Independent Auditor's Report

Board of Trustees
I.A.T.S.E. Annuity Fund

Opinion

We have audited the accompanying financial statements of the I.A.T.S.E. Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years ended December 31, 2022 and 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 15 through 18 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 19 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Independent Auditor's Report

Board of Trustees
I.A.T.S.E. Annuity Fund

Opinion

We have audited the accompanying financial statements of the I.A.T.S.E. Annuity Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years ended December 31, 2022 and 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 15 through 18 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on page 19 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the I.A.T.S.E. Annuity Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective September 21, 1973 and is a defined contribution profit sharing plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the International Alliance of Theatrical Stage Employees and Moving Picture Technicians, Artists and Allied Crafts of the United States and Canada (the "Union") and various employers and employer associations in the entertainment industry in the United States and Canada. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is also subject to the regulations of the Puerto Rico Treasury Department.

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide retirement benefits to eligible participants.

Participation

An individual becomes a participant in the Plan the first day his/her employer, subject to a collective bargaining agreement or a participation agreement, is required to make contributions to the Plan. Employees of the Union and its related fringe benefit funds are also participants of the Plan.

Vesting

Participants are immediately 100% vested in all contributions and related earnings credited to their individual accounts.

Benefits

A participant, or the participant’s beneficiary, is entitled to receive benefits, if the participant:

1. Attains age 65 and retires
2. Dies
3. Becomes totally and permanently disabled
4. Is not in covered employment for six consecutive months (2 months after attainment of age 55)
5. Early retirement on and after age 55 (subject to applicable waiting periods)

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Benefits (cont'd)

Plan regulations mandate that the distribution of a participant's benefit commences when the participant attains age 72, or retires, whichever occurs later.

Benefits are recorded when paid.

A participant may elect any one of the following methods of payment:

a. Single life annuity or a qualified joint survivor annuity
b. One lump sum
c. Partial withdrawals

Hardship withdrawals

In the event of certain financial hardships, as defined in the Plan, a participant may apply for a distribution from his/her contributions received on or after January 1, 2010 upon satisfying certain conditions.

Participant accounts

Individual accounts are maintained for each participant of the Plan and are "participant directed" for investment purposes. Under this strategy, each participant directs the investment of his/her account into various investment options offered by the Plan. Each participant's account is credited with contributions made on his/her behalf. An administrative fee is charged to each participant's account on a quarterly basis to cover the operating expenses of the Plan which includes administrative and capitalized fixed asset costs. In addition, recordkeeping expenses are deducted from participant's accounts on a monthly pro rata basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The IATSE Annuity Balanced Fund (the "Balanced Fund") serves as the Plan's Qualified Default Investment Alternative. The Balanced Fund is a Fund of Funds which invests in seven of the current underlying investments of the Plan (various registered investment companies and a collective investment fund). All contributions received on behalf of participants who fail to provide investment election forms will be invested in the Balanced Fund. Additionally, participants may elect to allocate a portion of their existing accounts and/or future contributions in the Balanced Fund.

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, the rights of all affected participants and beneficiaries, to the value of the amounts credited to participants' accounts, shall be non-forfeitable and the Plan assets will be allocated to pay all obligations of the Plan and to provide benefits to those eligible under the terms of the Plan and as otherwise required by law.

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Administrative expense allocation

The administrative office is occupied by the affiliated I.A.T.S.E. National Pension, Annuity, Vacation, Welfare, and I.A.T.S.E. Staff Retirement Funds. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements paid to related organizations for the years ended December 31, 2022 and 2021 were $3,024,026 and $2,598,300, respectively.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Interest bearing cash: Valued at cost.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

Investments measured at net asset value: The value of the common/collective trust fund is estimated by the management of the investment entity.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 2 - Fair value measurements (cont'd)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of December 31, 2022, with fair value measurements on a recurring basis:

	2022	Level 1	Level 2	Level 3
Investments at fair value				
Interest bearing cash	$ 10,823,521	$ 10,823,521	$ -	$ -

Investments measured at net asset value	371,146,337

Note 3 - Common/collective trust funds

The Galliard Stable Return Fund X (formerly Wells Fargo Stable Value Fund X) (the "Stable Return Fund") is a collective investment fund trusteed by SEI Trust Company and managed by Galliard Capital Management, Inc., a registered investment advisor and wholly owned subsidiary of Allspring Global Investment Holdings, LLC. The Stable Return Fund has invested all of their assets in Galliard Stable Return Fund Core (formerly Wells argo Stable Return Fund G) (the "Master Fund"), a collective trust fund sponsored by SEI Trust Company. The Master Fund seeks to provide investors with a moderate level of stable value income without principal volatility. The Master Fund primarily invests in investment contracts, including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions.

The net unit values of the classes of the Stable Return Fund are determined as of the close of each business day. Redemptions can be made on each business day and proceeds will generally be paid to the account within one business day after receipt of the redemption request, and in all cases within six business days after such receipt. Any Plan sponsor or Plan fiduciary initiated withdrawal will require a 12-month written notice of the intent to withdraw assets from the Stable Return Fund. The estimated fair value of the investment held as of December 31, 2022 and 2021 was $371,146,337 and $361,420,422 respectively.

Note 4 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Note 5 - Party-in-interest transactions

Certain Plan investments are held and managed by the recordkeeper of the Plan. Accordingly, related transactions qualify as exempt party-in-interest transactions. These investments are identified on the supplemental schedules of investments.

Note 6 - Property and equipment

	2022	2021
Property and equipment	$ 2,859,119	$ 2,508,321
Less accumulated depreciation	1,080,093	1,004,566
Property and equipment - net	$ 1,779,026	$ 1,503,755

Property and equipment is stated at cost. Depreciation expense for the years ended December 31, 2022 and 2021 was $75,527 and $80,369, respectively, computed using the straight-line method over the estimated useful lives of the respective assets.

Note 6 - Property and equipment (cont'd)

Expenditures for maintenance, repairs and minor renewals are charged to expenses as incurred; major renewals and betterments are capitalized.

Note 7 - Employers' and participants' contributions

In accordance with collective bargaining agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Employers' contributions are generally based on a percentage of salary, an hourly rate or a daily rate.

Participants may elect to contribute to the Plan via its 401(k) component. They may do so by executing a completed salary deferral form provided they are working under a collective bargaining agreement which allows such contributions. Maximum annual contributions are based on Internal Revenue Service regulations.

The COVID-19 outbreak in the United States caused business disruption through government mandated closings in the entertainment industry. This matter has negatively impacted the Plan's employers' contributions income for the year ended December 31, 2021.

Subsequent to December 31, 2022, there were work stoppages in the motion picture and television industry which have negatively impacted the Plan's contribution income. Due to the uncertainty regarding the duration of these business disruptions, the financial impact cannot be reasonably estimated at this time.

Note 8 - Commitment

In 2018, the I.A.T.S.E. National Pension, Annuity, Vacation, Welfare, and I.A.T.S.E. Staff Retirement Funds committed to create and implement a new computer system for the Funds, benefit administration and operations. The total anticipated cost of the system is approximately $22 million, which will be allocated to each entity based on the estimated benefit received. The costs associated with development, implementation and licensing are included in property and equipment and will be amortized over the estimated useful life of the system once it is operational. Other related costs are expensed as incurred. Management anticipates that certain components of the system will be fully operational in 2024. As of December 31, 2022, $1,505,551 has been allocated to the Plan and is included in property and equipment.

Note 9 - Lease

The I.A.T.S.E. National Pension Fund (the "Pension Fund") entered into a 12-year lease agreement for office space located at 417 Fifth Avenue, New York, New York ("417 Fifth"), expiring December 31, 2029. Under the terms of the agreement, the Pension Fund will pay base rent plus escalation charges for real estate taxes, maintenance, and utilities. Simultaneously, the Pension Fund entered into sublease agreements for the same term with its related Welfare, Annuity, Vacation, and I.A.T.S.E. Staff Retirement Funds. In addition, the Pension Fund secured a $401,667 security deposit, pursuant to the terms of the lease.

Note 9 - Lease (cont'd)

All costs associated with 417 Fifth have been allocated to the Plan and its related benefit funds based on estimated benefit received. The Plan's estimated portion of these costs for the years ended December 31, 2022 and 2021 was 17%.

For the years ended December 31, 2022 and 2021, the Plan's portion of rent expense amounted to $394,109 and $388,591, respectively.

Future minimum lease obligations for the Plan and its related benefit funds as of December 31, 2022 are as follows:

2023	$ 2,350,753
2024	2,470,715
2025	2,520,678
2026	2,553,140
2027	2,585,603
2028 and thereafter	5,711,249
Total	$ 18,192,138

Note 10 - Reconciliation of participants' accounts to net assets available for benefits

Net assets available for benefits	$ 1,145,463,550	$ 1,222,095,167

Note 11 - Reconciliation of financial statements to Form 5500

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

Note 11 - Reconciliation of financial statements to Form 5500 (cont'd)

The following is a reconciliation of the reclassifications:

Net (decrease)	$ (76,631,617)	$ -	$ (76,631,617)

Note 12 - Tax status

The Plan has received a determination letter from the IRS dated July 8, 2015, stating that the Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code. In addition, the Plan is qualified with Puerto Rico and has received a determination letter from Puerto Rico's Department of Treasury dated May 1, 2017 stating that the Plan is exempt from taxation. The Trustees believe that the Plan is currently designed and operated in compliance with the requirements of the applicable codes. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.
