Independent Auditor's Report

Trustees and Plan Administrator
Raymond James Financial, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Raymond James Financial, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of Raymond James Financial, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all U.S./domestic employees of Raymond James Financial, Inc. and its consolidated subsidiaries and affiliates (the Company or Employer) who have met certain eligibility requirements as to the length of service with the Company. Participation in the Plan is voluntary. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company are the custodians of the Plan, executing the transactions and maintaining the recordkeeping of the assets of the Plan and participant account records. The Plan continues to be managed and administered by certain employees of the Company who have been designated as trustees.

Eligibility: Employees are eligible to participate on the date of employment. Participants must generally be employed at the end of the year to be eligible to receive employer matching contributions.

Contributions: After enrollment in the Plan, participants may elect to contribute, in the form of salary or bonus deferral, up to 75% of their annual compensation, not to exceed the regulatory maximum.

The Plan includes an automatic deferral election for 3% of compensation 30 days after the employee's date of employment. The automatic elective deferral percentage shall be automatically increased 1% annually, up to a maximum of 6%. Employees may elect to cancel the deferral, thereby declining participation in the Plan, elect a different percentage, or designate the deferrals as Roth deferrals.

The Plan includes a Roth 401(k) deferral election. This election allows participants to defer wages post-tax. Five years after the initial Roth contribution, future withdrawals, including earnings, are tax-free. Participants may contribute under both the Roth and pre-tax elections, subject to the regulatory maximum for elective deferrals and, if applicable, the catch-up contribution. Deferrals are segregated in the participant's account by pre-tax and Roth.

The Plan allows in-Plan Roth rollovers from all or any portion of a participants vested account that is not otherwise eligible for distribution. This applies to in-Plan Roth rollovers of otherwise non-distributable amounts.

Company contributions are at the discretion of the Company's Board of Directors, in amounts not to exceed the maximum permitted as a deductible expense by the Internal Revenue Code (IRC). Company contributions, if any, are funded annually. In 2022, the Company matching contribution was calculated as $0.75 for each of the first $1,000 dollars contributed by an employee, and $0.25 for each of the second $1,000 dollars contributed by the employee, for a maximum of $1,000 per participant. Company matching contributions are based on the combined pre-tax and Roth deferrals, and are applied to the participant's pre-tax deferral account. The Company contribution was $12,574,393 for the year ended December 31, 2022.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Note 1. Plan Description (Continued)

Participant accounts: A separate account is maintained for each type of contribution made by, or for, the participant. Each participant designates in which fund(s) his or her accounts are invested. Each participant's account is credited with his or her voluntary contributions and an allocation of: (a) the Company's discretionary matching contributions, (b) Plan earnings (losses) and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant contributions, participant compensation and account balances, each as defined in the Plan.

Vesting: Participants are immediately vested in their voluntary contributions and earnings thereon and, if applicable, any amounts rolled over into their accounts. Vesting of the employer contributions and earnings thereon is based on the participant's period of service with the Company. Participants vest 20% per year beginning in the first year of service, and are fully vested after five years.

Payment of benefits: On termination of service due to death, disability or retirement, a participant becomes 100% vested and may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or roll the balance into an individual retirement account (IRA) or another qualified plan. The Plan also provides for in-service distributions.

Forfeitures: Forfeitures are used to pay Plan expenses and reduce employer contributions, and any remaining balance is allocated to participant accounts as of the last day of the following Plan year in which such forfeitures have been determined. Plan expenses of $721,647 were paid from forfeitures for the year ended December 31, 2022. Forfeited nonvested accounts to be used to pay Plan expenses in future years as of December 31, 2022 and 2021, were $594,458 and $557,206, respectively.

ESOP diversifications: Participants in Raymond James Financial, Inc. and Affiliates Employee Stock Ownership Plan (ESOP) that have attained the age of 55 and have completed 10 years of participation in the ESOP are eligible to diversify a portion of their ESOP account into 401(k) investment options. All funds transferred to the Plan from the ESOP assume the Plan provisions and are considered assets of the Plan. For the Plan year ended December 31, 2022, $5,689,650 was transferred from the ESOP to the Plan, which is included in rollovers from other qualified plans in the accompanying statement of changes in net assets available for benefits.

Notes receivable from participants: The Plan allows participants one note per year, not to exceed the greater of $10,000, or 50%, of their 401(k) vested balance, or a maximum of $50,000. The number of loans outstanding shall be limited to two. Notes to participants are secured by the participant's vested account balance. Interest rates are based on rates available from commercial lending institutions, which range from 4.25% to 9.90% on notes outstanding at December 31, 2022, and mature through 2043. All notes are due within five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. If any amount remains unpaid for more than 90 days after it is due, the note shall be in default. Upon default, the entire principal balance shall become immediately due and payable. A note is also considered in default when the participant terminates employment and does not pay the outstanding balance within 60 days of their termination date. Notes in default are reclassified as distributions based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Contributions: Contributions by the Company are recorded when authorized by the Company's Board of Directors. Participant contributions, as established by participant election, are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include transaction fees paid by the Plan participants. Recordkeeping fees for the Plan are paid from forfeitures. Expenses charged separately by investment advisors are paid for by the Plan.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022) through July 12, 2023, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan increased the automatic deferral election to 5% of compensation, 30 days after the employee's date of employment. The automatic elective deferral percentage will be automatically increased 1% annually, up to a maximum of 8%.

Note 3. Information Certified or Provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (Custodians)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA required supplemental schedule obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Registered investment companies (mutual funds)	$ 588,758,364	$ 591,600,394
Common collective trusts	941,279,401	1,207,404,722
Pooled separate accounts	351,666,934	402,703,712
	$ 1,881,704,699	$ 2,201,708,828
Notes receivable from participants	$ 27,228,321	$ 28,249,868

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively, Principal) also certified to the completeness and accuracy of $404,550,448 of net (depreciation) in fair value of investments, $1,352,742 of interest income on notes receivable from participants, and $8,601,156 of dividend income related to the aforementioned Plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a publicly quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

Common collective trusts: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the issuer, is used as a practical expedient to estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 588,758,364	$ -	$ -	$ 588,758,364
Investments measured at NAV (a)				1,292,946,335
Investments at fair value				$ 1,881,704,699

	Assets at Fair Value as of December 31, 2021			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 591,600,394	$ -	$ -	$ 591,600,394
Investments measured at NAV (a)				1,610,108,434
Investments at fair value				$ 2,201,708,828

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2022 and 2021:

	Fair Value Estimated Using NAV Per Share				
	December 31		Unfunded	Redemption	Redemption
Investment	2022	2021	Commitments	Frequency	Notice Period
Pooled separate accounts:					
Large cap funds	$ 185,963,323	$ 209,621,800	N/A	Daily	1 day
Mid cap funds	76,778,933	98,098,642	N/A	Daily	1 day
Fixed income	52,378,514	56,247,660	N/A	Daily	1 day
Small cap funds	27,219,312	30,880,845	N/A	Daily	1 day
Balanced/asset allocation	9,326,852	7,854,766	N/A	Daily	1 day
Common collective trusts:					
Balanced/asset allocation	529,043,725	613,541,175	N/A	Daily	1 day
Large growth	208,954,319	347,973,332	N/A	Daily	1 day
International funds	86,767,157	111,874,670	N/A	Daily	1 day
Small growth funds	50,437,384	77,921,522	N/A	Daily	1 day
Mid cap blend	25,623,676	24,120,745	N/A	Daily	1 day
Small value	23,487,805	25,850,649	N/A	Daily	1 day
Large blend	9,028,267	6,122,628	N/A	Daily	1 day
Large value	7,937,068	-	N/A	Daily	1 day
	$ 1,292,946,335	$ 1,610,108,434			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Parties-in-Interest Transactions

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company are the custodians of the Plan's assets; therefore, transactions with the custodians qualify as parties-in-interest transactions.

Principal provides recordkeeping services to the Plan pursuant to a service and expense agreement. Principal receives revenue from the mutual funds and pooled separate accounts for services provided. This revenue is retained by Principal and considered in determining the amount of recordkeeping fees paid by the Plan to Principal. Recordkeeping fees of $349,035 were paid to Principal by the Plan for the year ended December 31, 2022.

Participant transaction fees totaling $237,125 were paid from participant accounts to Principal for the year ended December 31, 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective April 15, 2017, the Plan adopted a volume submitter plan sponsored by Principal Life Insurance Company. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by this Plan. The Plan has been amended since the volume submitter received the advisor letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Effective October 1, 2022, the Plan was amended and adopted a non-standardized pre-approved profit-sharing plan (pre-approved) sponsored by Principal Life Insurance Company. The pre-approved plan provider has received an advisory letter from the IRS as to the pre-approved plan's qualified status. The pre-approved plan advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
