Independent Auditor's Report

To the Plan Administrator
Shodair Hospital Employees Tax Deferred Annuity Plan
Helena, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shodair Hospital Employees Tax Deferred Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Shodair Hospital Employees Tax Deferred Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shodair Hospital Employees Tax Deferred Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shodair Hospital Employees Tax Deferred Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shodair Hospital Employees Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shodair Hospital Employees Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Shodair Hospital Employees Tax Deferred Annuity Plan
Notes to the financial statements

Note 1: Description of Plan

The following description of the Shodair Hospital Employees Tax Deferred Annuity Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Montana Children's Home and Hospital doing business as Shodair Children's Hospital (the "Employer" or "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees are eligible to participate in salary reduction contributions on their first day of employment with the Hospital. Employees are eligible for Employer contributions after they have completed one year of service. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Employees may enter the Plan for salary reduction contributions on the day they satisfy the Plan's eligibility requirements. Employees may enter the Plan for Employer contributions on the first day of January or July coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Hospital may make a discretionary non-elective contribution. For the year ended December 31, 2022, the Hospital contributed 6% of a participant's base compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of (a) the Hospital's discretionary non-elective contributions, (b) plan earnings (losses). Participants are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in all contributions, plus actual earnings (losses) thereon.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts, a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance of the participant's account and bear interest at rates at prime for loans with Empower Retirement, LLC, 5.5% for ReliaStar fixed contracts, and 8.0% for ReliaStar variable contracts. For loans with Empower Retirement, LLC, principal and interest is paid ratably through payroll deductions over a period not to exceed five years. For loans with ReliaStar, principal and interest is paid by the participant directly to ReliaStar over a period not to exceed five years. Loans can exceed five years only if the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 20 years. A participant may have no more than three outstanding loan at any one time.

Under the provisions of the CARES Act, the Plan Sponsor allowed loan limits to be increased to $100,000 or 100% of account balances for loans taken during the 6 months following March 27, 2020. In addition, qualified participants were given the ability to suspend loan payments for the period March 27, 2020 through December 31, 2020.

Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest or partial payments from time to time as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts (FBRICs)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

FBRICs are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. The Plan recognizes an allowance for notes receivable from participants if determined that a loan is uncollectible. Delinquent notes receivable are considered uncollectible and an allowance is recorded for the delinquent loans until a distributable event occurs. As of December 31, 2022 and 2021, the allowance for credit losses is $16,701.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in total investment income.

Subsequent Events

The Plan has evaluated subsequent events through December 27, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance separate accounts: Valued at fair value based on the NAV units as determined by the insurance company. NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is readily determinable measure of their fair value and is the basis for current transactions.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,572,674	$ -	$ -	$ 10,572,674
Insurance separate account	-	2,767,620	-	2,767,620
Total investment assets in the fair value hierarchy	$ 10,572,674	$ 2,767,620	$ -	$ 13,340,294

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,727,930	$ -	$ -	$ 13,727,930
Insurance separate account	-	3,740,189	-	3,740,189
Total investment assets in the fair value hierarchy	$ 13,727,930	$ 3,740,189	$ -	$ 17,468,119

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan entered into fully benefit-responsive guaranteed investment contracts (GIC) with Empower Annuity Insurance Company (formerly Great-West Life & Annuity Insurance Company) ("Empower") and ReliaStar Life Insurance Company ("ReliaStar"). Empower and ReliaStar maintain the contributions in general accounts, which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% for Great-West Life and varies by participant for ReliaStar Life. Such interest rates are reviewed on a quarterly basis for resetting.

Because the GICs are fully benefit-responsive, contract value is the relevant measure for the GICs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs) (Continued)

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

A contract provision with Empower that might limit the ability of the Plan to transact at contract value with the issuer states that certain employer-initiated events with respect to the contract assets that are not an election of contract termination will be assessed a market value adjustment. No similar provisions for ReliaStar Life were noted.

The contract with Empower Life permits the insurance company to terminate the agreement with 75 business days advanced written notice. The contract does not stipulate any event or circumstance that would cause the issuer to terminate and settle at an amount different from contract value.

The contract with ReliaStar Life permits the insurance company to terminate the agreement if the participant to the contract has not made any purchase payments for two full years and monthly benefits are less than $20 after age 71 or at the end of the 12th contract year, whichever is later.

Note 5: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by ReliaStar Life Insurance Company, Empower Annuity Insurance Company and Empower Trust Company, LLC (formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC), the Custodians of the Plan.

Note 6: Excluded Contracts and Accounts

From information reflected on past Form 5500 filings, this Plan was established on January 1, 1990. On December 24, 2003, the structure and management of the Shodair Hospital Employees Tax Deferred Annuity Plan was formalized with a written Plan document, selection of a Plan custodian, and centralized recordkeeping and monitoring of the Hospital. Despite efforts made by Plan management, documents and related records for this Plan prior to 2009 cannot be obtained from ReliaStar Life Insurance Company, and the history of the Plan is incomplete. It is impossible to determine the number, balance, and location of all contracts established under this Plan prior to 2009. Consequently, such contracts, whether or not in existence, are excluded from these financial statements.

Note 7: Related-Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by ReliaStar Life Insurance Company, Empower Annuity Insurance Company and Empower Trust Company, LLC (formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC). ReliaStar Life Insurance Company, Empower Annuity Insurance Company and Empower Trust Company, LLC (formerly Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC) are the Custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Empower Retirement, LLC is the record-keeper, as defined by the Plan and qalifies as a party-in-interest. Fees incurred and paid by the Plan for administrative expenses were $26,467 for the year ended December 31, 2022.

Notes receivable from participants qualify as party-in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8: Tax Status

The Hospital has adopted a nonstandard pre-approved document with an IRS notification letter which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Plan has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
