Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Nephrology Associates of Central Florida, P.A. 401(k) Profit, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Nephrology Associates of Central Florida, P.A. 401(k) Profit's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nephrology Associates of Central Florida, P.A. 401(k) Profit and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nephrology Associates of Central Florida, P.A. 401(k) Profit's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nephrology Associates of Central Florida, P.A. 401(k) Profit's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nephrology Associates of Central Florida, P.A. 401(k) Profit's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedules of assets (held at end of year) and of delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Trustees and Plan Administrator
Nephrology Associates of Central Florida, P.A.
401(k) Profit Sharing Plan

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Nephrology Associates of Central Florida, P.A. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing (defined contribution) plan with a cash or deferred arrangement originally effective January 1, 2007. The Plan has been amended and restated throughout the years to comply with tax legislation and most recently restated on January 1, 2021. The Plan excludes nonresident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustees and Plan administrator are responsible for the oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Nonexcluded employees of Nephrology Associates of Central Florida, P.A. (the Company) are eligible to participate in the deferral, match, and safe harbor components of the Plan on the later of completion of one year of service or upon turning 21 years of age. Participants are eligible for the profit sharing contributions if they meet the eligibility requirements above, complete 1,000 hours of service and are employed on the last day of the Plan year. Plan entry dates are January 1st and July 1st of each Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a safe harbor contribution equal to 3% of each eligible employee's compensation.

The Company may, at its discretion, elect to make an additional matching contribution or a profit sharing contribution to the Plan. There was no additional matching contribution for the year ended December 31, 2022. The discretionary profit sharing contributions are allocated among the designated classes of participants, as defined in the Plan. The Company's profit sharing contribution was $1,004,480 for the year ended December 31, 2022.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances or participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting

Participants are immediately vested in their Roth contributions, elective deferrals and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary additional matching and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service, reaching normal retirement age, becoming disabled, or death, as further defined in the Plan document.

Notes Receivable from Participants

The Plan does not contain a provision that permits participants to borrow from their accounts, however, the Plan will accept a note receivable from another plan in certain limited circumstances, such as the acquisition of another medical practice. In these limited circumstances, the Plan will not issue any new loans, but rather will administer the remaining loan repayments under any accepted loans. At December 31, 2022 and 2021, there were no outstanding loans.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 53 and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited amounts of terminated participants who are not 100% vested in Company additional matching or profit sharing contributions are first used to pay Plan expenses and then any remaining forfeitures are used to reduce discretionary additional matching or profit sharing contributions. Forfeited nonvested accounts available to pay Plan expenses or totaled $8,939 and $61,476 as of December 31, 2022 and 2021, respectively. There were $61,145 in forfeitures used to reduce Company contributions for the year ended December 31, 2022. There were no forfeitures used to pay Plan expenses during the year ended December 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 15, 2023, the date the financial statements were available to be issued.

Effective March 1, 2023 the Plan assets were transferred from John Hancock to Paychex. In May 2023, assets totaling approximately $6.8 million were spun off into a separate plan due to the unwinding of the two divisions that make up the Plan sponsor.

NOTE 3 INVESTMENTS AND ADMINISTRATION OF PLAN ASSETS

The investments of the Plan are held by John Hancock Life Insurance Company U.S.A. (John Hancock), the insurance company, TD Ameritrade, Inc., Morgan Stanley Smith Barney, LLC, and Raymond James and Associates, Inc. (collectively, the outside custodians) who also provide administrative services for the Plan. The insurance company and outside custodians invest the assets of the Plan at the direction of the Plan's trustees and Plan participants as defined by the service agreements. The insurance company and outside custodians value participant-directed and self-directed funds daily, allocate the earnings since the last valuation among the participants and make disbursements to participants and beneficiaries of the Plan upon the direction of the Plan's trustees and Plan participants.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

John Hancock Life Insurance Company (U.S.A.), insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of certain investment information, including investment income reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Investments held and certified by John Hancock at December 31:

	2022	2021
Cash Noninterest Bearing	$ 8,939	$ 61,476
Fully Benefit-Responsive Insurance Contract	-	33,331
Pooled Separate Accounts	29,886,991	37,289,027
Total	$ 29,895,930	$ 37,383,834

Investment income certified by John Hancock for the year ended December 31, 2022:

Net Depreciation from Pooled Separate Accounts	$ (6,394,182)

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: Investments in pooled separate accounts are valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Self-Directed Brokerage Accounts: Investments in self-directed brokerage accounts are comprised of common stock, mutual funds, unit investment trusts, cash and cash equivalents and a nontraded business development company fund.

Cash and Cash Equivalents (Held Within the Self-Directed Brokerage Accounts): Investments in cash and cash equivalents are valued based on cost, which approximates fair value in a noninflationary economy.

Common Stock (Held Within the Self-Directed Brokerage Accounts): Common stock are traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using investment manager's best estimates.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Mutual Funds (Held Within the Self-Directed Brokerage Accounts): Investments in the money market mutual funds (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Nontraded Business Development Company Fund (Held Within the Self-Directed Brokerage Accounts): Valued at NAV per unit (or its equivalent) based upon the fair value of the underlying investments. NAV is used as a practical expedient to estimate fair value.

Unit Investment Trusts (Held Within the Self-Directed Brokerage Accounts): United Investment Trusts (UITs) are fixed portfolios, commonly comprised of equity and bond securities, holding such securities for a specified period of time. The UITs are traded in active markets on national and international securities exchanges and are valued at closing prices on the last business day of each period presented.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Accounts	$ 4,359,879	$ -	$ -	$ 4,359,879
Pooled Separate Accounts	-	29,886,991	-	29,886,991
Total Investments in the Fair Value Hierarchy	$ 4,359,879	$ 29,886,991	$ -	34,246,870
Investments Measured at Net Asset Value				13,428
Total Investments at Fair Value				$ 34,260,298

	2021			
	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Accounts	$ 5,325,283	$ -	$ -	$ 5,325,283
Pooled Separate Accounts	-	37,289,027	-	37,289,027
Total Investments in the Fair Value Hierarchy	$ 5,325,283	$ 37,289,027	$ -	42,614,310
Investments Measured at Net Asset Value				12,452
Total Investment at Fair Value				$ 42,626,762

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31:

	Fair Value		Unfunded	Redemption	Redemption
Investment Type	2022	2021	Commitments	Frequency	Notice Period
Energy Fund	$ 13,428	$ 12,452	$ 257	No Restrictions	No Restrictions

The energy fund held within the self-directed brokerage account is comprised of various energy holdings with the objective to generate current income and long-term capital appreciation.

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional fully benefit-responsive guaranteed investment contract with John Hancock Life Insurance Company (U.S.A.) (the Insurance Company). The Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the Insurance Company to terminate the agreement prior to the schedule maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Bates and Company provide certain third-party administrator services to the Plan. The fees paid to Bates and Company are netted with net depreciation in fair value of investments in the accompanying statement of changes in net assets. In addition, certain Plan investments are shares of pooled separate accounts managed by John Hancock which qualify as party-in-interest transactions. Self-directed brokerage accounts are managed by Morgan Stanley, TD Ameritrade, Raymond James and LPL Financial. Fees paid by the Plan to John Hancock, Morgan Stanley, TD Ameritrade, Raymond James and LPL Financial are also netted with net depreciation in fair value of investments in the accompanying statement of changes in net assets for investments held by John Hancock, Morgan Stanley, TD Ameritrade, and Raymond James. Fees paid by participants for participant-directed transactions to John Hancock, Morgan Stanley, TD Ameritrade, Raymond James or LPL Financial appear as administrative expenses on the accompanying statement of changes in net assets.

NOTE 8 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 10 PLAN TAX STATUS

The Plan is placing reliance on opinion letters received from the IRS on the prototype plan from which the Plan was adopted indicating that the prototype plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under current income tax law. The Plan has been restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 NONEXEMPT TRANSACTION

For the year ended December 31, 2022, the Company failed to remit employee 401(k) deferral contributions for a certain payroll period within the time frame prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company has not yet corrected the contribution by depositing lost earnings and completing Form 5330 and paying applicable excise taxes.
