Notes to Financial Statements

1. Plan Description

The following description of the Clougherty Packing, LLC Retirement Plan for Certain Employees ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was adopted effective October 1, 1985 by Clougherty Packing, LLC -formerly known as Clougherty Packing Company ("Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") for the benefit of the Company's employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Company contributes 50 cents per hour for each regular hour worked as defined by the plan. Participants may also contribute (rollover) amounts representing distributions from other qualified retirement plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company contributions plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited services.

Plan Administration

John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the asset custodian of the Plan. CMC Retirement & Employee Benefit Specialists, Inc. ("CMC") provides recordkeeping services. The Company is the plan sponsor. The plan administrator is the Administrative Committee, which is made up of officers of the Company.

Eligibility

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through July 27, 2010, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

These financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Expenses of maintaining the Plan are paid by the Company (see Note 5).

2. Summary of Significant Accounting Policies (Continued)

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the Plan year, or at the time of purchase during the Plan year, and the related fair value on the day investment are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board (FASB) issued guidance under ASC 820, formerly known as FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly). ASC 820 reaffirms that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as FASB Statement of Financial Accounting Standards No. 168, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification (the Codification) as the source of authoritative U.S. generally accepted accounting principles (GAAP) for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. Rules and interpretive

Notes to Financial Statements

releases of the SEC under authority of federal security laws remain authoritative GAAP for SEC registrants. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

During 2009, the Plan adopted FASB Statement No. 165, Subsequent Events, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In September 2009, the FASB issued ASC Update 2009-12, Fair Value Measurements and Disclosures (Topic 820) — Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent). This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective

for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements Using:

Quoted Prices in Active Markets for Identical Assets (Level 1)		
<i>As of December 31, 2009</i>	Fair Value	
Mutual funds	\$ 14,838,376	\$ 14,838,376
Total	\$ 14,838,376	\$ 14,838,376
<i>As of September 30, 2009</i>		
Mutual funds	\$ 13,796,018	\$ 13,796,018
Total	\$ 13,796,018	\$ 13,796,018

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

3. Fair Value Measurement (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

4. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

	<i>December 31,</i>	<i>September 30,</i>
	2009	2009
LC 2010	\$ 1,282,218	\$ 1,100,948
LC 2015	1,989,798	1,847,443
LC 2020	1,953,743	1,739,808
LC 2025	2,388,939	2,153,360
LC 2030	1,979,386	1,730,088
LC 2035	1,316,427	1,210,738
LC 2045	\$ 1,042,584	\$ 869,970

During the three months ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$596,936. All appreciation is attributed to mutual funds.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,741 for the three months ended December 31, 2009.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. These expenses constitute exempt party-in interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Notes to Financial Statements

7. Tax Status

The Internal Revenue Service ("IRS") issued a determination letter dated December 5, 2003 stating that the Plan was designed in accordance with applicable IRC requirements as of that date. Effective January 1, 2009 the plan adopted a volume submitter money purchase plan provided by CMC. The tax qualification of the new plan document is pending IRS approval. In the opinion of the plan administrator, the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2009 and September 30, 2009, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash and investments.

9. Custodian's Certification

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedules are derived from statements which have been certified by John Hancock as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Clougherty Packing, LLC Retirement Plan for Certain Employees

Notes to Financial Statements

10. Merger Into the Plan

On November 10, 2009 the Plan's trustees approved the merger of the pension plan of FJ Foodservice LLC ("FJ"), a related company, into the Plan, effective December 24, 2009. As a result, cash for the amount of \$595,801 was transferred from the FJ plan into the Plan in December 2009.

Effective January 1, 2010 the Plan was amended to include all non union employees of FJ as eligible employees.
