To the Plan Administrator and Trustees of the
W.C.A. Employees' 401(k) Salary Deferral Savings Plan

We were engaged to audit the financial statements of the W.C.A. Employees' 401(k) Salary Deferral Savings Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information, which was certified by ING, the custodian of the Plan, except for comparing the information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

W.C.A. EMPLOYEES' 401(k) SALARY DEFERRAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

A. Description of the Plan

The following description of the W.C.A. Employees' 401(k) Salary Deferral Savings Plan (the "Plan") provides only general information. The Plan is sponsored by Weitzman Management Corporation (the "Plan Sponsor" or the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established effective January 1, 1992, and restated effective April 1, 2002, is a defined contribution plan covering substantially all employees of the Company who are age 18 or older except union employees and non-resident aliens. Participants are eligible to participate in the Plan the first day of their employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their annual compensation (up to 100%) to the Plan on a before-tax basis, not to exceed the limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to the limitations imposed by the Code. Participants are also allowed to roll money from another qualified retirement plan into the Plan.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution based on participants' elected salary deferrals. To be eligible to receive the matching contribution, a participant must be either employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year or have died, retired, or suffered disability during such Plan year. For the year ended December 31, 2009 and 2008, the Company did not authorize a discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, employer contribution, and earnings thereon. Allocations are based on participant earnings or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon, vest in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than two (2) years	0%
Two (2) years	20%
Three (3) years	40%
Four (4) years	60%
Five (5) years	80%
Six (6) years	100%

Participants shall become fully vested upon termination of employment due to death or disability.

Loans

Participants are allowed to borrow from their accounts. The loan cannot exceed the lesser of 50% of the participant's vested balance or $50,000. Loans must be repaid through payroll deductions within five years, unless the funds are used for the purchase of a primary residence in which case the term may be extended. Each loan shall be evidenced by a promissory note and shall bear a reasonable rate of interest. Interest rates ranged from 4.25% to 9.25% as of December 31, 2009, and 5.00% to 9.25% as of December 31, 2008.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, lump sums, or in equal installments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution of his salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; or, (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence.

Participants that have attained age 59½ and have not terminated service with the Company may elect to take an in-service distribution of the vested portion of their account.

A. Description of the Plan – continued

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce discretionary matching contributions. There were no forfeitures used to for the year ended December 31, 2009 as there was no prior year match to reduce. Forfeitures used for the year ended December 31, 2008, were approximately $2,600, which was allocated towards the 2007 discretionary matching contribution. As of December 31, 2009 forfeited amounts still being held approximated $5,300.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments into any of the Plan's investment options.

Plan Expenses

Both the Plan and the Company pay administrative expenses related to the Plan. Employees of the Company perform certain administrative functions with no compensation from the Plan. The administrative costs of the Plan are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Company and participants are accrued, as they become obligations of the Company, as determined by the Plan Administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

B. Summary of Accounting Policies – continued

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. The Plan adopted FASB ASC Topic No. 820 effective January 1, 2008, and such adoption did not have material impact on the financial statements of the Plan. See Note D for information related to the Plan's valuation methodologies under FASB ASC Topic No. 820.

Investment gains and losses are accounted for using the average cost basis of the securities sold. These investments are subject to market or credit risks customarily associated with debt and equity investments. Participant loans are recorded at unpaid principal balances that approximate fair value.

The net realized and unrealized gains and losses on investments include realized gains and losses resulting from the sale of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Pronouncement

In June 2009, the FASB issued a standard which established the FASB ASC as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The ASC was effective for financial statements issued for annual periods ending after September 15, 2009, and was adopted by the Plan in the year ended December 31, 2009. Adoption of this standard did not impact the Plan's financial statements.

In October 2008, the FASB issued FASB ASC Topic No. 450-20 which requires management to evaluate subsequent events through the date the financial statements are issued, or are available to be issued as defined in the Statement. It also requires the Plan to disclose in the financial statements, the date through which subsequent events have been evaluated.

	2009	2008
Mutual funds	$ 655,785	($1,492,164)

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

D. Fair Value Measurement – continued

- Level 1 — inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the Plan's valuation methodologies for assets and liabilities measured at fair value. Such valuation methodologies were applied to all of the assets and liabilities carried at fair value effective January 1, 2008. The Plan has established a process for determining fair values. Fair value is based upon quoted market prices, where available. If listed prices or quotes are not available, fair value is based upon models that primarily use, as inputs, market-based or independently-sourced market parameters, including yield curves, interest rates, volatilities, equity or debt prices, foreign exchange rates, and credit curves. In addition to market information, models also incorporate transaction details, such as maturity. Valuation adjustments, such as liquidity valuation adjustments, may be necessary when the Plan is unable to observe a recent market price for a financial instrument that trades in inactive (or less active) markets. Liquidity adjustments are not taken for positions classified within Level 1 (as defined above) of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table presents the financial instruments carried at fair value as of December 31, 2009 and 2008, by caption on the Statement of Net Assets Available for Benefits and by FASB ASC Topic No. 820 valuation hierarchy (as described above). The Plan has no assets classified within level 3 of the valuation hierarchy.

Assets and liabilities measured at fair value on a recurring basis as of December 31, 2009:

December 31, 2009	**Quoted market prices in active markets (Level 1)**	**Models with significant observable market parameters (Level 2)**	**Total carrying value in the Statement of Net Assets Available for Benefits**
Mutual funds	$ 1,650,338	$ 1,975,389	$ 3,625,727
Guaranteed interest accounts	-	1,012,291	1,012,291
Participant loans	-	231,755	231,755
Total assets at fair value	$ 1,650,338	$ 3,219,435	$ 4,869,773

D. Fair Value Measurement – continued

Assets and liabilities measured at fair value on a recurring basis as of December 31, 2008:

December 31, 2008	Quoted market prices in active markets (Level 1)	Models with significant observable market parameters (Level 2)	Total carrying value in the Statement of Net Assets Available for Benefits
Mutual funds	$ 1,121,636	$ 2,075,704	$ 3,197,340
Guaranteed interest accounts	-	526,785	526,785
Participant loans	-	206,852	206,852
Total assets at fair value	$ 1,121,636	$ 2,809,341	$ 3,930,977

E. Information Certified by the Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2009 and 2008, the total investment income (loss) for the years ended December 31, 2009 and 2008, and all information included in the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

F. Tax Status

The Company has adopted the Aetna Life Insurance and Annuity Company Non-standardized 401(k) Profit Sharing Plan and Trust which has a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

G. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2009 and 2008, per the financial statements to the Form 5500:

	December 31, 2009	December 31, 2008
Net assets available for benefits per the financial statements	$ 4,859,852	$ 3,930,977
Current year excess contributions payable	9,921	-
Net assets available for benefits per the Form 5500	$ 4,869,773	$ 3,930,977

The following is a reconciliation of net decrease in net assets to the Plan as of December 31, 2009 and 2008, per the financial statements to the Form 5500:

	December 31, 2009	December 31, 2008
Net increase (decrease) in net assets to the Plan per the financial statements	$ 928,875	$ (945,298)
Prior year contributions receivable per the financial statements	-	34,675
Current year excess contributions payable per the financial statements	9,921	-
Net increase (decrease) in assets to the Plan per the Form 5500	$ 938,796	$ (910,623)

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. The cash basis was used in preparing the Form 5500, whereas the Plan's financial statements have been prepared on the accrual basis of accounting as required by accounting principles generally accepted in the United States of America.

H. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by ING. ING is the custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through July 27, 2010, the date the financial statements were available for issuance.
