

Transfers—Effective March 31, 2020, the trustees of the Plan approved the merger of the GANV Plan into the Plan. As a result, GANV Plan's net assets available for benefits of $4,653,756 were transferred into the Plan on April 3, 2020.

Effective July 9, 2020, the trustees of the Plan approved the merger of the PSG Plan into the Plan. As a result, PSG Plan's net assets available for benefits of $29,138,492 were transferred into the Plan on July 9, 2020.

Effective November 19, 2019, the trustees of the Plan approved the merger of the GNCA Plan, for which Gastroenterology of North-Central Alabama was the participating employer, into the Plan. As a result of the merger, GNCA Plan participant balances were transferred into the Plan as of December 27, 2019. As of December 31, 2019, $11,927,601 of GNCA participant balances had not been transferred to the Plan. The amounts not transferred as of December 31, 2019 were held in self-directed brokerage accounts. The Plan recorded a receivable for these accounts in the 2019 statement of net assets available for benefit. During 2020, $13,076,819 of participant balances held in self-directed brokerage accounts were transferred into the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Payment of Benefits—Benefits are recorded when paid.

Administrative Expenses—The Plan agreement allows for administrative expenses to be paid by either the Company or the Plan. For the year ended December 31, 2020, all administrative and audit expenses were paid by the Company.

Valuation of Investments and Income Recognition—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions.

Tax Status—The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Investment Management Fees and Operating Expenses—Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates, including those regarding fair value, and assumptions that affect the reported amounts of assets and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates and those estimates may be material.

Subsequent Events—The Plan has evaluated subsequent events through May 12, 2023 which is the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

3. SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified that the following information, as of December 31, 2020 and 2019 and for the year ended December 31, 2020, included in the accompanying financial statements and supplemental schedules is complete and accurate.

	December 31,	
	2020	2019
Assets—investments, at fair value	$ 114,229,030 *	$ 56,642,851 *
Notes receivable from participants	107,969	-

** $984,562 of the Plan's net appreciation in fair value of investments (held in certain self-directed brokerage accounts) for the year ended December 31, 2020 was not certified by the Plan's custodians.

***$276,181 of the Plan's interest and dividends (held in certain self-directed brokerage accounts) for the year ended December 31, 2020 was not certified by the Plan's custodians.

Note 8 – Fair Value Measurements – all investment balances, excluding the classification and level of investments.

Supplemental Schedule – all investment balances and information included in the Supplemental Schedule of Assets (Held at End of Year)

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and receive a distribution based on the then current value of net assets available for benefits.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by the Plan's custodians; therefore, these transactions qualify as party-in-interest. The Plan also holds loans to participants, which are secured by the vested balances in the participants' accounts.

7. RECONCILIATION TO THE FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019, is as follows:

For the year ended December 31, 2020, the following is a reconciliation of transfers per the financial statements to the Form 5500:

Total transfers per the financial statements	$ 34,941,466

8. FAIR VALUE MEASUREMENTS

The Financial Standards Accounting Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- ***Level 1***—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- ***Level 2***—Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- ***Level 3***—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Investment Accounts—Pooled separate investment accounts are valued at the observable Net Asset Value ("NAV") of the underlying mutual funds as reported by John Hancock Life Insurance Company. Valued by using the net asset value of the funds at year-end as a practical expedient. The net asset value is not a publicly-quoted price in an active market and is determined based upon the fair value of the underlying investments. There are no restrictions or notice periods with respect to redemptions and no unfunded commitments.

Self-Directed Brokerage Accounts—Self-directed brokerage accounts primarily consist of cash equivalents, mutual funds, exchange traded stocks, common stocks, and limited partnerships.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks and Exchange Traded Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Limited Partnerships — Valued as determined by the investment managers based on the estimated value of the various underlying holdings of the fund, partnership or private investment fund portfolio.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value December 31, 2020	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investments measured at NAV	110,623,422			
Total investments	$ 128,450,659			

		Fair Value Measurements at Reporting Date Using:

Investments measured at NAV	53,753,083			
Total investments	$ 57,005,513			

9. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2020 participant contributions totaling $452,314 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company will file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.
