Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Denver Newspaper Agency Non-Union Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2001. The Plan is available to substantially all non-union employees of the Denver Newspaper Agency, LLP (the "Agency"). The Agency was formed on January 23, 2001, under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Agency continued to manage and perform all the business functions of *The Denver Post*.

As a result of this transaction, approximately 40 non-union employees of *The Denver Post* became participants of the Plan. The assets for these participants of $2,067,580 transferred to the Plan, during the year ended December 31, 2009.

Effective February 14, 2005, employees are eligible to participate immediately upon the employee's employment commencement date. Prior to February 14, 2005, employees were eligible to participate in the Plan after completing three months of service. Employees become eligible for employer matching contributions and employer nonelective contributions after completing three months of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Agency is the Plan sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Agency has elected a committee which administers the Plan. Prudential Trust & Bank, FSB ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed Internal Revenue Service ("IRS") limits, which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Additionally, participants may make voluntary nondeductible employee contributions up to a maximum of 10% of their pretax annual compensation, as defined in the Plan, with no deduction for elective deferrals during the Plan year. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Prior to April 1, 2009, the Agency contributed matching contributions of 50% of participant elective deferral contributions on the first 6% of participant compensation up to 3% of compensation. The Agency has the right to designate all or a portion of the matching contributions as "qualified." Prior to April 1, 2009, additional contributions, considered employer nonelective contributions, could be contributed at the discretion of the employer. No employer nonelective contributions were made during the period from January 1, 2009 to March 31, 2009. On March 14, 2009, the Plan was amended to provide that company matching contributions will be discretionary. Agency matching contributions were suspended after March 31, 2009. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Agency contributed $119,234 for the year ended December 31, 2009.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Agency's matching contribution, an allocation of employer nonelective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Agency contributions to the extent of their contributions. Allocations are based upon Plan earnings and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Agency matching and nonelective contributions, plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate on the day the loan is taken. Loan interest rates range from 4.25% to 9.25%, and mature at various dates through December 2014. Principal and interest is paid ratably through payroll deductions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is $1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account.

Valuation of Investments and Income Recognition

Mutual funds are stated at fair value based on the quoted market value of the funds on the last business day of the Plan year. Pooled separate accounts are valued by Prudential at the unit value at the close of each business day based upon fair value of the underlying investments. Plan investments in the guaranteed investment contracts are valued at fair value (Note). Participant loans are stated at the remaining principal balance, which approximates fair value.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis with interest income recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2009 and 2008, the Plan invests in guaranteed investment contracts. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2009 and 2008 as contract value approximated fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties

The Plan provides for various investments, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Additionally, certain mutual funds and pooled separate accounts invest in the securities of foreign companies which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 2 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2009 and 2008 and the income earned on the investments for the year ended December 31, 2009, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

The fair value of investments greater than 5% of net assets was the following:

	December 31,		
	2009	2008	
Prudential Guaranteed Income Fund	$ 5,476,821	$ 5,757,392	
Prudential Large Cap Value / LSV Asset Management	$ 1,987,606	$ 1,480,354	
Growth Fund of America	$ 1,685,215	$ 1,174,174	
Vanguard Primecap Admiral Fund	$ 1,671,010	$ 1,291,561	
American Europacific Growth Fund	$ 1,645,079	$ 1,086,560	
Prudential Core Plus Bond / PIMCO Account	$ 1,516,864	$ 1,224,027	
Vanguard 500 Index Fund	$ 991,218	$ 753,418	*

* Amount does not represent greater than 5% of net assets available for benefits at the respective date.

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2009 and 2008.

Assets at fair value as of December 31, 2009 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,141,242	$ -	$ -	$ 7,141,242
Pooled separate accounts	-	5,945,205	-	5,945,205
Guaranteed investment contracts	-	5,476,821	-	5,476,821
Participant loans	-	-	361,580	361,580
Total	$ 7,141,242	$ 11,422,026	$ 361,580	$ 18,924,848

Assets at fair value as of December 31, 2008 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,263,889	$ -	$ -	$ 5,263,889
Pooled separate accounts	-	4,006,624	-	4,006,624
Guaranteed investment contracts	-	5,757,392	-	5,757,392
Participant loans	-	-	389,093	389,093
Total	$ 5,263,889	$ 9,764,016	$ 389,093	$ 15,416,998

Note 3 - Fair Value Accounting (continued)

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The valuation technique used to measure fair values of the pooled separate accounts was determined based on the value of the underlying assets and securities, the majority of which have observable Level 2 pricing inputs, including publicly quoted prices for similar assets in active or non-active markets.

The valuation technique used to measure fair value of the guaranteed investment contracts is based on the fair value of the Fund's underlying investments held in the contracts, determined by Prudential, using the audited financial statements of the Fund at year-end.

Participant loans are valued at amortized cost, which approximates fair value.

There were no changes to the valuation techniques used during the period.

Level 3 Changes

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the period ended December 31, 2009:

	Participant Loans
Beginning balance	$ 389,093
Interest income	21,455
Purchases, issuances and settlements, net	(48,968)
Ending balance	$ 361,580

Note 4 - Income Taxes

The Plan obtained its last determination letter on September 2, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Note 5 - Administration of the Plan

The Agency provides at no cost to the Plan certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 7 - Exempt Party-in-Interest Transactions

Certain Plan investments are mutual funds, pooled separate accounts, and guaranteed investment contracts managed by Prudential; therefore, these transactions qualify as transactions with a party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note 8 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2009, due to the accrual of employer and participant contributions as of December 31, 2008.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events from December 31, 2009 through the date of the report, October 1, 2010, the date the financial statements were available to be issued, and determined there were no subsequent events requiring additional disclosure.
