LEONARD'S 401(K) BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Leonard's 401(K) Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Rekcut Photographic, Inc. (the Company) who have one year of service, a minimum of 1,000 hours, and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participant contributions are limited to dollar amounts specified by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options for participants. The Plan currently offers twenty-three mutual funds as investment options for participants. The Company discontinued making a safe-harbor non-elective contribution of 3% of compensation and made no contribution for the year ended December 31, 2009.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2004, employer contributions made under the safe-harbor non-elective contributions of 3% of compensation are also immediately vested plus actual earnings thereon. Prior to January 1, 2004, employer non-elective matching contributions and actual earnings thereon are subject to a vesting schedule as follows:

Years of service	Vesting percentage
< 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans – Participants may borrow from their fund accounts. The minimum loan is $1,000 with a maximum of one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator.

1. Description of Plan – Continued

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals if certain conditions are met. Hardship distributions are permitted from all vested accounts that meet certain specified criteria. If account balances are below $5,000, distribution may only be a single lump sum. Benefits are recorded when paid.

Administrative Expenses – The Company pays for certain administrative expenses on behalf of the Plan.

2. Summary of Significant Accounting Policies

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual funds	$ 1,737,936	$ 1,737,936	$ -	$ -
Collective trusts	899,330	-	899,330	-
Participant loans	49,465	-	-	49,465
	2,686,731	1,737,936	899,330	49,465
December 31, 2008				
Mutual funds	$ 1,257,019	$ 1,257,019	$ -	$ -
Collective trusts	970,950	-	970,950	-
Participant loans	18,568	-	-	18,568
	2,246,537	1,257,019	970,950	18,568

3. Fair Value Measurements – Continued

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of collective trusts are generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prizes from more than one source, and a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

	Participant loans
December 31, 2009	
Beginning balance	$ 18,568
Loans repaid	(17,304)
Loans made	48,201
Ending balance	$ 49,465

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

Certification by Custodian – The December 31, 2009 and 2008 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by the custodian (SunTrust Bank) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,686,731 and $2,246,537 at December 31, 2009 and 2008 and related net investment income and contributions of $634,880 for the year ended December 31, 2009. (See Note 10.)

5. Participant Loans

At December 31, 2009 and 2008, the Plan had $18,568 and $49,465 in loans outstanding respectively, under the terms specified by the Plan. The loans earn interest at rates between 4.25% and 10.25%. As of December 31, 2009, the loans are considered current and collectible. Loan balances are collateralized by the borrowers' account balances in the Plan. Payments on these loans are made by the participants each bi-weekly payroll period through payroll deductions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer and employee contributions and all earnings.

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 26, 1992 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Risks and Uncertainties

The Plan provides for various investment options, which, in turn, invest in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

9. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by SunTrust Bank. SunTrust Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The value of these mutual funds was $1,201,845 and $1,369,666 at December 31, 2009 and 2008 respectively.

10. Summary of Information Certified by the Plan Custodians

Failure to meet all of ERISA's requirements can result in the imposition of substantial fines, excise taxes, or other penalties. Presently, no claims have been made. Management is unable to determine what effect, if any, this matter may have on the Plan's financial statements. No amount has been provided for this contingency as of December 31, 2009.
