INDEPENDENT AUDITORS' REPORT

Administrative Committee
AOQ Management Co. 401(k) Profit Sharing Plan
Travelers Rest, SC

We have audited the accompanying statement of net assets available for benefits of the AOQ Management Co. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the years ended December 31, 2009 and 2008. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AOQ MANAGEMENT, CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF PLAN

The following description of the AOQ Management Company 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Users of the financial statements and supplemental schedule should refer to the Plan documents for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan established to provide for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the “Code”). The Plan covers substantially all employees of Quality Business Solutions, Inc. and its affiliates (hereafter, collectively referred to as the “Company”) and the employer organizations who have adopted the plan (see “Participating Employers”). The Plan is a “multiple employer” plan as described in Section 413(c) of the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Participating Employers: Each employer that contracts with The Company to fulfill its payroll functions as a professional employer organization has the option of adopting this plan for the benefit of its employees. An employer that does adopt this plan is known as a *participating employer*. An employer that does not adopt this plan may adopt its own retirement plan. Any employer adopting its own retirement plan is subject to its plan’s regulations and not those of the Plan. Therefore, their plan information is not included in these financial statements.

Eligibility: Employees of the Company or its participating employers may participate in the Plan once they are age 21 and have ninety days of service, unless the participating employer waives or reduces the age or service requirement.

In its initial adoption of the Plan, a participating employer may choose to waive the age and service requirement for individuals who are performing services as of a specific date. Such individuals are immediately eligible to participate. Individuals who are employed after the specified date must satisfy the Plan’s regular eligibility requirements.

Contributions: Eligible employees may contribute a specified dollar amount or a percentage of their pretax annual compensation to limits as defined in the Plan and other limits according to the Code.

The Company and its participating employers may make matching contributions, at its discretion, equal to a specified percent of each participant’s deferral amounts. In addition, the Company and each participating employer may make an additional discretionary contribution to participants of the Plan as deemed appropriate. Contributions are subject to limitations as provided in the Code and as defined in the Plan.

AOQ MANAGEMENT, CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF PLAN (continued...)

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's additional discretionary contribution, if any, and Plan earnings. Each participant's account is charged with Plan losses and expenses, if any. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to one or more investment options. Participants may change their investment options at any time. See the accompany schedule of assets held for a list of investment options currently available.

Vesting: Participants are immediately vested in their salary redirection, voluntary rollovers, and the actual allocated earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service, with full vesting no later than six years of credited service subject to each participating employer's adoption agreement.

Forfeitures: In the event that funds are forfeited, those forfeitures may first be used to pay any administrative expenses and any remaining forfeitures will be used to reduce the Company's and the participating employers' matching contributions.

Benefit Payments: Upon normal retirement, termination of employment, death or disability, or termination of the Plan, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may defer paying tax on some taxable payments by electing a rollover distribution.

Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

Participant Loans: Participants may borrow from their account up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are paid ratably through payroll deductions. Interest rates on participant loans approximate prevailing interest rates on bank loans of similar length of time and repayment terms. The loans are secured by the balance in the participant's account.

NOTES TO FINANCIAL STATEMENTS

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits and The Statements of Changes in Net Assets Available for Benefits are presented using the fair values of investments.

Fair Value Measurements: The Statement of Financial Accounting Standard No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable market data by correlation or other means;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AOQ MANAGEMENT, CO. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued...)

Fair Value Measurements (continued...): The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2009 and 2008.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments: The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. Investments in the pooled separate accounts are valued indirectly based on observable prices for the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on the trade date. Income from investment in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Participant loans are valued at cost.

Payment of benefits: Benefits are recorded when paid.

Administrative Expense: The cost and expense of administering the Plan shall be paid, at the discretion of the Company, either directly by the Company or by the Plan through fees deducted from participant accounts.

NOTES TO FINANCIAL STATEMENTS

Note 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become immediately 100% vested in their accounts.

Note 6. TAX STATUS

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Note 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. PARTIES-IN-INTEREST TRANSACTIONS

Administrative fees include investment fees, third party administrative fees, and other professional services, and are based on customary charges as shall be agreed to from time to time. Certain of these expenses are absorbed by the Plan sponsor.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation directly from the Plan.

Slavic Integrated Administration, the custodian, receives a fee for its administration of the Plan. Slavic Integrated Administration serves as custodian of the Plan's assets and as such, these fees qualify as party-in-interest transactions. Slavic Integrated Administration received \$21,039 in 2009 and \$23,122 in 2008 for its contract administrative services.
