INDEPENDENT AUDITORS' REPORT

To the Trustees of
Hunt Enterprises, Inc. 401(k) Plan
Hauppauge, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Hunt Enterprises, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administrating the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all

material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Information

The following description of the Hunt Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established effective January 1, 2006 and was amended and restated effective January 1, 2022. The Plan is a profit sharing 401(k) plan that provides retirement benefits for all eligible employees of Hunt Enterprises, Inc. and certain affiliated entities which are under common control ("Hunt") who have attained twenty-one years of age and have completed one year of service (1,000 hours as defined) prior to the entry dates of January 1 or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Employer acts as the Sponsor and as Plan Administrator, and is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The recordkeeper of the Plan is Transamerica Retirement Solutions LLC ("Transamerica"), and the custodian of the Plan's investments is Transamerica. The Trustee of the Plan is an executive at the Sponsor.

Contributions – Eligible participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum allowable under the Internal Revenue Service.

Hunt makes a safe harbor matching contribution to satisfy certain nondiscrimination tests required by the Internal Revenue Service. This contribution is made for each participant who made an elective deferral at any time during the Plan year.

The safe harbor match is equal to 100% of each participant's salary deferrals up to the first 3% of their compensation, plus 50% of their salary deferrals up to the next 2% of their compensation. Hunt's safe harbor matching contributions are allocated to participants based on the amount of their salary reduction contribution to the Plan. For the year ended December 31, 2022, Hunt incurred a safe harbor matching contribution of $173,658. As of December 31, 2022 and 2021, the Plan recorded a receivable for safe harbor matching contributions of $173,658 and $186,086, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of Hunt's safe harbor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged within an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Participants' Accounts – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's safe harbor contribution portion of participant accounts plus actual earnings is immediate as well. During the year ended December 31, 2022, there were no forfeitures by participants.

Money Market Account (Expense Budget Account) – The Expense Budget Account ("EBA") offered by Transamerica Retirement Solutions, LLC ("Transamerica") was established for the purpose of paying Plan expenses and is considered a Plan holding. The amount is recorded as administrative deductions on the statement of changes in net assets available for benefits and is net of EBA credits.

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loans bear interest at a rate of prime plus one percent, fixed at the commencement of the loan. Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants as of December 31, 2022, bear interest at rates ranging from 4.25%-6.50% per annum with maturity dates through December 2032.

Payment of Benefits – On termination of service due to disability or retirement, if the participant's account is greater than $5,000, the participant may elect to receive payment of his or her vested account balance in either a lump sum or an annuity contract payable over a specified number of years. If no election is made, then the balance will remain in the account. For vested account balances of $5,000 or less but greater than $1,000, the Plan administrator is required to roll those amounts into an individual retirement account designated by the Plan administrator if no election is made. Vested balances of $1,000 or less will be distributed in a lump sum with or without participant consent.

In-service distributions can be made when the participant reaches normal retirement age (59 ½) or if the participant is involved in certain qualified active military duty. In-service distributions are limited to the participant vested benefits and subject to the required minimum distribution rules.

In termination of service due to death, a participant's vested balance will be distributed to his or her beneficiary.

2. Summary of Significant Accounting Policies

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments (except for fully benefit-responsive investment contracts which are reported at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The Transamerica Stable Value Core Account is a guaranteed investment contract that is fully benefit-responsive. Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

3. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021 and for the year ended December 31, 2022 was obtained from data that has been prepared and certified to as complete and accurate by Transamerica Retirement Solutions LLC, the custodian of the Plan:

	2022	2021
Investments:		
At Fair Value	$ 7,736,495	$ 10,007,546
At Contract Value	967,550	407,298
	$ 8,704,045	$ 10,414,844
Notes Receivable from Participants	$ 156,412	$ 225,371
Investment Income:		
Net Investment Loss	$ (1,692,666)	
Interest Income on Notes Receivable from Participants	$ 9,103	

4. Fair Value:

Financial Accounting Standards Board ("FASB") ASC 820, Fair Value Measurements, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are summarized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at net asset value used as a practical expedient. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Mutual Fund – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using their daily net asset value ("NAV") provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Pooled Separate Accounts are classified outside of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, are the Plan's investments at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	$ 12,831	$ -	$ -	$ 12,831
Total Assets in the Fair Value Hierarchy	12,831	-	-	12,831
Investments Measured at Net Asset Value [(a)]	-	-	-	7,723,664
Investments at Fair Value	$ 12,831	$ -	$ -	$ 7,736,495

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Fund	$ 5,026	$ -	$ -	$ 5,026
Total Assets in the Fair Value Hierarchy	5,026	-	-	5,026
Investments Measured at Net Asset Value [(a)]	-	-	-	10,002,520
Investments at Fair Value	$ 5,026	$ -	$ -	$ 10,007,546

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Transfers between Levels – For years ended December 31, 2022, and 2021, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Fair Value of Investments in Entities that Use NAV – The following table summarizes investments in which the fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments.

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
December 31, 2022				
Pooled Separate Accounts	$7,723,664	N/A	Daily	None
December 31, 2021				
Pooled Separate Accounts	$10,002,520	N/A	Daily	None

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprise of a traditional guaranteed investment contract, The Transamerica Stable Value Core Account. The Transamerica Stable Value Core Account

maintains the contributions in a general account. Under the guaranteed investment contract, The Transamerica Stable Value Core Account is contractually obligated to repay to the Plan the principal at a specified interest rate. The contract underlying this investment option is considered to be fully benefit-responsive.

Certain events could limit the ability of the Plan to transact at contract value with The Transamerica Stable Value Core Account. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsors or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The underlying prototype non-standardized plan on which the Plan is based has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("Code"). The Plan's sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taking jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for the years 2021, 2020 and 2019.

8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Transamerica. Transamerica is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred and paid directly by the Plan for the investment management services were $3,600 for the year ended December 31, 2022.

In addition, notes receivable from participants are considered party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net Assets Available for Benefits per the Financial Statements	$ 9,034,115	$10,833,560
Participant Contributions Receivable Reported on Accrual Basis	-	(7,259)
Net Assets Available for Benefits Per Form 5500 - Cash Basis	$ 9,034,115	$10,826,301

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2022 to Form 5500:

	2022
Net Decrease per the Financial Statements	$ (1,799,445)
Employer Matching Contribution Receivable Recorded in 2021, Paid in 2022	7,259
Net Loss Per Form 5500	$ (1,792,186)

11. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 18, 2023, the date the financial statements were available for issuance.
