INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Arrow Fabricated Tubing
401 (K) Profit Sharing Plan
Garland, Texas

We were engaged to audit the financial statements of Arrow Fabricated Tubing 401(k) Plan, as of December 31, 2009 and 2008 and for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's administrator.

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan's trustees instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company (the Trustee) as of December 31, 2009 and 2008 and for the year ended December 31, 2009, except for comparing the information with the related information included in the financial statements and schedule. We have been informed by the plan administrators that the Trustee held all of the Plan's investment assets and executed all investment transactions. The Plan administrator has obtained a certification from State Street Bank and Trust Company as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Trustees is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by State Street Bank and Trust Company have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ARROW FABRICATED TUBING
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Arrow Fabricated Tubing Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan adopted on January 7, 1989 for the benefit of all eligible employees of Arrow Fabricated Tubing, Ltd. Effective January 1, 2009, the Plan was amended to bring the Plan into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001.

To be eligible to enroll in the Plan an employee must be 21 and have completed 1,000 hours of service during the first 12 months of employment.

Contributions

Participating employees and the Employer make contributions to the Plan. A participant may make elective contributions, via salary deferrals, between 1% and 15% of their pretax annual compensation subject to statutory limitations. Bonuses and company car expenses are not to be included in compensation for purposes of calculating employee deferrals.

For each plan year the Employer may contribute, on behalf of each eligible participant, a matching contribution of 50% of the employee's elective deferral up to a maximum of 4% of employee's eligible earnings. Employees must make elective deferrals in order to receive matching contributions. Matching contributions are limited to $1,000 for each plan year.

In addition, each plan year the Employer may make a profit sharing contribution in an amount determined by the Employer. The non-elective contribution will be shared equally among all employees. The profit sharing contribution for 2009 which will be received in 2010 is $51,030. The profit sharing contribution for 2008 which was received in 2009 was $54,523.

The Plan allows employees who have received distributions from other qualified retirement plans to directly transfer or rollover the previous account balances into segregated "rollover accounts" of the Plan. Rollovers contributions may not contain any voluntary non-deductible "after-tax" contributions.

Participant Accounts

Each participant's account is credited with the respective participant's contribution, an allocation of (a) the Employer's contribution, and (b) Plan earnings. Contributions to the Plan are allocated to active investment accounts in percentages elected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are 100% vested at all times in their elective contribution accounts, qualified non-elective contribution accounts, and segregated rollover accounts plus actual earnings thereon. Vesting in the Employer's matching and profit sharing portion of their accounts plus earnings thereon is based on years of vesting service.

Vesting in Employer matching and profit sharing contributions occurs as follows:

Years of Service	Vested Percentage
Less than 3 years	0%
3 years or more	100%

A participant becomes 100% vested in the event of death, attainment of normal retirement age, termination of the Plan, or if the participant becomes disabled, as defined in the Plan Document.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and any related earnings into thirteen distinct active investment options. Employer matching contributions are invested in accordance with the investment choices selected by each respective participant. Participants may elect to invest in the following options:

Goldman Sachs Tollkeeper Fund
Goldman Sachs Growth Opportunities
GS Struct Small Cap Equity
GS Struct Large Cap Value
GS Concent Intl Equity Fund
GS Struct U.S. Equity Fund
GS Capital Growth Fund
GS Core Fixed Income Fund
GS ILA Prime Obligations - Serv
GS Asset Alloc Equity Gr
GS Asset Alloc Growth Strat
GS Asset Alloc Gro & Inc
Davis Financial Fund

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Forfeitures

Forfeitures derive from the non-vested amounts in a participant's account following a break in service. Forfeitures are used to increase the profit sharing contribution. As of December 31, 2009 and 2008, the forfeitures account was $0.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Benefit Payments

Participants' accounts are payable when participant leaves employment for (1) termination, (2) death, or (3) disability. Such account balances may be distributed in a lump-sum payment or rolled over into another qualified plan.

Participant is entitled to receive the vested amount of participant's account as defined in the Plan Document. Upon termination of employment, participants with vested accounts of more than $1,000 and less than $5,000 and have not elected a method of distribution will have their accounts automatically rolled over into an IRA account established by an IRA provider selected by the Company. Withdrawals from the Plan by active participants are permitted for specific instances such as financial hardship, loans or participant's attaining the age of 59 ½ .

Loans to Participants

Participant loans receivable are stated at cost, which approximates fair value. Participants may borrow from their vested fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan maturity dates range from 1 to 5 years and loans become due upon termination of service of the participant. Loans used for the purposes of purchasing a primary residence may have a maturity of 30 years. The loans are collateralized by the balance in the participant's accounts and bear interest at rates determined by prevailing market conditions. Interest rates on outstanding loans at December 31, 2009 ranged from 5.25% to 10.25%.

Basis of Accounting

The Plan's financial statements are prepared on the modified cash basis of accounting. Employee and employer contributions are recorded in the period received by the Plan. Benefit payments are recorded in the period from which they are distributed. Income and expense are recorded in the period received and paid, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of the financial statements on a cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are in mutual funds and money market funds and are stated at fair value. Purchases and sales of investments are recorded on a trade date basis. Interest is allocated to participant accounts on a pro-rata basis depending on the participants' account balance. Dividends are allocated based on the number of shares in a Participant's account.

Administration

Certain administrative expenses of the Plan are paid by the Employer.

Market and Credit Risks

The Plan provides for various investment options in mutual funds and cash equivalents. These types of investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, including those held by the Plan, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3. CERTIFIED FINANCIAL DATA

The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA) of 1974:

	2009	2008
Investments at fair value	$ 2,636,590	$ 1,993,241
Participant loans	364,809	322,013
Investment income (loss)	474,251	-

NOTE 4. FEDERAL INCOME TAX STATUS

The Internal Revenue Service had determined and informed the company by a letter dated March 30, 2001, the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). As of March 31, 2008 the Plan became compliant with IRC requirements under a prototype plan arrangement with Automatic Data Processing (ADP). ADP has received a letter from the Internal Revenue Service stating that its master prototype plan is designed in accordance with applicable regulations of the Internal Revenue Code. The Plan's administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax.

NOTE 5. INVESTMENTS

Investments that represent 5% or more of the net assets available for benefits at December 31, 2009 and 2008 are as follows:

	2009	2008
GS Concent Intl Equity Fund	$ 159,866	$ -
GS Struct U.S. Equity Fund	392,494	289,327
GS Capital Growth Fund	342,950	212,802
GS ILA Prime Obligations - Serv	513,477	506,825
GS Asset Alloc Growth Strat	152,353	-
GS Asset Alloc Gro & Inc	684,727	544,973

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the Trustee qualify as party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

NOTE 7. FAIR VALUE MEASUREMENTS – CONTINUED

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within Level 2 of the valuation hierarchy.

Loans to Participants

Loans to Plan participants are valued at cost plus accrued interest, which approximates fair value and are classified within Level 3 of the valuation hierarchy.

NOTE 7. FAIR VALUE MEASUREMENTS – CONTINUED

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above as of December 31, 2009 and 2008:

NOTE 8. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In April 2009, the FASB issued guidance under ASC 820 for determining fair value when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly. This standard incorporates a two-step process to determine whether a market is not active and a transaction is not distressed. The Plan adopted guidance under this standard for the Plan year ended December 31, 2009. The effects of adopting this standard did not have a material impact on the Plan's financial statement.

In June 2009, the FASB issued guidance which requires companies to recognize in the financial statements the effects of subsequent events that provide additional evidence about conditions that existed at the date of the Statement of Net Assets Available for Benefits, including the estimates inherent in the process of preparing financial statements. Entities are not permitted to recognize subsequent events that provide evidence about conditions that did not exist at the date of the Statement of Net Assets Available for Benefits but arose after the Statement of Net Assets Available for Benefits date and before the financial statements are issued. Some non-recognized subsequent events must be disclosed to keep the financial statements from being misleading.

NOTE 8. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS – CONTINUED

For such events an entity must disclose the nature of the event, an estimate of its financial effect, or a statement that such an estimate cannot be made. This guidance applies prospectively for interim or annual financial periods ending after June 15, 2009.

The adoption of this guidance did not affect the financial condition or income and changes in plan net assets. The Plan has evaluated its subsequent events through September 15, 2010, the date the financial statements are available to be issued.

In June 2009, the FASB issued guidance which established the "FASB Accounting Standards Codification" (Codification) as the single source of authoritative nongovernmental U.S. GAAP which was launched on July 1, 2009. The Codification does not change current U.S. GAAP, but is intended to simplify user access to all authoritative U.S. GAAP by providing all the authoritative literature related to a particular topic in one place. All existing accounting standard documents will be superseded and all other accounting literature not included in the Codification will be considered non-authoritative. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The Codification is effective for interim and annual periods ending after September 15, 2009 and did not have an impact on the Plan's financial statements.
