EEI BARGAINING UNIT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the EEI Bargaining Unit 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General – The Plan is a defined contribution savings plan. The Plan was adopted effective January 1, 1986, to allow interested employees an opportunity for building funds toward their retirement or other future needs. The sponsor of the Plan is Electric Energy, Inc. (the “Company”). The 401(k) Committee of the Company controls and manages the operations and administration of the Plan. Prudential Retirement and Insurance Annuity Company (Prudential) serves as the trustee of the Plan. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility Requirements – Employees are eligible for membership on the first of the month coinciding with or following the employee’s date of employment. Additionally, the employee must be a member of the collective bargaining unit and complete a written enrollment form and Salary Deferral Agreement.

Plan Contributions – Eligible employees may contribute up to 50% of their annual base wage to the Plan in whole percentage increments on a pretax basis. The Company matches 50% of the first 8% of annual base wages deferred by participants on a pretax basis.

In addition, eligible employees may contribute up to 50% of their annual base wage to the Plan on an after-tax basis. Such after-tax contributions can be made via payroll deduction or, once each Plan year, as a lump-sum contribution.

Contributions are subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which participants are entitled is the benefit that can be provided from the participant’s vested account.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan. Company matching contributions are allocated based on the investment options selected by the participants for employee contributions. The Company has contracts with Prudential to manage the Plan’s assets and make benefit payments. The contract with Prudential establishes different investment options to which contributions are deposited based on employee elections. As of December 31, 2009, there were 17 different investment options available to participants.

Vesting – A participant is eligible for employer matching contributions immediately upon enrollment in the Plan. Participants are immediately fully vested in their contributions and employer matching contributions.

Benefit Payments – Upon retirement, a participant may select either of the following methods of payment:

1. The lump-sum distribution of the account.
2. The purchase of an annuity based on the value of the account as the date of retirement.
3. A combination of 1. and 2. above.

Upon the death of a participant, the beneficiary is entitled to distribution of the total value of the participant’s account to be paid in cash, as an annuity or a combination of cash and an annuity.

If the participant terminates employment or becomes totally disabled, the participant is entitled to a distribution of the total value of that participant’s account.

EEI BARGAINING UNIT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN, CONTINUED

Under certain circumstances, hardship withdrawals are permitted by a participant who is under age 59 ½. After age 59 ½, once every 12 months, a participant may make a withdrawal without a need to prove serious financial hardship.

Loan Provisions – Participants are allowed to borrow against their pretax savings account and their rollover account upon approval by the plan administrator. Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of a participant's account balance. Loans are made available to all participants on a reasonably equivalent basis at fixed interest rates of current prime rate plus 1%. Loan repayments periods can range from 1 month to 120 months. Currently, loans outstanding bear interest at rates ranging between 4.25% - 9.25%. Loans are secured by the balance in the participant's account.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates and Basis of Accounting – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit Responsive Investment Contracts Held By Certain Investment Companies subject to the AICPA Investment Company Guide and Defined –Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statements of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Plan-to-Plan Transfers – Along with the Plan, the Company also sponsors the Electric Energy, Inc. Management 401(k) Plan. If the participant becomes a nonunion employee or a nonunion employee becomes a participating union employee of the Company, the account balance is transferred to the corresponding plan.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Expenses – Administrative expenses of the Plan are paid by the Plan Sponsor. Other expenses of the Plan, consisting principally of investment management charges, are included in the net earnings of the investment options.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. At December 31, 2009 and 2008, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but who have not yet been paid.

EEI BARGAINING UNIT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE E – FAIR VALUE MEASUREMENTS

Effective January 1, 2008, the Plan adopted FASB ASC 820-10 (formerly FASB Statement No. 157, *Fair Value Measurements*) with respect to its investments. FASB ASC 820-10, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
---------	--

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued based on quoted market prices of the underlying investments as reported to the Plan by Prudential. The following funds are included as pooled separate accounts.

Small Cap Growth/TIMESSQ Fund, Core Bond/PIM Fund, Dryden S&P 500 Index Fund, Wells Fargo ADV Small Cap Inv Fund, Large Cap Growth/Turner Inv Partners Fund, Mid Cap Value/Integrity Fund, Mid Cap Growth/Artisan Fund, IFX LT Income & Equity Fund, IFX LT Growth Fund, IFX LT Conservative fund, IFX LT Balanced Fund, IFX LT Aggressive Growth Fund, LCV/Barrow Hanley Fund, Janus Adviser Balanced Fund, Alliance Bern Intl Value K Fund, Core Bond Enhanced Index Fund

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note F).

EEI BARGAINING UNIT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE E – FAIR VALUE MEASUREMENTS, CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008.

No transfers of investments between levels took place during the years ended December 31, 2009 and 2008. Transfers are recognized at the end of the reporting period.

NOTE F – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is established without the use of a specific formula, but it may not be less than 1.50 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Average Yields:

	<u>2009</u>	<u>2008</u>
Based on actual earnings	2.95%	3.50%
Based on interest rate credited to participants	2.95%	3.50%

NOTE G – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by the trustee, Prudential, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid for the investment management services during the year are included as a reduction of investment income of the related investment. Loans made to plan participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

EEI BARGAINING UNIT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE H – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE I – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated March 31, 2008 that the Plan, which is a prototype plan written by Prudential Insurance Company of America, is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Thus, no provision for federal income taxes is included in the Plan’s financial statements.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 07, 2010, the date of the financial statements were available to be issued.
