NOTE A - DESCRIPTION OF PLAN

The following description of the **Burger Physical Therapy** ("Company") **Profit Sharing & 401 (k) Plan** ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering full-time employees of the Company who have three months of qualified employment, except certain employees who are covered by a collective bargaining agreement, serving only as directors of the Company and independent contractors. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. The Company has the option under the Plan to make discretionary profit sharing contributions. For the purposes of this Plan, a participant's compensation is his or her total earnings for such year. Such compensation for any fiscal year is limited to the amount as provided under 415(d) of the Internal Revenue Code. Additional employer contributions, profit sharing, may be made at the option of the Company's board of directors.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after seven years of credited service.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions in 5 percent increments in any investment option with Matrix Settlement and Clearance Services, LLC.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates ranging from 6 percent to 10.5 percent. Principal and interest is paid ratably through monthly payroll deductions.

NOTE A - DESCRIPTION OF PLAN - *continued*

Payment of Benefits - On termination of service due to death, disability or retirement, benefits are paid in the form of a single life annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are entitled to the vested portion of their benefit at retirement or termination, calculated on the valuation date coincident with or preceding retirement or termination date.

Forfeited Accounts - Forfeited accounts are allocated to the participants account in proportional share of his or her account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at quoted market prices. Participant loans are recorded at cost, which approximates fair value.

Purchases and sales of securities are recorded on settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following table presents investments that represent 5 percent or more of the Plan's net assets.

	December 31,

Mutual funds	$944,877

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE E - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has received a favorable determination and the Plan has not been revised since the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE F - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at lease reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
