Independent Auditor's Report

Plan Sponsor
Baldinger Baking Limited Partnership
401(k) Plan and Trust
St. Paul, Minnesota

We were engaged to audit the financial statements of **Baldinger Baking Limited Partnership 401(k) Plan and Trust** as of December 31, 2009, and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the custodian of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of **Baldinger Baking Limited Partnership 401(k) Plan and Trust** as of December 31, 2008, and in our report dated September 30, 2009, we expressed our opinion that such financial statement presents fairly, in all material respects, the net assets available for benefits of **Baldinger Baking Limited Partnership 401(k) Plan and Trust** as of December 31, 2008, in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Description of Plan

The following description of Baldinger Baking Limited Partnership 401(k) Plan and Trust (the plan) provides only general information. Participants should refer to the plan agreement for a complete description of the plan's provisions. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is a 401(k) savings plan.

Eligibility

All employees who are at least 21 years of age are eligible to enter the plan. Eligible employees can enter the plan on January 1, April 1, July 1 or October 1 following the date the eligibility requirements are met. Leased employees are not eligible to participate in the plan.

Participant Contributions

An eligible employee may elect to contribute pretax earnings to the plan, subject to the limitations of the Internal Revenue Code. These contributions are not subject to federal income tax until withdrawn. Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified defined benefit or contribution plans. Contribution rates may be changed monthly.

Vesting

All participants are immediately 100% vested in their 401(k) plan accounts.

Participant Loans

Participants may borrow, from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transfers are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years. Loans for the purchase of a principal residence can be paid over a reasonable period of time, which may exceed five years. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant account and bear interest at prevailing rates as determined by the plan administrator. Interest rates range from 4.25% to 9.25%. Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount or installments over a period not to exceed the participant's assumed life expectancy, equal to the value of his or her account.

Participant Accounts

Each participant account is credited or charged, as applicable, with the participant contributions and allocations of plan earnings.

Note 1 - Description of Plan (Continued)

Administration of the Plan

The plan sponsor and administrator is Baldinger Baking Limited Partnership (the company). Hartford Retirement Services, LLC is the third party administrator of the plan. All investments are self-directed by plan participants. Substantially all administrative costs of the plan are paid by the company.

Investment Options

Upon enrollment in the plan, a participant may direct employee deferral contributions into a variety of registered investment company (mutual fund) and common collective trust investment options. Participants may change their investment options daily.

Subsequent Events

The plan administrator has evaluated subsequent events through September 28, 2010, the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The plan's financial statements are prepared under the accrual method of accounting.

Investments

All plan investments are carried at fair value. See Note 3 for more information regarding fair value measurements.

In September 2009, the Financial Accounting Standards Board (FASB) issued new guidance regarding the use of net asset value per share provided by the investee as a practical expedient to estimate the fair value of alternative investments (such as hedge funds, private equity funds, common collective trusts and pooled separate accounts). The plan's adoption of this new guidance had no material effect on its net assets available for benefits, but did result in additional disclosures included in Note 3 of these financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of Significant Accounting Policies (Continued)

Fixed Fund

Under accounting principles generally accepted in the United States of America (GAAPUSA), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in fully benefit-responsive investment contracts held in the Fixed Fund. The Fixed Fund is a common collective trust, which qualifies as a fully benefit-responsive investment contract. Since the fair value and contract value of the Fixed Fund are approximately equal for both 2009 and 2008, the plan's financial statements do not include a separate line item that reconciles the difference between the two values.

Payment of Benefits

Benefits are recorded when paid.

Management Estimates

The preparation of financial statements in conformity with GAAPUSA requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

GAAPUSA defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under GAAPUSA, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

GAAPUSA describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAPUSA does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

Note 3 - Fair Value Measurements (Continued)

The plan's investments are classified in one of the following three categories based on the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.

- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

As of December 31, 2009 and 2008, the following valuation methods have been used to value the plan's investments:

- Registered investment companies (mutual funds) - Valued at the reported net asset value (NAV) of the shares held by the plan at year-end.

- Money market fund - Valued at an NAV of $1 as reported by the fund manager.

- Common collective trusts - Valued at the NAV per unit as determined by the manager of the trust. Such NAV is based on the value of the underlying assets and liabilities of the trust. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

- Participant loans - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 3 - Fair Value Measurements (Continued)

The following tables summarize by level, within the fair value hierarchy, the plan's investments as of December 31, 2009 and 2008:

Note 3 - Fair Value Measurements (Continued)

The following table sets forth information summarizing the changes in fair value of the plan's Level 3 assets for the year ended December 31, 2009. All of the plan's Level 3 assets for the year ended December 31, 2009 were outstanding participant loans.

	Participant Loans
Beginning balance	$ 13,529
Issuances and settlements, net	23,632
Ending balance	**$ 37,161**

The plan's investments are exposed to risks such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and could materially affect the amounts reported in the financial statements.

Note 4 - Investments

The following table presents individual investments that represent 5% or more of the plan assets, at fair value, as of December 31, 2009 and 2008:

Common Collective Trust - Fixed Fund	37,521	37,521	38,599	38,599

For the year ended December 31, 2009, the plan's mutual fund investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $126,422.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the year ended December 31, 2009. Accordingly, Reliance Trust Company, the plan's custodian, has certified to the completeness and accuracy of the plan's investments and investment activity reflected in the statement of net assets available for benefits as of December 31, 2009, the statement of changes in net assets available for benefits for the year ended December 31, 2009 and the schedule of assets held at end of year as of December 31, 2009, as indicated above and in total.

Note 5 - Plan Termination

While the plan is intended to be permanent, it may be terminated at the discretion of the company, subject to the provisions of ERISA. Upon termination of the plan, the trustee may commence distribution to each participant.

Note 6 - Party-in-Interest Transactions

Certain plan investments are common/collective trust and mutual fund shares managed by MFS Retirement Services, Inc. MFS Retirement Services, Inc., a subsidiary of Sun Life, provided business services to Hartford Retirement Services, LLC in 2008 as the plan's administration was transferred to Hartford Retirement Services, LLC. As a result, transactions relating to MFS Retirement Services, Inc. investments qualify as party-in-interest transactions.

Note 7 - Income Tax Status

The plan obtained its latest determination letter on February 11, 2004, in which the Internal Revenue Service stated that the plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.
