Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
SEIU Local 1 & Participating Employers
Pension Trust

Opinion

We have audited the financial statements of SEIU Local 1 & Participating Employers Pension Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of SEIU Local 1 & Participating Employers Pension Trust as of September 30, 2022, the changes in its net assets available for benefits for the year then ended, and the accumulated plan benefits as of September 30, 2021, and the changes in its accumulated plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Merger and Transfer of Net Assets

As described in Note 15, Fireman and Oilers Pension Plan of SEIU Local 1 merged into the Plan effective July 31, 2022, at which time net assets of $5,042,671 were transferred to the Plan. Our opinion is not modified with respect to this matter.

Other Matter - 2021 Financial Statements

The financial statements of SEIU Local 1 & Participating Employers Pension Trust as of and for the year ended September 30, 2021, were audited by other auditors whose report dated April 22, 2022, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)
We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
SEIU Local 1 & Participating Employers
Pension Trust

We have audited the financial statements of SEIU Local 1 & Participating Employers Pension Trust (the Plan) as of September 30, 2022 and our report thereon dated July 3, 2023, which expressed an unmodified opinion on those financial statements, appears on pages 1 through 3. Our audit was conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the 2022 information in the accompanying schedules are fairly stated, in all material respects, in relation to the 2022 financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The financial statements of SEIU Local 1 & Participating Employers Pension Trust as of and for the year ended September 30, 2021, were audited by other auditors whose report dated April 22, 2022, expressed an unmodified opinion on those statements. Their report on the 2021 ERISA-required supplemental schedules stated that the information was fairly stated, in all material respects, in relation to the 2021 financial statements as a whole.

NOTE 1. DESCRIPTION OF THE PLAN

The Plan was established pursuant to a collective bargaining agreement between Service Employees' International Union Local No.1 (the Local) and Building Owners and Managers' Association of Chicago to provide retirement and death benefits for eligible participants. The Plan provides a $10,000 death benefit for eligible participants. The Plan is primarily funded by employer contributions as specified in the collective bargaining agreements. The Plan is a multiemployer defined benefit pension plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Under current provisions of the Plan, participants are generally eligible for a regular pension if they have attained age 65, provided that the participant's employer has contributed to the Plan for at least 20 weeks on the participant's behalf. Vesting of benefits is attained for participants who have at least five years of vesting service. One year of vesting service is earned for each year in which a participant is employed for at least 10 weeks, or completes 1,000 or more work hours for which the employer was required to contribute on the participant's behalf. Early pension benefits are also available.

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable. Employer contributions and any late fees due as determined by payroll compliance audits are recorded as income when determined to be collectible. Employer contributions receivable are shown net of an allowance for uncollectible accounts of $7,000 and $92,000 at September 30, 2022 and 2021, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment - Property and equipment are carried at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed by the straight-line method over the following estimated useful lives of the related assets:

Computer hardware	3-5 years
Computer software	5 years
Office equipment	5 years

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died and (c) present participants or their beneficiaries.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked and the contribution rates set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 1 within a jurisdiction primarily located in Chicago and surrounding areas of Illinois.

Deferred Rent - As part of a sublease agreement with the Local, the Plan received incentives in the form of free rent. The Plan recognizes rent expense on a straight-line basis over the term of the lease.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Expenses - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Reclassifications - Certain reclassifications have been made to prior year amounts to conform to the current year presentation.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through July 3, 2023, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the pensioners, beneficiaries and participants. In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

In addition, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. The PBGC does not guarantee all types of benefits and the amount of any individual participant's benefit protection is subject to certain limitations, particularly with respect to benefit increases as a result of plan amendments in effect for less than five years. Some benefits may be fully or partially provided for while other benefits may not be provided at all.

NOTE 4. TAX STATUS

The Plan's latest determination letter is dated October 13, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan is subject to tax, however, on any unrelated business income. The Plan receives a flow-through of partnership income through investments structured as limited partnerships. The Plan did not incur any unrelated business income tax for the year ended September 30, 2022. The Plan incurred $27,866 in unrelated business income tax for the year ended September 30, 2021. Unrelated business income taxes recoverable represents federal and state income tax payments made in excess of the Plan's liability for such taxes. The Plan is liable for federal and state income taxes in various states. Consequently, amounts recoverable from one jurisdiction are not offset against amounts due from other jurisdictions.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following described the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2022 and 2021. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

		Fair Value Measurements at 9/30/22 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 383,797,717	$ 383,797,717	$ -	$ -
Money market fund	2,281,853	2,281,853	-	-
	386,079,570	$ 386,079,570	$ -	$ -
Investments measured at net asset value:				
Commingled investment funds	93,974,347			
Real estate funds	53,321,723			
Total	$ 533,375,640			

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

	Total	Fair Value Measurements at 9/30/21 Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 516,427,445	$ 516,427,445	$ -	$ -
Money market fund	3,747,992	3,747,992	-	-
	520,175,437	$ 520,175,437	$ -	$ -
Investments measured at net asset value:				
Commingled investment funds	128,930,893			
Real estate funds	3,998,503			
Total	$ 653,104,833			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

The money market fund represents shares held in a mutual fund.

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share or its equivalent, used as a practical expedient to estimate fair value. The net asset value or its equivalent is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The commingled investment funds and one real estate fund are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. The redemption frequency of these investments range from monthly to quarterly, with notice periods up to three days. The fair values of these investments at September 30, 2022 and 2021 were as follows:

	2022	2021
Commingled investment funds	$ 93,974,347	$ 128,930,893
Real estate fund	$ 746,183	$ -

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Measurements Using Net Asset Value as a Practical Expedient (continued)

The following table summarizes information regarding investments at fair value based on net asset value per share, excluding those that are DFEs:

	Fair Value			Redemption	
Description	2022	2021	Underlying Assets	Frequency	Notice Period
Real estate fund	$ 2,538,549	$ 3,998,503	Domestic real estate	Not available	N/A
Real estate funds	$ 37,640,921	$ -	Domestic real estate	Quarterly	45 days
Real estate fund	$ 12,396,070	$ -	Domestic real estate	Quarterly	90 days

Due from Broker

Amounts due from broker at September 30, 2022 of $16,700,000 were invested in a mutual fund on October 3, 2022.

NOTE 6. INVESTMENT CONCENTRATIONS

The Plan has a significant portion of its assets invested in one mutual fund, Vanguard Total Stock Market Index Fund, which represented approximately 47% and 50% of the Plan's net assets available for benefits as of September 30, 2022 and 2021, respectively.

NOTE 7. CAPITAL COMMITMENTS

The Plan has outstanding capital commitments of approximately $25,000,000 related to three real estate funds as of September 30, 2022.

NOTE 8. OBLIGATIONS UNDER OPERATING LEASE

The Plan subleases office space from the Local in Chicago, Illinois under an agreement expiring on March 31, 2030, which requires monthly payments of $5,644 at October 1, 2022. The Plan is also required to pay a proportionate share of real estate taxes and operating costs of the building. As a lease incentive, rent was abated for 12 months spread over the first four years of the agreement.

Future minimum rental payments under the operating lease agreement for each of the next five years and in the aggregate are as follows:

Year ending September 30,	
2023	$ 68,635
2024	70,451
2025	72,293
2026	74,163
2027	76,068
Remainder	198,436
Total	$ 560,046

Rent expense, including common operating expenses and real estate taxes, totaled $74,553 and $64,574 for the years ended September 30, 2022 and 2021, respectively.

NOTE 9. FUNDING POLICY

The Plan is primarily funded by contributions from employers at rates specified in the collective bargaining agreements. The hourly contribution rate in effect during the years ended September 30, 2022 and 2021 ranged from $0.70 to $1.30.

The Plan's actuary has advised that the minimum funding requirements of ERISA were being met as of October 1, 2021.

NOTE 10. MAJOR EMPLOYERS

Contributions from three employers accounted for approximately 40% of employer contributions to the Plan for each of the years ended September 30, 2022 and 2021.

NOTE 11. ACTUARIAL INFORMATION

The actuarial valuation of the Plan was made by Segal as of September 30, 2021. Information shown in the report included the following:

Actuarial present value of accumulated plan benefits	
Vested benefits	
Participants currently receiving payments	$ 261,242,721
Other participants	297,437,663
Total vested benefits	558,680,384
Nonvested benefits	8,125,468
Total actuarial present value of accumulated plan benefits	$ 566,805,852

As reported by the actuary, the changes in the actuarial present value of accumulated plan benefits during the year ended September 30, 2021 were as follows:

Actuarial present value of accumulated plan benefits at beginning of year		$ 536,919,149
Increase (decrease) during the year attributable to		
Benefits accumulated, net experience gain and changes in data	$ 13,087,285	
Interest	37,763,215	
Changes in actuarial assumptions	11,130,644	
Benefits paid	(32,094,441)	
Net increase		29,886,703
Actuarial present value of accumulated plan benefits at end of year		$ 566,805,852

The actuarial valuation was prepared using the Unit Credit Actuarial Cost Method. Some of the more significant actuarial assumptions used in the valuation were as follows:

Mortality:

Healthy retirees - Pri-2012 Healthy Annuitant Blue Collar Mortality tables (sex-distinct), generationally projected using Scale MP-2021

Pre-retirement - Pri-2012 Blue Collar Employee Mortality tables (sex-distinct), generationally projected using Scale MP-2021

Disabled - Pri-2012 Disabled Retiree tables (sex-distinct), generationally projected using Scale MP-2021

Weighted average retirement age - 67

Investment rate of return - 7.00% net of investment expenses

NOTE 11. ACTUARIAL INFORMATION (CONTINUED)

The actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

The changes in actuarial assumptions increased accumulated plan benefits by $11,130,644 for the year ended September 30, 2021, as a result of a decrease in the net investment return from 7.25% to 7.00%, an increase in the annual administrative expenses from $2,250,000 to $2,500.000 and updated mortality tables being used.

Since information on the accumulated plan benefits at September 30, 2022, and changes therein for the year then ended are not included, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of September 30, 2022, and the changes in its financial status for the year then ended, but only a presentation of the net assets available for benefits and the changes therein as of and for the year ended September 30, 2022. The complete financial status is presented as of September 30, 2021.

As of October 1, 2022, the Plan was certified by its actuary to be in neither critical nor endangered status ("green zone"), within the meaning of the Pension Protection Act of 2006 (PPA), as amended.

NOTE 12. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Due to inherent uncertainties involved in the valuation of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

The Plan holds several alternative investments in which the general partner or investment manager is generally required to value the Plan's underlying investments at estimated fair values using various subjective techniques. In addition, the Plan has ownership interest in real estate investment funds. The estimated fair values of these funds, as determined by the investment manager, may vary significantly from the prices at which the real estate investments within the fund would sell, and the amounts could be material.

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 13. RELATED PARTY TRANSACTIONS

The Plan is related by common governance to the Local and SEIU Local 1 & Participating Employers Health Trust (the Health Plan).

The Plan has a sublease agreement with the Local for the rental of common office space as described in Note 8. In addition, certain common operating expenses are paid by the Local and allocated to the Plan. The allocated expenses were $4,680 and $7,003 for the years ended September 30, 2022 and 2021, respectively. The amount due to the Local totaled $3,582 and $11,915 at September 30, 2022 and 2021, respectively.

Certain shared administrative expenses, mainly payroll costs, are initially paid by the Health Plan and are shared with the Plan. These expenses are allocated based on an allocation of employees' time. Other shared expenses are initially paid by the Health Plan and are shared with the Plan based on costs incurred. Total shared expenses with the Health Plan were $1,049,134 and $1,003,671 for the years ended September 30, 2022 and 2021, respectively. The amounts due to the Health Plan totaled $37,902 and $70,976 at September 30, 2022 and 2021, respectively.

Included in shared expenses is the Plan's portion of contributions to two multiemployer defined benefit pension plans of $161,847 and $151,698 and the Plan's portion of contributions to a defined contribution retirement plan of $20,431 and $20,131 for the years ended September 30, 2022 and 2021, respectively. Also included in shared expenses is the Plan's portion of contributions to a multiemployer health plan that provides health benefits to eligible employees and retirees, of $91,948 and $82,317 for the years ended September 30, 2022 and 2021, respectively.

NOTE 14. PROPERTY AND EQUIPMENT

Property and equipment at September 30, 2022 and 2012 consisted of the following:

	2022	2021
Office equipment	$ 10,621	$ 14,395
Computer hardware	16,522	16,522
Computer software	157,615	76,242
	184,758	107,159
Less accumulated depreciation	(101,064)	(83,667)
Net property and equipment	$ 83,694	$ 23,492

Depreciation expense was $21,172 and $22,364 for the years ended September 30, 2022 and 2021, respectively.

NOTE 15. MERGER AND TRANSFER OF NET ASSETS

Effective July 31, 2022, the Board of Trustees approved the merger of Firemen and Oilers Pension Plan of SEIU Local 1 into the Plan. A summary of the transferred net assets follows:

ASSETS	
Investments - at fair value	
Mutual funds	$ 4,238,077
Real estate fund	751,344
Money market fund	40,653
Total investments	5,030,074
Receivables	
Employer contributions	11,935
Accrued interest	5,763
Total receivables	17,698
Prepaid expenses	6,105
Total assets	5,053,877
LIABILITIES AND NET ASSETS	
Liabilities	
Accounts payable	11,206
Transfer of net assets due to merger	$ 5,042,671

Accumulated plan benefits of approximately $3,600,000 were assumed by the Plan, pursuant to the merger.

Mortality Rates

Healthy Retirees: Pri-2012 Healthy Annuitant Blue Collar Mortality tables (sex distinct), generationally projected using Scale MP-2021.

Pre-retirement: Pri-2012 Blue Collar Employee Mortality tables (sex distinct), generationally projected using Scale MP-2021.

Disabled: Pri-2012 Disabled Retiree tables (sex distinct), generationally projected using Scale MP-2021.

The underlying tables with the generational projection to the ages of participants as of the measurement date reasonably reflect the mortality experience of the Plan as of the measurement date.

These mortality tables were then adjusted to future years using the generational projection to reflect future mortality improvement between the measurement date and those years.

The mortality rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of deaths and the projected number based on the prior year's assumption over the most recent three years.

The termination rates and disability rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of terminations and disability retirements by age and the projected number based on the prior year's assumption over the most recent three years.

The retirement rates were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment. As part of the analysis, a comparison was made between the actual number of retirements and the projected number based on the prior year's assumption over the most recent three years.

Description of Weighted Average Retirement Age	Age 67, determined as follows: The weighted average retirement age for each participant is calculated as the sum of the product of each potential current or future retirement age times the probability of surviving from current age to that age and then retiring at that age, assuming no other decrements. The overall weighted retirement age is the average of the individual retirement ages based on all the active participants included in the October 1, 2021 actuarial valuation.
Retirement Age for Inactive Vested Participants	65 The retirement age for inactive vested participants was based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment.
Future Benefit Accruals	One year of credited service per year. The future benefit accruals were based on historical and current demographic data, adjusted to reflect estimated future experience and professional judgment.
Unknown Data for Participants	Same as those exhibited by participants with similar known characteristics. If not specified, participants are assumed to be male.
Definition of Active Participants	Active participants are defined as those who have completed the Plan's eligibility requirement for participation in the Plan, excluding those who have retired as of the valuation date. For each active participant, service is reported in the data through December 31, and is adjusted by a quarter year to the valuation date.
Percent Married	80% of males 65% of females
Age of Spouse	Spouses are assumed to be three years younger than male participants and three years older than female participants. If not specified, spouses are assumed to be the opposite sex of the participant.
Benefit Election	45% of male participants and 20% of female participants are assumed to elect a 50% Joint and Survivor annuity, and the remaining participants are assumed to elect a Single Life Annuity. The benefit elections were based on historical and current demographic data, adjusted to reflect the plan design, and estimated future experience and professional judgment. As part of the analysis, a comparison was made between the assumed and the actual option election patterns over the most recent three years.
Net Investment Return	7.00% The net investment return assumption is a long-term estimate derived from historical data, current and recent market expectations, and professional judgment. As part of the analysis, a building block approach was used that reflects inflation expectations and anticipated risk premiums for each of the portfolio's asset classes as provided by Segal Marco Advisors, as well as the Plan's target asset allocation.
Annual Administrative Expenses	$2,500,000 for the year beginning October 1, 2021 (equivalent to $2,410,494 payable at the beginning of the year) or 21.8% of Normal Cost. The annual administrative expenses were based on historical and current data, adjusted to reflect estimated future experience and professional judgment.

Actuarial Value of Assets	The market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the expected return on the market value, and is recognized, 20% per year, over a five-year period. The actuarial value is further adjusted, if necessary, to be within 20% of the market value.
Actuarial Cost Method	Unit Credit Actuarial Cost Method. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis.
Benefits Valued	Unless otherwise indicated, includes all benefits summarized in Exhibit L.
Current Liability Assumptions	*Interest:* 2.28%, within the permissible range prescribed under IRC Section 431(c)(6)(E) *Mortality:* Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1(a)(2): RP-2014 employee and annuitant mortality tables, adjusted backward to the base year (2006) using scale MP-2014, projected forward generationally using scale MP-2018 (previously, the MP-2017 scale was used).
Estimated Rate of Investment Return	*On actuarial value of assets (Schedule MB, line 6g):* 10.4%, for the Plan Year ending September 30, 2021 *On current (market) value of assets (Schedule MB, line 6h):* 18.4%, for the Plan Year ending September 30, 2021
FSA Contribution Timing (Schedule MB, line 3a)	Unless otherwise noted, contributions are paid periodically throughout the year pursuant to collective bargaining agreements. The interest credited in the FSA is therefore assumed to be equivalent to a March 31 contribution date.
Actuarial Models	Segal valuation results are based on proprietary actuarial modeling software. The actuarial valuation models generate a comprehensive set of liability and cost calculations that are prepared to meet regulatory, legislative and client requirements. Deterministic cost projections are based on a proprietary forecasting model. Our Actuarial Technology and Systems unit, comprised of both actuaries and programmers, is responsible for the initial development and maintenance of these models. The models have a modular structure that allows for a high degree of accuracy, flexibility and user control. The client team programs the assumptions and the plan provisions, validates the models, and reviews test lives and results, under the supervision of the responsible Enrolled Actuary.

Summary of Plan Provisions

(Schedule MB, Line 6)

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

Plan Year	October 1 through September 30
Pension Credit Year	October 1 through September 30
Plan Status	Ongoing plan
Regular Pension	• *Age Requirement:* 65 • *Service Requirement:* None • *Amount:* $29.00 for each year of future credited service, plus $10.00 for each year of past credit service. For retirements prior to January 1, 2018, service for benefit accruals was limited to 25 years.
Early Retirement	• *Age Requirement:* 55 • *Service Requirement:* 10 years of Pension Credit • *Amount:* Regular pension accrued, reduced by 6% for each year of age less than 65
Disability	• *Age Requirement:* None • *Service Requirement:* 10 years of eligibility service. • *Amount:* Normal pension accrued payable immediately as a Single Life Annuity. Upon eligibility for Normal Retirement, the participant is able to select an optional form of payment.
Deferred Vested Pension	• *Age Requirement:* None • *Service Requirement:* Five years of eligibility service. • *Amount:* Normal or early pension accrued based on plan in effect when last active • *Normal Retirement Age:* 65
Spouse's Pre-Retirement Death Benefit	• *Age Requirement:* None • *Service Requirement:* Five years of Vesting Service or 6 years of Pension Credit. • *Amount:* 50% of the benefit participant would have received had he or she retired the day before death and elected the joint and survivor option. • *Charge for Coverage:* None

Segal

Pre-Retirement Lump-sum Death Benefit	• *Age Requirement:* None • *Service Requirement:* Eight-tenths of a year of credited service earned during the contribution period and active at time of death • *Amount:* $10,000
Post-Retirement Death Benefit	*Joint and Survivor:* If married, pension benefits are paid in the form of a joint and survivor annuity unless this form is rejected by the participant and spouse. If not rejected, the benefit amount otherwise payable is reduced to reflect the joint and survivor coverage.
Optional Forms of Benefits	The normal forms of payment for this Plan are: • *Single Life Annuity* • *50% Joint and Survivor Pension for married participants* The optional forms of payment for this Plan are: • *Single Life Annuity for married participants* • *Single Life Annuity with 60 months guaranteed* • *Single Life Annuity with 120 months guaranteed* • *Single Life Annuity with 180 months guaranteed* • *75% Joint and Survivor Pension for married participants* • *100% Joint and Survivor Pension for married participants.*
Participation	The later of: a) the first anniversary of covered employment, provided that 1,000 hours of employment were worked during the preceding 12 months, or b) the date as of which one year of eligibility service is earned.

Credited Service

Credited Service is determined in accordance with the following table:

Number of Hours Worked in Calendar Year	Years of Credited Service
1,350 or more	1.0
1,200 - 1,349	0.9
1,050 - 1,199	0.8
900 - 1,049	0.7
750 - 899	0.6
600 - 749	0.5
450 - 599	0.4
300 - 449	0.3
Less than 300	0.0

Contribution Rate

The contribution rate increased from $1.25 per hour to $1.30 per hour, effective April 6, 2020 for the janitorial sector only. The security sector remains at $1.25 per hour. The average contribution rate for all actives is $1.286.

Changes in Plan Provisions

There were no changes in plan provisions reflected in this actuarial valuation.

Justification for Change in Actuarial Assumptions (Schedule MB, line 11)	For purposes of determining current liability, the current liability interest rate was changed from 2.55% to 2.28% due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 431(c)(6)(E) and the mortality tables and mortality improvement scales were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1. Based on past experience and future expectations, the following actuarial assumptions were changed as of October 1, 2021: • Net investment return, previously 7.25% • Mortality for healthy annuitants, previously RP-2014 Healthy Annuitant Blue Collar Mortality tables with rates increased by 8%, and generationally projected using 60% of Scale MP-2014. • Mortality for pre-retirement, previously RP-2014 Healthy Employee Blue Collar Mortality tables with rates increased by 8%, and generationally projected using 60% of Scale MP-2014. • Mortality for disabled lives, previously RP-2014 Disabled Retiree tables (sex distinct), with rates increased by 8%, and generationally projected using 60% of Scale MP-2014. • Annual Administrative Expenses previously $2,250,000.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
