The Plan Administrator
Community Media Group
Management Services, Inc.
Retirement Savings Plan
West Frankfort, Illinois

We were engaged to audit the accompanying statements of net assets available for plan benefits of Community Media Group Management Services, Inc. Retirement Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for plan benefits for the years then ended and the supplementary schedules on pages 11 to 15. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, auditing procedures on the information summarized in Note D, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing that information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the investment company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the investment company as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the investment company is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Valuation of Investments

The fair value of the participation units owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits.

2. Income Tax Status

The Internal Revenue Service has ruled that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Differences exist between these financial statements and the IRS Form 5500 tax return as the tax return is prepared on the tax basis of accounting.

The Plan adopted the accounting standards for uncertainty in income taxes effective January 1, 2009. This guidance prescribes a comprehensive model for financial statement recognition, measurement, classification and disclosure of uncertain tax positions. The implementation of the standards had no net effect on net assets available for the benefits.

As of December 31, 2009, the Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the statement of net assets available for benefits date. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during 2009.

The Plan files Form 5500 annually in the U.S. federal jurisdiction.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - DESCRIPTION OF THE PLAN

The Plan is a defined contribution plan covering substantially all employees who are at least 21 years of age. A separate contribution account is established for each employee eligible for participation in the Plan. Employees are automatically enrolled in salary deferral upon hire unless a waiver is completed. Each participant may defer up to 100% of eligible compensation annually not to exceed $16,500 in 2009 and $15,500 in 2008. The employer may make matching contributions to participant accounts in a percentage set by the employer prior to the end of each plan year. As of December 31, 2009 and 2008, no such contributions have been made.

NOTE B - DESCRIPTION OF THE PLAN - CONTINUED

Vesting in a participant's employer contributions account is based on the employee's years of service and in accordance with the following schedule for plans which are not top heavy:

Vesting Service (whole years)	Percentage Vested
Less than 3	-
3 years or more	100%

The Plan has met the minimum funding as required by ERISA.

Participants are 100% vested in the part of their account that resulted from employee contributions.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to any reasonable rate charged by lenders in similar situations. Loans are for a five-year period, except loans to purchase a residence, which may be made for ten years. Principal and interest is paid ratably through payroll deductions.

The normal retirement age is 65. At normal retirement, employees are eligible to receive the full amount in their contribution accounts as a single lump sum payment. Withdrawals in cases of hardship, as defined by the Plan, are also permitted.

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become fully vested in their accounts.

Plan expenses are paid by the Plan sponsor.

The foregoing description of the Plan provides only general information. Employees should refer to the pamphlet "Community Media Group Management Services, Inc., Retirement Savings Plan Summary Plan Description" for a more complete description of the Plan's provisions. Copies of the pamphlet are available from the sponsor.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2009	2008
FID Balanced	$ 160,512	$ -
Fidelity Freedom 2010	107,818	152,265
Fidelity Freedom 2020	538,284	362,391
Fidelity Freedom 2030	88,889	51,540
Fidelity Retirement Money Market	-	157,573
Fidelity Freedom 2025	135,427	103,549
Fidelity Freedom 2035	66,460	67,033
Other investments representing less than 5% of net assets	1,097,390 232,507	894,351 132,846
	$ 1,329,897	$ 1,027,197

The financial industry has experienced a significant amount of negative events including consolidation, bankruptcy and government intervention to prevent failures. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Fair Value Measurements Topic of the FASB Accountant Standards Codification (FASB ASC 820) addresses fair value measurement standards in financial statements prepared according to Generally Accepted Accounting Principles. FASB ASC 820 establishes a principles-based framework for measuring fair value of both assets and liabilities and clarifies the definition of fair value within the framework and expands disclosures about the use of fair value measurement. FASB ASC 820 sets forth a fair value hierarchy for inputs that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted price included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs used for valuing the asset or liability.

Input levels by investment category of the Plan's net assets at December 31, 2009 are as follows:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual Funds	$ 1,260,558	$ 1,260,558	$ -	$ -
Money Market Funds	48,973	48,973	-	-
Participant Loans	20,366	-	-	20,366
Total	$ 1,329,897	$ 1,309,531	$ -	$ 20,366

NOTE C - INVESTMENTS - CONTIUED

Effect of level 3 inputs on Net Assets or Liabilities at December 31, 2009 are as follows:

Total	$ 20,411	$ -	$ -	$ (45)	$ 20,366	$ -

Input levels by investment category of the Plan's net assets at December 31, 2008 are as follows:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual Funds	$ 849,213	$ 849,213	$ -	$ -

NOTE D - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Fidelity Management Trust Company, for the years ended December 31:

	2009	2008
Investments, at fair value	$ 1,329,897	$ 1,027,197
Investment income (loss)	276,624	(454,297)

NOTE E - SUBSEQUENT EVENT

Effective June 15, 2009, the Company adopted FASB ASC 855, Subsequent Events (precodification FASB SFAS No. 165, Subsequent Events). FASB ASC 855 establishes general standards of accounting for and disclosure of events that occur after the statement of net assets date but before financial statements are issued or are available to be issued. FASB ASC 855 defines the period after the statement of net assets date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the statement of net assets date and the disclosures that an organization shall make about those events or transactions. FASB ASC 855 defines two types of subsequent events. The first type consists of events or transactions that provide additional evidence about conditions that existed at the date of the statement of net assets (recognized subsequent events). The second type consists of events or transactions that provide additional evidence about condition that did not exist at the date of the statement of net assets (nonrecognized subsequent events).

Management evaluated all events and transactions that occurred after December 31, 2009 through September 28, 2010, the issue date of these financial statements. No subsequent events were identified.

INDEPENDENT AUDITORS' REPORT

The Plan Administrator
Community Media Group
Management Services, Inc.
Retirement Savings Plan
West Frankfort, Illinois

We were engaged to audit the accompanying statements of net assets available for plan benefits of Community Media Group Management Services, Inc. Retirement Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for plan benefits for the years then ended and the supplementary schedules on pages 11 to 15. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, auditing procedures on the information summarized in Note D, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing that information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the investment company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the investment company as of and for the years ended December 31, 2009 and 2008 that the information provided to the plan administrator by the investment company is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Valuation of Investments

The fair value of the participation units owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits.

2. Income Tax Status

The Internal Revenue Service has ruled that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Differences exist between these financial statements and the IRS Form 5500 tax return as the tax return is prepared on the tax basis of accounting.

The Plan adopted the accounting standards for uncertainty in income taxes effective January 1, 2009. This guidance prescribes a comprehensive model for financial statement recognition, measurement, classification and disclosure of uncertain tax positions. The implementation of the standards had no net effect on net assets available for the benefits.

As of December 31, 2009, the Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the statement of net assets available for benefits date. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during 2009.

The Plan files Form 5500 annually in the U.S. federal jurisdiction.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - DESCRIPTION OF THE PLAN

The Plan is a defined contribution plan covering substantially all employees who are at least 21 years of age. A separate contribution account is established for each employee eligible for participation in the Plan. Employees are automatically enrolled in salary deferral upon hire unless a waiver is completed. Each participant may defer up to 100% of eligible compensation annually not to exceed $16,500 in 2009 and $15,500 in 2008. The employer may make matching contributions to participant accounts in a percentage set by the employer prior to the end of each plan year. As of December 31, 2009 and 2008, no such contributions have been made.

NOTE B - DESCRIPTION OF THE PLAN - CONTINUED

Vesting in a participant's employer contributions account is based on the employee's years of service and in accordance with the following schedule for plans which are not top heavy:

Vesting Service (whole years)	Percentage Vested
Less than 3	-
3 years or more	100%

The Plan has met the minimum funding as required by ERISA.

Participants are 100% vested in the part of their account that resulted from employee contributions.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to any reasonable rate charged by lenders in similar situations. Loans are for a five-year period, except loans to purchase a residence, which may be made for ten years. Principal and interest is paid ratably through payroll deductions.

The normal retirement age is 65. At normal retirement, employees are eligible to receive the full amount in their contribution accounts as a single lump sum payment. Withdrawals in cases of hardship, as defined by the Plan, are also permitted.

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become fully vested in their accounts.

Plan expenses are paid by the Plan sponsor.

The foregoing description of the Plan provides only general information. Employees should refer to the pamphlet "Community Media Group Management Services, Inc., Retirement Savings Plan Summary Plan Description" for a more complete description of the Plan's provisions. Copies of the pamphlet are available from the sponsor.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2009	2008
FID Balanced	$ 160,512	$ -
Fidelity Freedom 2010	107,818	152,265
Fidelity Freedom 2020	538,284	362,391
Fidelity Freedom 2030	88,889	51,540
Fidelity Retirement Money Market	-	157,573
Fidelity Freedom 2025	135,427	103,549
Fidelity Freedom 2035	66,460	67,033
Other investments representing less than 5% of net assets	1,097,390 232,507	894,351 132,846
	$ 1,329,897	$ 1,027,197

The financial industry has experienced a significant amount of negative events including consolidation, bankruptcy and government intervention to prevent failures. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Fair Value Measurements Topic of the FASB Accountant Standards Codification (FASB ASC 820) addresses fair value measurement standards in financial statements prepared according to Generally Accepted Accounting Principles. FASB ASC 820 establishes a principles-based framework for measuring fair value of both assets and liabilities and clarifies the definition of fair value within the framework and expands disclosures about the use of fair value measurement. FASB ASC 820 sets forth a fair value hierarchy for inputs that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted price included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs used for valuing the asset or liability.

Input levels by investment category of the Plan's net assets at December 31, 2009 are as follows:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual Funds	$ 1,260,558	$ 1,260,558	$ -	$ -

NOTE D - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

	2009	2008

NOTE E - SUBSEQUENT EVENT

Effective June 15, 2009, the Company adopted FASB ASC 855, Subsequent Events (precodification FASB SFAS No. 165, Subsequent Events). FASB ASC 855 establishes general standards of accounting for and disclosure of events that occur after the statement of net assets date but before financial statements are issued or are available to be issued. FASB ASC 855 defines the period after the statement of net assets date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the statement of net assets date and the disclosures that an organization shall make about those events or transactions. FASB ASC 855 defines two types of subsequent events. The first type consists of events or transactions that provide additional evidence about conditions that existed at the date of the statement of net assets (recognized subsequent events). The second type consists of events or transactions that provide additional evidence about condition that did not exist at the date of the statement of net assets (nonrecognized subsequent events).

Management evaluated all events and transactions that occurred after December 31, 2009 through September 28, 2010, the issue date of these financial statements. No subsequent events were identified.
