ELKHORN HOLDINGS, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Elkhorn Holdings, Inc. Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective January 1, 2007, is a defined contribution plan covering eligible employees of Elkhorn Construction, Inc., HOAD, Inc., and Eagle Pipeline Construction, Inc. (Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the salary reduction and employer safe-harbor matching provisions of the Plan after having completed one calendar quarter of continuous employment. Employees covered by a collective bargaining agreement, leased employees and individual performing services for an employer who are not characterized by that employer as a common law employee are excluded from the Plan.

Entry Date

Employees may enter the Plan on the first day of the calendar quarter coinciding with or next following the date the eligibility requirements are met for the deferral and match provisions of the Plan.

Contributions

The participant's contributions are made through a salary reduction under which the participant may defer a percentage of compensation each year, as defined by the Plan, not to exceed dollar limitations imposed by the Internal Revenue Service, \$16,500 and \$15,500 for 2009 and 2008, respectively. Participants may also contribute amounts representing distributions from other qualified plans. The Companies will contribute Safe-Harbor matching in an amount equal to 100% of the participant's before-tax contributions that do not exceed 3% of compensation, plus 50% of the before-tax contributions up to 5% of compensation for the plan year on behalf of each participant for the plan year.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contribution, and Plan earnings. Allocations are based on participants' compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

Forfeitures

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. At December 31, 2009 and 2008, the balance of the forfeiture account was \$24,015 and \$0, respectively.

Plan Benefits

A participant is entitled to benefits as soon as administratively possible after one of the following events:

- a. Death
- b. Termination or severance of employment
- c. In-service distribution after age 59 ½
- d. Retirement

The payment will be in the form of a lump sum or an installment payment as defined in the Plan document if greater than \$5,000. Participants who terminate with balances between \$1,000 and \$5,000 will be rolled directly to an individual retirement account unless otherwise elected by the participant.

Participant Loans

Loans are not allowed under this plan.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their account balances.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES AND USE OF ESTIMATES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan sponsor pays certain administrative fees of the Plan.

NOTE 3 - TRANSFER

The Plan's sponsor also administers an employee stock ownership plan (ESOP), which contains certain diversification provisions. During the year ended December 31, 2009, certain participants of the ESOP transferred \$1,186,061 to the Elkhorn Holdings, Inc. Retirement Savings Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS

Topic ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Guaranteed Annuity Contract: Valued at contract value, which approximates fair market value.

Pooled Separate Accounts: Valued based on a unit value reflecting the Plan's share of the fair market value of the underlying assets of the participation unit.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined that the Plan is qualified under section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal income taxes under Section 401(a). The Plan received a favorable opinion under a prototype plan submitted by Massachusetts Mutual Life Insurance Company (MassMutual), dated October 22, 2009.

NOTE 7 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Massachusetts Mutual Life Insurance, the trustee, as of December 31, 2009 and 2008 and for the year ended December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

The information certified by the trustee was the annual report and accounting as of and for the years ended December 31, 2009 and 2008, which includes beginning and ending balances of assets, and a detailed listing of the transactions in the various funds, including investment earnings. The plan administrator has obtained certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Massachusetts Mutual Retirement Services. Massachusetts Mutual Retirement Services is a division of Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Retirement Services is the investment custodian and third party administrator as defined by the Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009. Therefore, these transactions qualify as party-in-interest.

Fees paid for administrative and investment management services to service providers were \$25,798 for the year ended December 31, 2009. These fees are not considered prohibited transactions as defined by ERISA.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2007, the Plan entered into a group annuity contract with MassMutual, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

	<u>2009</u>	<u>2008</u>
Average Yields		
Based on annualized earnings (1)	3.70%	3.83%
Based on interest rate credits to participants (2)	3.70%	3.83%

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 6, 2010, the date which the financial statements were available to be issued.

Effective January 1, 2010, MassMutual was removed as custodian and Alerus Financial, N.A. was appointed as a successor non-discretionary Trustee and Custodian for the Plan.

NOTE 12 - RECONCILIATION
