INDEPENDENT AUDITORS' REPORT

Participants of the Aquinas Companies Non-Union
Hourly Employee Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Aquinas Companies Non-Union Hourly Employee Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule as of December 31, 2009. These statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Aquinas Companies Non-Union Hourly
Employee Profit Sharing Plan

Notes to Financial Statements

December 31, 2009

Note 1 - Description of the Plan

General

The Aquinas Companies Non-Union Hourly Employee Profit Sharing Plan (the "Plan") was adopted on January 1, 1998. It is a defined contribution plan covering the employees of Linbeck Group LLC, Lucia LLC., Xavier Structures LLC, and Xavier Structures I LLC (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company serves as administrator of the Plan.

Plan trustee

The Plan's trustee is Fidelity Management Trust Company ("Fidelity" or "Trustee").

Eligibility

Non-union employees, excluding salaried employees, are eligible to participate in the Plan upon completing one year of service and attaining 21 years of age.

Contributions

Employees are not permitted to make voluntary contributions under the terms of the Plan.

The Company has the option to make an annual discretionary profit sharing contribution in an amount to be determined by the Company's Board of Directors at the Plan's year end. During 2009 and 2008, the Company did not make discretionary profit sharing contributions.

Vesting

The employer contribution and earnings thereon vest in accordance with the following:

Years of Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Participant accounts

Each participant's account is credited with an allocation of the Company's discretionary profit sharing contribution, Plan earnings/losses and expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan elected a non-participant directed investment program. The Plan's investments are Fidelity funds. The Company's annual discretionary contribution is allocated to the Fidelity's funds pursuant to the Company's direction.

Employee Profit Sharing Plan

Note 1 - Description of the Plan (Continued)

Payment of benefits

Upon termination of service, a participant can elect to receive either a lump-sum amount equal to the value of his or her vested account balance or periodic installments for any certain term as defined by the Plan. If a participant's vested account balance is $5,000 or less as of the date of the participant's termination, the entire vested account balance will automatically be paid in a single lump-sum cash payment.

Forfeitures

When certain terminations of participation occur, the non-vested portion of the participant's account balance, as defined by the Plan, represents a forfeiture. Forfeitures are retained in the Plan and are first used to pay administrative expenses and then used to reduce future Company contributions. At December 31, 2009 and 2008, $8,959 and $6,507, respectively, of non-vested forfeited accounts were available to pay administrative expenses of the Plan or to reduce future Company contributions.

Note 2 - Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year end is determined using the fair market value at the beginning of the year or the purchase price if the investment is acquired during the year.

The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 2 - Significant Accounting Policies (Continued)

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Financial instruments and credit risk

The Plan participants may invest in various types of investment securities which are not insured by the federal government. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

Administrative expenses

Administrative expenses of the Plan, if not paid by the Plan, are paid by the Company.

Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

New accounting pronouncements

In May 2009, the Financial Accounting Standards Board ("FASB") issued new guidance which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or are available to be issued. The guidance is effective for annual periods ending after June 15, 2009. The adoption of the guidance did not have a material impact on the Plan's financial statements. See Note 9.

In June 2009, the FASB issued the Accounting Standards Codification (the "Codification"). The Codification became the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The Codification is effective for annual periods ending after September 15, 2009. The guidance did not have a material impact on the Plan's financial statements.

Note 2 - Significant Accounting Policies (Continued)

New accounting pronouncements (continued)

In September 2009, the FASB issued guidance regarding the fair value measurement of investments in certain entities that calculate net asset value per share. The guidance applies to investments that do not have a readily determinable fair value and are held by an entity that is required to report the investment assets at fair value. This guidance permits, as a practical expedient, an entity to measure the fair value of an investment on the basis of the net asset value per share of the investment (or its equivalent) and requires disclosures, by major category of investments, the attributes of investments, such as the nature of any restrictions on the investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investees. The guidance is effective for annual periods after December 15, 2009. The Plan's adoption of this guidance did not have a material impact on the Plan's financial statements. See Note 3.

The FASB issued new guidance in 2009 and 2010 to clarify certain existing fair value disclosures and requires a number of additional disclosures. The guidance requires a reporting entity to show fair value measurements for each class within each category of assets and liabilities effective for periods ending after June 15, 2009. See Note 3. In addition, the guidance requires the reporting entity to disclose information about inputs and valuation techniques for fair value measurements that fall in either level 2 or level 3 and introduced new requirements to disclose the amounts and reasons for any significant transfers between levels 1 and 2 fair value measurements and present information regarding the purchases, sales, issuances and settlements of level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in level 3 measurements on a gross basis, which is delayed until 2011, the guidance becomes effective for reporting periods beginning after December 15, 2009. Plan management is currently evaluating the effect that the guidance will have on the Plan's financial statements.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;

- Level 2 - inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market account - These investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets.

- Participant loans - Loans are valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments measured at fair value are classified as Level 1 and are as follows as of December 31, 2009:

Money market fund	$ 10,455
Mutual funds	
Bond fund	19,236
Mid-cap value fund	301
Large value fund	249
Mid-cap blend fund	339
Small blend fund	394
Target date funds	99,630
Total investments	$ 130,604

The Plan's investments measured at fair value are classified as Level 1 and are as follows as of December 31, 2008:

Money market fund	$ 7,993
Mutual funds	100,680
Total investments	$ 108,673

Note 4 - Investments

Individual investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008 are as follows:

	2009	2008
Fidelity Retirement Money Market Fund	$ 10,455	$ 7,993
Fidelity U.S. Bond Index Fund	19,236	18,095
Fidelity Freedom 2020 Fund	10,984	9,014
Fidelity Freedom 2025 Fund	12,795	11,807
Fidelity Freedom 2030 Fund	10,568	8,187
Fidelity Freedom 2035 Fund	16,169	12,319
Fidelity Freedom 2040 Fund	24,178	20,347
Fidelity Freedom 2045 Fund	10,571	8,462
Fidelity Freedom 2050 Fund	7,352	5,949

During 2009 and 2008, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $22,547 and $(51,092), respectively.

Note 5 - Information Certified by the Trustee (Unaudited)

The following is a summary of the unaudited information that was prepared by the Trustee, for 2009 and 2008, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that the following information is complete and accurate as of and for the year ended December 31, 2009 and 2008:

	2009	2008
Investments at fair value		
Mutual funds	$ 120,149	$ 100,680
Money market fund	10,455	7,993
Interest and dividends	3,492	5,787
Net appreciation (depreciation) in fair value of investments	22,547	(51,092)

All information included in Schedule H, line 4i - Schedule of Assets Held at End of Year was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

Note 6 - Party-In-Interest Transactions

The Plan's investments are shares in mutual funds and a money market fund managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

Note 7 - Tax Status

The Plan has adopted a prototype plan document, which obtained its latest determination letter dated October 9, 2003, in which the Internal Revenue Service stated that the prototype plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Subsequent Events

Management has evaluated subsequent events through October 4, 2010, which was the date that the financial statements were available to be issued, and has determined that there are no subsequent events to be reported.
