INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Valley Fruit 401(k) Salary Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Valley Fruit 401(k) Salary Savings Plan as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule H, Line 4i - Schedule of Assets Held at End of Year referred to as "supplementary information" as of or for the year ended December 31, 2009. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2009 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment asset and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of or for the year ended December 31, 2009. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United State of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of Valley Fruit 401(k) Salary Savings Plan as of December 31, 2008, and in our report dated October 6, 2009, we expressed our opinion that such financial statement presents fairly, in all material respects, the net assets available for benefits of Valley Fruit 401(k) Salary Savings Plan as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

Valley Fruit 401(k) Salary Savings Plan
Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN

The following description of the Valley Fruit 401(k) Salary Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year participants may contribute pretax compensation up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions at its discretion each year. The Company may also make nonelective contributions at its discretion. Contributions are subject to certain limitations. The Plan was amended in 2003 to provide for self directed accounts. Accordingly, participants direct the investment of both their contributions and the matching contributions of the employer.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings(losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested each year after two years of service. A participant is 100% vested after six years of credited service.

Participant Loans. Participant loans are not permitted.

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant or beneficiary will receive an amount equal to the value of the vested interest in his or her account in a lump-sum amount unless an election to delay the distribution is made. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to roll over the distribution to another retirement plan. If the participant fails to make an affirmative election, then amounts under \$1,000 will be automatically distributed to them. If the amount is between \$1,000 and \$5,000, the participant may elect either a cash lump sum or a rollover to an IRA or other plan. For accounts over \$5,000, distribution will be made when the participant requests it and either in a lump sum or a rollover to an IRA or other plan.

Forfeited Accounts. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$2,061 and \$383, respectively. These accounts will be used to reduce future employer contributions or plan expenses.

Trustee. On October 8, 2008 Capital Bank and Trust was appointed Trustee of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 4, 2010, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valley Fruit 401(k) Salary Savings Plan
Notes to Financial Statements

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Significant costs of plan administration are paid by the Company but are allowed to be paid by the Plan's forfeiture account.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Valley Fruit 401(k) Salary Savings Plan
Notes to Financial Statements

NOTE C - FAIR VALUE MEASUREMENTS (Continued)

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2009</u>		
Mutual funds	<u>\$3,413,994</u>	<u>\$3,413,994</u>
 <u>December 31, 2008</u>		
Mutual funds	<u>\$2,451,720</u>	<u>\$2,451,720</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

NOTE D - INVESTMENTS

Unaudited Information Certified by the Plan Trustee.

The December 31, 2009 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year then ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$3,413,994 at December 31, 2009 and related gains of \$741,224 for the year then ended.

The following presents investments that represent 5 percent or more of the Plan's net assets:

	2009	2008
American Funds WA Mutual	\$ 619,050	\$469,050
American Funds Growth Fund	1,128,699	765,548
American Funds New Perspective	733,842	487,613
American Funds Bond Fund	329,847	269,805
American Funds Europacific	205,424	150,599
American Funds Money Market	237,102	216,930

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year and interest and dividends which were all re-invested) appreciated in value by \$741,224 as follows:

Mutual funds	<u>\$741,224</u>

Valley Fruit 401(k) Salary Savings Plan
Notes to Financial Statements

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed BBM Financial Services, Inc., the Plan's service provider, by a letter dated July 16, 2002, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

A required restatement of the Plan was completed in 2009. The restatement adopts a prototype non-standardized profit-sharing plan with CODA which has been approved by the IRS and according to a letter received from the IRS dated 3/31/08 may be relied on with respect to qualification of the plan.

NOTE G - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
