Report of Independent Auditors

To the Trustees of the
Anchor Healthcare, PLC 401(k) Plan
Charlottesville, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Anchor Healthcare, PLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anchor Healthcare, PLC 401(k) Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state of federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Anchor Healthcare, PLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

916 MAIN STREET • LYNCHBURG, VA 24504

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anchor Healthcare, PLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anchor Healthcare, PLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anchor Healthcare, PLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, amount other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplement schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplement schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Anchor Healthcare, PLC 401(k) Plan, (the "Plan"), provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 1997, is a defined contribution plan covering all full time employees of Anchor Healthcare, PLC (the "Company"), who are 21 and have completed one year of service. The Plan was amended effective July 15, 2022 to conform the Plan to new tax laws. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is a defined contribution plan established under the provisions of Internal Revenue Code Section 401(k) covering substantially all eligible employees electing to participate. The Plan provides for pre-tax participant contributions, as defined in the Plan. The Plan also provides for automatic enrollment at 3% once a participant becomes eligible, with automatic increases of 1% annually, up to a maximum of 6%. The Plan also allows for Roth contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions. The Company makes a 3% safe harbor contribution to all participants and has the option to make a discretionary match and discretionary profit-sharing contribution, which is determined annually by the Company's Board of Directors. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. During the year ending December 31, 2022 and 2021, the Company made a discretionary profit sharing contribution of $579,896 and $615,062, respectively.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, participants may direct the administrator of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants who were employed as of December 31, 2014 are also immediately vested in the Company's safe harbor matching and discretionary contributions plus actual earnings thereon. Effective January 1, 2015, safe harbor non-elective contributions are 100% vested and employer discretionary profit sharing contributions for new plan participants are vested on a 6 year grading schedule as follows:

Years of Service	Vesting
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 - Description of Plan (continued)

Payment of benefits

Distribution of the vested portion of a participant's account will occur upon the participant's termination, death, disability, hardship withdrawal or retirement, as defined in the Plan. A participant is entitled to receive a lump sum payment or partial lump sum (minimum $1,000) in an amount equal to the vested value of their account. In-service at age 59 ½ and hardship payments are allowed if certain conditions are met.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay plan expenses or reduce future Company contributions. Forfeitures of terminated non-vested account balances at December 31, 2022 and 2021 totaled $13,163 and $6,667. During the years ended December 31, 2022 and 2021, forfeitures of participant accounts of $8,878 and $5,815 were received by the Plan. For the years ended December 31, 2022 and 2021, forfeitures of $1,427 and $7,105 were used to reduce employer matching contributions.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. If quoted prices are unavailable, estimated fair values are based on comparable investment of other issues with similar credit ratings. The common/collective trusts and pooled separate accounts are based on the fair value of the underlying investments as based on information reported by the investment advisor using the audited financial statements of the assets held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative expenses

Audit fees are paid by the Company. Contract administration fees and third-party service fees are paid by the Plan from the participant accounts.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements
December 31, 2022 and 2021

Note 3 – Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The valuation methodologies remained the same in 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment accounts - Valued at actively traded market values of the shares held by the Plan at year-end.

Pooled separate accounts – Net asset value as reported by the investment manager based on the value of the underlying assets.

Common collective trust - Net asset value as reported by the investment manager based on the value of the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Registered investment companies	$ 4,453,685	$ 4,453,685	$ -	$ -

Note 4 – Party-In-Interest Transactions

Certain Plan investments are assets managed by Principal Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as part-in-interest transactions. Principal Life Insurance Company was paid $63,401 and $72,564 for administrative services during the years ended December 31, 2022 and 2021. Plan administrator fees are paid by the Company.

The Plan sponsors, trustees, and key management are also participants in the Plan. Their account balances totaled approximately 18% and 14% of the net assets available for benefits as of December 31, 2022 and 2021.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Internal Revenue Service has determined by letter dated June 30, 2020, that the adopted prototype plan is qualified under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022 and 2021, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2019.

Note 7 – Financial Information Certified by the Custodian of the Plan

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company, (the trustees of the Plan) as of December 31, 2022 and 2021 and for the years then ended.

	2022	2021
Investments, at fair value:		
Pooled separate accounts	$ 10,149,111	$ 12,689,700
Registered investment companies	4,453,685	5,259,825
Common collective trust	9,419,910	11,352,504
Investment income (loss)	(4,996,779)	4,322,661

Note 8 - Subsequent events

The Plan has evaluated subsequent events through October 12, 2023, the date the report is available for issuance. No issues requiring disclosure were noted.
