To The Plan Administrator
Ballston Spa National Bank
Supplemental Retirement Savings Plan
Ballston Spa, New York

Independent Auditors' Report

We have audited the accompanying statements of net assets available for benefits of the Ballston Spa National Bank Supplemental Retirement Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Ballston Spa National Bank Supplemental Retirement Savings Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1: Description Of Plan

The following description of the Ballston Spa National Bank Supplemental Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established to provide retirement benefits for employees of the Ballston Spa National Bank (the Bank). Employees of the Bank were eligible to participate in the Plan upon completion of three months of service. Effective April 1, 2008, employees of the Bank are eligible to participate in the Plan upon completion of thirty days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute a portion of their pretax annual compensation, as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations as set forth by the Internal Revenue Code.

The Bank provides employer contributions as documented in the Plan Agreement. Participants were eligible to receive a matching contribution after completing three months of service. Effective April 1, 2008, participants are eligible to receive a matching contribution after completing thirty days of employment. The amount of the matching contribution is 50% of each participant's contribution up to a maximum salary reduction by the employee of 7%. Additional profit sharing amounts may be contributed to the Plan at the discretion of the Bank's Board of Directors. No profit sharing contributions were made in 2009 or 2008. The Bank will make a qualified non-elective contribution equal to a uniform percentage of compensation, the percentage will be determined each year by the bank. In 2009 and 2008, the amount of additional contribution was 4% in each year of each eligible participant's salary.

Participants' accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of plan earnings or losses are based on participant earnings or account balances in accordance with the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

Note 1: Description Of Plan (Continued)

Vesting - Participants are immediately vested in their contributions and the qualified non-elective contributions plus actual earnings thereon. Vesting in the matching and profit sharing portion of their accounts is based on years of continuous service. A participant is 100% vested in the matching portion of their accounts after five years of credited service or attainment of normal retirement age (65). For the profit sharing portion of their accounts, a participant is 100% vested after six years of credited service or attainment of normal retirement age (65). Effective April 1, 2008, a participant is 100% vested after five years of credited service for the profit sharing portion of their account (see Note 7).

Withdrawals and payment of benefits - On termination of service due to death, disability, or retirement, participants may receive the vested portion of their account in a lump-sum distribution or installments over a period of not more than their assumed life expectancy. Hardship withdrawals may be made due to immediate financial need, as defined by the Plan.

Participant loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans must be adequately secured and made in accordance with the terms of the Plan. Principal and interest is paid ratably through payroll deductions.

Plan termination - Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Forfeitures - Forfeitures of nonvested benefits are used to reduce the Bank's contributions. Participant forfeitures are allocated by the Plan as if the forfeitures are employer contributions. During the years ended December 31, 2009 and 2008, forfeitures amounted to $8,755 and $13,075, respectively.

Note 2: Summary Of Significant Accounting Policies

Investment valuation and income recognition - The Plan's investments are stated at fair value (quoted market prices on the last business day of the Plan year). Interest and dividend income is recorded on the accrual basis and gains or losses are based upon the actual cost of the securities.

Note 2: Summary Of Significant Accounting Policies (Continued)

Generally accepted accounting principles in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with generally accepted accounting principles are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income taxes - The Plan is exempt from Federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it more-likely-than-not the position will be sustained upon examination by the tax authorities.

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets at fair value at December 31, 2009 and 2008.

Mutual funds: Valued at quoted market prices.

Participant loans: Value at amortized cost of the loans.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
December 31, 2009				
Mutual funds	$3,267,228	$ -	$ -	$3,267,228
Participant loans	-	-	35,330	35,330
Total Investments	$3,267,228	$ -	$35,330	$3,302,558
December 31, 2008				
Mutual funds	$2,271,825	$ -	$ -	$2,271,825
Participant loans	-	-	15,504	15,504
Total Investments	$2,271,825	$ -	$15,504	$2,287,329

Note 3: Fair Value Measurements (Continued)

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

Participant loans	2009	2008
Beginning balance	$15,504	$22,256
Loans issued and repayments, net	19,826	(6,752)
Ending Balance	$35,330	$15,504

Note 4: Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2009	2008
American Funds Fundamental Investors Fund	$596,361	$419,517
American Funds AMCAP Fund	563,242	343,475
American Funds Income Fund of America	489,342	400,274
American Funds U.S. Government Securities Fund	395,190	195,068
American Funds Europacific Growth Fund	247,448	151,140
American Funds Small Cap World Fund	188,802	109,650

During the years ended December 31, 2009 and 2008, the Plan's investments in mutual funds (including investments bought, sold, and held during the years) appreciated (depreciated) in value by $620,185 and $(1,164,616), respectively.

Note 5: Tax Status

The Plan obtained its latest determination letter on August 12, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 6: Related Party Transactions

Fees for administrative services may be paid by the Bank.

Note 7: Plan Amendments

Effective April 1, 2008:

Employees of the Bank are eligible to participate in the Plan and receive employer matching contributions upon completion of thirty days of service.

An Eligible Automatic Contribution Arrangement was added to the Plan. A participant's compensation will be automatically reduced by 2% as a salary deferral election if the participant does not make an affirmative election or does not opt out.

The Plan's entry dates for purposes of salary deferrals and salary deferral modifications, employer matching contributions, and employee voluntary contributions were changed to allow eligible employees to enter the Plan the first of the month coinciding with or next following the completion of thirty days of employment.

The vesting schedule for the discretionary profit sharing contribution was changed to a five year graded schedule as follows: one year - 20%, two years - 40%, three years - 60%, four years - 80%, and five years - 100% vested.

Effective January 1, 2009:

The automatic deferral amount will increase each plan year in which the employee participates to the percentage in the table below as of the beginning of each subsequent plan year. Employees may opt out of the automatic deferral increase at any time.

Plan Year	Automatic Deferral Percentage
1-2	2%
3	3%
4	4%
5	5%
6	6%
7	7%
8	8%
9	9%
10	10%

Note 8: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2009, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 28, 2010, which is the date the financial statements were available to be issued.
