INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Auto-Owners Insurance Company
Retirement Savings Plan

Opinion

We have audited the financial statements of Auto-Owners Insurance Company Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Auto-Owners Insurance Company Retirement Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Auto-Owners Insurance Company Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-Owners Insurance Company Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Auto-Owners Insurance Company Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Auto-Owners Insurance Company Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, as identified in the table of contents, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AUTO-OWNERS INSURANCE COMPANY
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLAN

The following brief description of the Auto-Owners Insurance Company Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description, the Plan Agreement, and the Adoption Agreement for more complete information.

General

The Plan is a defined contribution plan pursuant to Section 401(k) of the Internal Revenue Code providing a voluntary savings plan for all eligible part-time and full-time associates of Auto-Owners Insurance Company (the Company) or a subsidiary or other closely affiliated company that has adopted the Plan. Full-time and eligible part-time Auto-Owners associates and employees of California Capital Insurance Company (wholly owned subsidiary of Capital Insurance Group (CIG)) associates are eligible for participation immediately upon performing an hour of service. As of July 12, 2022, Lake Country Corporation employees are eligible for participation after completion of one hour or service. As of August 15, 2022, Atlantic Casualty Insurance Company merged their 401(k) plan into the Plan. See further information in note 8 of the financial statements.

Contributions

Auto-Owners, California Capital Insurance Company Associates, and Atlantic Casualty Insurance Company

Upon hire, associates are automatically enrolled in the Plan at a Roth contribution rate of 5%, unless otherwise elected by the associate. Contributions in the form of pre-tax contributions must be elected via an online submission form or phone call to Vanguard by the participant.

The Plan permits participants to contribute 1% to 100% of their base pay each payroll period subject to the maximum limitations established by the Internal Revenue Code. Contributions may be in the form of pre-tax contributions or Roth after-tax contributions. Participants age 50 or older are eligible to make catch-up contributions. The Company contributes safe harbor matching contributions on a per payroll period basis at an amount equal to 100% of associate contributions up to 3% of base pay and 50% of the associate's contributions in excess of 3% of base pay up to a maximum of 5% of base pay.

Lake Country Employees

Employees may make thrift and savings contributions of 2% to 25% of their base pay each payroll period subject to the maximum limitations established by the Internal Revenue Code. Lake Country contributes thrift and savings matching contributions on a per payroll period basis at an amount equal to 50% of employee contributions up to 10% of compensation. As of August 12, 2022, the Plan will no longer accept additional Thrift & Savings Contributions. As a result, participants will now follow Auto-Owners plan provisions noted above.

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan investment earnings. Allocations of plan investment earnings are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in participant and Company contributions plus actual earnings thereon.

Payment of Benefits

Participants may elect to withdraw all or any portion of their regular after-tax retirement savings accounts at any time.

Participants may request that all or a portion of their contributions to their 401k accounts be distributed in the case of financial hardship, as defined in the Plan document. The Company must approve any such financial hardship withdrawals.

Participants may elect to withdraw all or any portion of their thrift and savings accounts. Company matching contributions must have been in the Plan for at least two years to be eligible for withdrawal. Participants who make voluntary withdrawals are not eligible to participate during the twelve-month period following the date of the withdrawal.

Participants may elect to withdraw all or any portion of their incentive bonus account funds provided the funds have been in the Plan for at least two years.

Capital Insurance Group participants may request a distribution of all or a portion of the Participant's CIG ESOP Account at any time for any reason.

Upon termination of service with the Company, associates are entitled to payment of their benefits directly or to roll over their benefits into either a qualified retirement plan or individual retirement agreement.

Notes Receivable from Participants

Participant loans were rolled into the Plan through the acquisition of Capital Insurance Group. Otherwise, the Plan does not allow for participant loans. These loans are secured by the balance in the participant's account. On existing loans, principal and interest are paid ratably through payroll deductions until the loan has been paid in full. No participant is eligible to establish a new/additional loan. See Note 8.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022. Once participant balances are paid off, no further loans will be allowed to be taken by participants associated with the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Non-retiree terminated participants and their beneficiaries are responsible for paying recordkeeping fees of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluates events and transactions that occur after year end for potential recognition or disclosure in the financial statements. These subsequent events have been considered through July 19, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - DEPOSIT ADMINISTRATION GROUP ANNUITY CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Auto-Owners Life Insurance Company (AOLIC), a wholly owned subsidiary of Auto-Owners Insurance Company. AOLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the insurance company. The contract is included in the financial statements at contract value as reported to the Plan by AOLIC. AOLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by AOLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses paid by the participant. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The deposit administration group annuity contract specifies that Auto-Owners Life Insurance Company will credit the funds invested under the contract with interest as determined by Auto-Owners Life Insurance Company, but not less than a 3% annual rate for 2022 and 2021. The contract has exceeded the minimum termination years and the Plan can terminate the contract without incurring discontinuance charges.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include the following: (1) failure to maintain minimum amounts of assets or participation, (2) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (3) bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, (5) premature termination of the contract. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 3 - DEPOSIT ADMINISTRATION GROUP ANNUITY CONTRACT (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield earned on the contracts and credited to participant accounts was 3.15% from January 1, 2022 through December 31, 2022, and 3.05% from January 1, 2021 through December 31, 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Collective Trust Funds: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 148,704,928	$ -	$ -	$ 148,704,928
Investments measured at net asset value				294,503,616
Total investments				$ 443,208,544

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 166,532,538	$ -	$ -	$ 166,532,538
Investments measured at net asset value				318,329,310
Total investments				$ 484,861,848

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trusts	$ 294,503,616	n/a	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trusts	$ 318,329,310	N/A	Daily	None

NOTE 5 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated January 25, 2017, that the Plan is designed in accordance with applicable sections for the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and collective trusts managed by Vanguard. Vanguard is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Additionally, a portion of the Plan's assets are investments in an investment contract with Auto-Owners Life Insurance Company (AOLIC). As the insurance company is the plan sponsor, transactions involving the investment contract with AOLIC qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan, in whole or in part, subject to the provisions of ERISA. In the event of plan termination, the balances in participants' accounts will be distributed in a single lump sum.

NOTE 8 - TRANSFERS IN

Atlantic Casualty Insurance Company was acquired by Auto-Owners Insurance Company during 2022 and the Atlantic Casualty Insurance Company 401(k) Plan was transferred into the Auto-Owners Insurance Company Retirement Savings Plan on August 25, 2022. Total transfers into the Plan included participant balances of $18,032,132.
