INDEPENDENT AUDITORS' REPORT

Plan Administrator and Plan Participants
Lennox International Inc. Merged Profit Sharing and
401(k) Retirement Plan for Salaried Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the accompanying financial statements of the Lennox International Inc. Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021**,** and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Lennox International Inc. Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lennox International Inc. Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lennox International Inc. Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees' internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lennox International Inc. Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan:

The following description of the Lennox International Inc. (the Company) Merged Profit Sharing and 401(k) Retirement Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The 401(k) Plan is a contributory defined contribution plan of the Company, established to encourage employee savings. The Plan is under the administration of the Administrative Committee and makes investment decisions under the direction of the Investment Committee as delegated by the CEO of the Company. Fidelity Management Trust Company (the Trustee) serves as the asset custodian, and Fidelity Investments Institutional Operations Company, Inc. is the record keeper for the Plan. The Plan is designed to conform to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Certain assets of the Plan are commingled with the assets of certain other defined contribution 401(k) plans of the Company and its subsidiaries in the Lennox International Inc. 401(k) Plan Master Trust (the Trust). The Trust includes one hourly plan and one salaried plan as of December 31, 2022.

Effective January 1, 2009, the Company eliminated profit sharing contributions and implemented a Safe Harbor contribution of 3% of eligible wages to each participant's 401(k) account. In addition to the Safe Harbor contribution, employees who contribute to the 401(k) Plan will receive a Company match of 50% on up to 6% of their contributions.

Eligibility

The 401(k) Plan is available to all salaried employees of the Company or certain affiliates, as described in the Plan document, who are at least 18 years of age, immediately upon commencement of employment.

Contributions

Each participant can elect to make a pretax or Roth contribution through payroll deductions in an amount from 1% to 75% up to the annual statutory maximum of his or her compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Lennox International Inc. employees are eligible for a Safe Harbor Non-elective contribution (3% of eligible compensation) after their one year anniversary. In addition, Lennox International Inc. employees are eligible for a match contribution of 50% of the first 6% of eligible compensation.

Participants direct contributions made to the Plan, together with any participants' accounts transferred to this Plan from another qualified plan, to be invested, in multiples of 1%, in one or more investment funds established under the Trust.

Employees age 50 and above are permitted to make annual catch-up contributions to the Plan in amounts as defined by the Internal Revenue Code (IRC). Contributions are subject to certain Internal Revenue Service (IRS) conditions.

All prior profit sharing contributions made to the Plan are invested by the Trustee under a discretionary trust agreement between the Employer and the Trustee. Participants are unable to direct contributions made by the Company on their behalf.

Participant accounts
Each participant's 401(k) account is credited with the participant's contributions, and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on years of continuous service as defined by the Plan.

Participant loans
Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. Such loans are secured by the balance of the participant account, bear interest at an interest rate that approximates the market rate for similar loans, and are generally repayable to the Plan within five years, except in the case of certain loans to acquire a principal residence, which are to be repaid over a period not to exceed 15 years. Principal and interest are repaid through payroll deductions.

Benefits
Upon the retirement or disability of a participant, the entire vested interest in the participants 401(k) account is distributed to such participant per Plan provisions. Upon death of the participant, the vested interest of such participant is distributed to the participant's surviving spouse or designated beneficiary. Payment of the benefit is made in the form of a lump-sum payment, annual payment, quarterly payment, or monthly installment. A participant may make an in-service withdrawal of all or a portion of the total amount credited to his or her account if he or she has reached age 59½ and is still employed by the Company. A hardship withdrawal will be considered based on an immediate and significant financial need of a participant as determined by the Plan.

Profit sharing participants who terminate service by reason of retirement, death, or disability have fully vested interests in their accounts. Upon the retirement or disability of a participant, the entire vested interest is distributed to such participant per Plan provisions. Upon death of the participant, the vested interest of such participant is distributed to the participant's surviving spouse or designated beneficiary. Payment of the benefit is made in the form of a lump-sum payment or annuity contract purchased from a company selected by the Board.

Forfeitures
Forfeitures will be used to restore previously forfeited account balances, pay administrative expenses and reduce future Company contributions. As of December 31, 2022 and 2021, forfeitures of $264,221 and $328,766, respectively, remained unallocated. During 2022 and 2021, $313,573 and $235,800 were used, respectively to reduce Company contributions and pay administrative expenses.

2. Summary of Significant Accounting Policies:

Basis of accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
At the direction of the Committee, the Trustee has the right to divide the Trust into two or more funds, which shall serve as vehicles for the investment of the participant accounts. The general characteristics and objectives of each fund are determined by a committee appointed by the Company.

The Trustee has complete investment discretion over each fund assigned to it, subject only to the general investment characteristics and objectives established for each particular fund. The Trustee values each fund as of each valuation date, as defined. The valuation reflects the quoted market value of the assets comprising such fund.

Income from investments is recorded as earned on an accrual basis. Purchases and sales of investments are reflected on a trade date basis.

In the statements of changes in net assets available for benefits, the Plan presents its proportional interest in the net change in the Trust investment, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments, and interest and dividend income.

Master trust allocation
The 401(k) Plan invests in the Lennox International Inc 401(k) plan Master Trust, and a portion of the Plan's assets represent allocated shares determined pro rata, based upon the sum of the value of participant accounts for the Plan. Assets of the Plan are transferred between the Plan and the Lennox International Inc. 401(k) Plan for Hourly Employees as the employment status of a participant changes.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits
Benefit payments are recorded when paid.

Administrative expenses
The Trustee is responsible for managing the investment assets and executing investment transactions therein. The Company may, but is not required to, pay Trustee fees and administrative expenses. Those expenses and fees not paid by the Company are paid by the Plan through the Trust.

Subsequent events
The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

3. Information Prepared and Certified by the Trustee:
Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule of assets (held at end of year) as of December 31, 2022, and the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

4. Interest in Master Trust:
The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and another plan sponsored by the Company. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company.

Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon their pro rata share in the investments of the Master Trust. The participants may elect to have a percentage of their contributions allocated to one or more funds.

	2022	2021
Plan information:		
Investment in Master Trust	$ 530,339,559	659,111,260

Master Trust investment income (loss):	2022	2021
Net change in fair value of common/collective trust funds	$ (80,592,671)	53,462,724
Net change in fair value of mutual funds	(70,189,750)	37,194,708
Dividend income from mutual funds	6,819,369	14,376,613
Total Master Trust investment income (loss)	$ (143,963,052)	105,034,045

5. Nonparticipant-Directed Investments:

Information about the net assets relating to the nonparticipant-directed investments held in the Profit Sharing Trust at December 31 is as follows:

	2022	2021
Net assets:		
Common/collective trust funds	$ 76,636,802	100,385,284
Mutual funds	12,604,945	15,535,065
	$ 89,241,747	115,920,349

Information about the significant components of the changes in net assets relating to the nonparticipant-directed investments for the year ended December 31 is as follows:

	2022	2021
Change in net assets:		
Net (depreciation) appreciation	$ (16,970,145)	10,338,888
Benefits paid to participants	(9,708,456)	(12,293,434)
	$ (26,678,600)	(1,954,546)

6. Fair Value Measurement:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan has investments held in a master trust as well as in a separate trust titled Profit Sharing Trust. The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value at December 31, 2022

7. Related Party and Party in Interest Transactions:

Certain Plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Tax Status:

The Plan obtained its latest determination letter dated November 28, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore no provision for income taxes has been included in the Plan's financial statements.

11. Plan Amendment CARES Act:

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the plan document. The Plan Administrator has adopted distribution relief provisions, loan relief provisions, and temporary waiver of required minimum distributions provisions included in the CARES Act in 2020.

The distribution relief provision permitted qualified individuals to request a pre-approved coronavirus-related distribution, through participant self-certification of eligibility. The maximum amount that could be requested per participant was $100,000 through December 30, 2020.

The Company intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

12. Reconciliation of the Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 628,018,978	783,409,524
