INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
The Bayshore Health & Homemaker Services, Inc.
401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bayshore Health & Homemaker Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bayshore Health & Homemaker Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bayshore Health & Homemaker Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bayshore Health & Homemaker Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bayshore Health & Homemaker Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bayshore Health & Homemaker Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator
The Bayshore Health & Homemaker Services, Inc.
401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAYSHORE HEALTH & HOMEMAKER SERVICES, INC.
401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Bayshore Health & Homemaker Services, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Bayshore Health & Homemaker Services, Inc. 401(k) Plan was established on April 1, 2007 in accordance with Florida Retirement Consultants Volume Submitter 401(k) Profit Sharing Plan. The Trustee ("Trustee") is appointed by the Board of Directors of Bayshore Health & Homemaker Services, Inc. ("Sponsor"), was named the fiduciary responsible for the operation and administration of the Plan. The Sponsor entered an unallocated nonparticipating group annuity contract with the Transamerica Financial Life Insurance Company ("TA") during 2012. This contract provides for fixed annuity purchase options and separate account investment options. Florida Retirement Consultants ("FRC") serves as the third-party administrator ("TPA") for the Plan, as appointed by the Trustee. Investment options, certain recordkeeping and custodial services are provided through TA.

The Plan is a Defined Contribution cash or deferred profit-sharing plan and is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). The Bayshore Health & Homemaker Services, Inc.'s Adoption Agreement covers all employees of the Sponsor who have met the eligibility requirement of age 21 and one (1) year of service. The Plan is a safe harbor plan and is designed to be in compliance with IRC 404(c) and provides for individual participant investment election. Contributions to the Plan are remitted directly by the Sponsor to TA and invested based on the Plan provisions of the TA contract (investment options as provided by the Sponsor) and participant elections.

Contributions:

Each year, participants may contribute a percentage of their gross annual compensation, subject to certain limitations. Participants who have attained age 50 by year-end may make catch-up contributions. The Sponsor makes safe harbor matching contributions equal to 100% of each participant's contributions up to the first 3% of applicable compensation, plus 50% of each participant's contributions up to the next 2% of applicable compensation. Matching contributions are determined each payroll period. The Sponsor may make additional matching or discretionary contributions to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options:

Participants may choose from several investment options which are offered through TA, the custodian of the Plan. Those investment options consist of pooled separate accounts and a Stable Value Core Option investment contract.

Participant Accounts:

Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions and allocations of Plan earnings; and charged with withdrawals, administrative expenses, and allocations of Plan losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are 100% vested in the balances of their voluntary contributions and the 401(k) safe harbor match of the Plan Sponsor plus actual earnings thereon. Vesting in the 401(k) discretionary contribution is based on years of continuous service. A participant is 100% vested after six years of credited service with more than 1,000 hours of service in each year. Participants become 100% vested in all employer contributions upon disability, death or attaining retirement age.

Participant Loans:

Participants may not borrow from their fund accounts.

Payment of Benefits:

On termination of services due to death, disability or retirement, a participant generally receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures:

Forfeitures may be used to reduce employer contributions and pay administrative expenses of the Plan. In 2022 and 2021 no forfeitures were used to reduce the amount of the employer safe harbor matching contributions. As of December 31, 2022 and 2021, the Plan had forfeited nonvested accounts of $12.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation:

The financial statements of the Plan are presented on the accrual basis. Separate accounts are maintained to identify net assets available for benefits derived from the contributions made by the participants, and Sponsor's matching and discretionary contributions and participant rollover amounts transferred from other qualified plans.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

TA's Stable Value Core Option investment choice in the Group Annuity Contract meets the Financial Accounting Standards Board's ("FASB's") definition of a fully benefit-responsive contract, and thus, is reported at contract value in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following information is provided on the Plan's fully benefit-responsive investment contract:

1. The Stable Value Core Option investment choice is a non-tradable obligation of TA. The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of TA.

2. The repayment of principal and interest credited to participants holding the investment is a financial obligation of TA. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable for example, a significant decline in creditworthiness of TA, the Stable Value Core Option investment choice may no longer be considered fully benefit-responsive.

3. The terms of TA's Group Annuity Contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the Plan.

4. Since the Stable Value Core Option investment choice is an obligation of TA, the occurrence of an event that limits the ability of the investment to transact at contract value between TA and a participant holding the investment is not probable.

5. The Stable Value Core Option investment choice allows a participant reasonable access to their assets.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses are paid by the Plan or the Company as provided in the Plan document.

Subsequent Events:

Management has evaluated subsequent events through September 7, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with TA. TA maintains the contributions in its general account. The Stable Value Core Option Account is credited daily with earnings at an effective annual rate of interest as declared from time to time by TA. The rate has not been less than .75% in 2022 and 2021. The accounts are charged with Plan withdrawals and administrative expenses charged by TA.

The effective annual yield on the Stable Value Core Option Accounts was as follows:

Average yield for the year	0.83%
Yield at end of year	0.90%

The Stable Value Core Option Account is not considered a guaranteed interest contract ("GIC").

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The guidance establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for financial instruments measured at fair value:

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year-end, as reported by the investment manager.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 397,858	$ 1,210,967	$ -	$ 1,608,825

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 551,882	$ 1,318,863	$ -	$ 1,870,745

NOTE 5 - INCOME TAX STATUS

Effective January 1, 2022, the Plan was restated through the adoption of a pre-approved plan document (formerly known as a prototype plan) provided by Florida Retirement Consultants ("FRC"). FRC received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Prior to January 1, 2022, the Plan used a prototype plan document sponsored by FRC. FRC received its latest opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The pre-approved plan document has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 6 - TRANSACTIONS WITH PARTY-IN-INTEREST

Plan investments are managed by TA. TA is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan for investment management services amounted to $22,991 for the year ended December 31, 2022.

NOTE 7 - PLAN TERMINATION

The Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 - INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED INFORMATION)

TA holds the Plan's investment assets and executes transaction therein. Financial information relating to the Plan's assets held by TA as of December 31, 2022 and 2021, and for the year ended December 31, 2022, is included in the accompanying financial statements and is based on information certified by TA. This information, which has not been audited by independent auditors, is summarized below:
