NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. On January 31, 2008, the Plan sponsor was changed to Houma Armature Works & Supply, Inc. due to the impending sale of Welch Sales & Services, Inc. (WSS). Due to the partial termination of the Plan, all participants of the Plan who were employees of WSS as of January 31, 2008 became 100% vested in their respective account balances.

a. General

The Plan is a participant directed defined-contribution plan covering all full-time employees of the Company who have ninety days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year participants may contribute pretax dollars subject to certain annual limitations. Participants are limited to a maximum of \$16,500 and \$15,500 in salary reductions with an additional \$5,500 and \$5,000 in catch up contributions for employees age 50 and older in the calendar year ended December 31, 2009 and 2008, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments through a life insurance company as investment options for participants. The Company will contribute to the Plan an amount at its sole discretion. Company contributions are subject to certain limitations.

c. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

The vesting of a participant's interest in matching contributions is based on years of continuous service as follows:

0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

1. Description of Plan – continued

e. Payment of Benefits

On termination of service due to death, disability, retirement, or termination a participant will receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments based on a predetermined length of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

f. Participant Loans

Participant loans are not permitted.

g. Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$10,738 and \$18,267, respectively. These accounts can be used to pay plan expenses and to reduce future Company contributions. Also, during 2009, employer contributions were reduced by \$10,217 from forfeited nonvested accounts.

2. Summary of Accounting Policies

a. Date of Management Review

Subsequent events were evaluated through October 4, 2010, which is the date the financial statements were available to be issued.

b. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies - continued

e. Basis of Accounting

The financial statements of the plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from the fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

f. Operating Expenses

All expenses of maintaining the plan are paid by the Company.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Fair Value Measurements Using:			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Unobservable Inputs (Level 2)	
<u>December 31, 2009</u>	<u>Fair Value</u>

Fair Value Measurements Using:			
	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)	
<u>December 31, 2008</u>	<u>Fair Value</u>

	<u>\$1,319,907</u>	<u>\$1,183,113</u>	<u>\$ 136,794</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets of identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 and Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end, which are actively traded.

Level 2 Fair Value Measurements

The fair value of mutual funds is based on the quoted prices for similar assets not actively traded.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable duration.

5. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the Company's contribution portion of their account.

In February 2008, Welch Sales & Services, Inc. withdrew from the Plan. Houma Armature Works & Supply, Inc. continued in the Plan and became the sponsor (See Note 1).

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>2009</u>	<u>2008</u>
Net assets available for benefits per the financial statement	\$1,248,016	\$1,350,629

Net assets available for benefits per Form 5500	<u>\$1,221,927</u>	<u>\$1,319,907</u>

7. Tax Status

The Internal Revenue Service determined on March 1, 1992, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Information Prepared and Certified by the Trustee of the Plan

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the Trustee as of December 31, 2009.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Related Party Transactions

In 2009 and 2008, certain Plan investments were shares of mutual funds managed by Guardian Life Insurance and Annuity Company and ING Life Insurance and Annuity Company, respectively. Guardian Life Insurance and Annuity Company and ING Life Insurance and Annuity Company, are the Trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$17,525 and \$17,864 for the year ended December 31, 2009 and 2008, respectively.

11. Investment Contract with Insurance Company

In 2008, the Plan entered into an investment contract with ING Life Insurance and Annuity Company (ING). ING maintains the contributions in a general account. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.
