NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administration

Certain trustee and administration fees are paid by the Plan Sponsor. All administrative fees are also paid by the Plan Sponsor, except for investment management fees, which are netted against Plan earnings.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Participants' accounts may grow from the forfeitures of other participants. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$444 and \$1,178, respectively.

Subsequent Events

Subsequent events have been evaluated through August 3, 2010, which is the date the financial statements were available to be issued

Reclassification

Certain items in the 2008 financial statements have been reclassified to conform to the presentation in the 2009 financial statements.

NOTE 2: DESCRIPTION OF PLAN

The following description of the Mattingly Foods, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established for the exclusive benefit of the employees of Mattingly Foods, Inc. ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Under the terms of the Plan, employees who have attained the age of 18 are eligible for participation after six months of service.

Investments

Participants direct the investment of their accounts into various investment options offered by the Plan, which primarily include mutual funds with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions

Eligible employees may contribute up to 100% of pretax annual compensation, subject to limitations in the Internal Revenue Code. Employee contributions are immediately 100% vested.

Effective beginning January 1, 2008, the Plan Sponsor makes matching contributions of 125% of the participant's salary deferral up to \$2,000, for a maximum annual Company matching contribution of \$2,000.

The Company matching contribution was changed by a formal amendment to the Plan in accordance with a Collective Bargaining Agreement signed into effect May 8, 2008.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: DESCRIPTION OF PLAN (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's entire interest under the Plan. Each participant's account is credited with the participant's elective deferral contribution, the Plan Sponsor's discretionary and matching contribution, and participant rollover contributions. Adjustments are made to participant's accounts for distributions; and the net income or loss attributable to investments in the participants account. Plan earnings are allocated to participants based on a daily valuation of the participant's respective funds. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested portion of his/her account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion is also vested immediately.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, are exposed to various risk such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the amounts of each affected participant shall become fully vested.

NOTE 4: RELATED PARTY TRANSACTIONS

Certain Plan investments are held in Merrill Lynch funds. Merrill Lynch is the Custodian of the Plan, and therefore, these investments qualify as party-in-interest transactions.

NOTE 5: CORRECTIVE DISTRIBUTIONS

The Plan originally failed the 401(b) nondiscrimination actual deferral percentage testing (ADP). In order to bring the Plan into compliance with the applicable ERISA regulations the Plan Trustee opted to return employee deferrals in the form of corrective distributions to certain highly compensated employees. Subsequent to December 31, 2009, the Plan made corrective distributions amounting to \$28,334. After making the corrective distributions, the Plan passed the applicable 401(b) nondiscrimination testing. The corrective distributions have been recorded as accounts payable.

The Plan has not been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MATTINGLY FOODS INC. 401(K) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9: FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common collective trust: Valued at unit price as determined by the custodian at year end.

The table below presents the fair value hierarchy of the Plan's assets as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009
