Independent Auditor's Report

Board of Trustees
Security Police Fire Professionals of America Retirement Plan
Roseville, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Security Police Fire Professionals of America Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Security Police Fire Professionals of America Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution plan. Eligibility requirements are defined by collective bargaining agreements between participating employers and the International Union, Security Police Fire Professionals of America (SPFPA or the Union) representing covered employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodian and Administration of the Plan

The Plan is administered by a Board of Trustees (the Board) composed of an equal number of Union and employer trustees. Prior to April 2021, the custodian and recordkeeper of the Plan was Wells Fargo Bank, N.A. (Wells Fargo). Wells Fargo held all assets of the Plan. In April 2021, the custodian and recordkeeper transitioned from Wells Fargo to Principal Retirement (Principal) due to Principal's acquisition of Wells Fargo Institutional Retirement Trust Services. No transfer of assets, or change in investments, occurred related to the change in recordkeeper and custodian. The Board engages an investment advisor, Western International Securities, Inc. (WIS), to help determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan, and the related Security Police Fire Professionals of America and Participating Employers Health and Welfare Plan (H&W Plan), engaged Benesys, Inc. to serve as Third-Party Administrator (TPA). During August 2022, the TPA of the Plan and the H&W Plan changed from Benesys, Inc. to Lawrence C. Musgrove Associates, Inc.

Contributions

Required participating employer contributions are based on collective bargaining agreements in effect between the participating employers and the Union. The Plan also allows for elective deferrals, employer matching contributions, employer non-elective contributions, and employer discretionary contributions, as defined in the Plan document. Participants are also permitted to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans, but only for those employees eligible to participate in the Plan.

Contributions are collected by the H&W Plan and are then remitted to the Plan by the TPA. Employer contributions include pension stipends, employer matching contributions, and 401k excess contributions. 401k excess contributions are amounts based on health and welfare earnings credited to participants in the H&W Plan in excess of the cost of benefits elected by the H&W Plan participants. 401k excess contributions are not considered to be employee elective deferrals. The transfer of 401k excess contributions was frozen by the Board relating to H&W Plan contributions received for periods between November 1, 2020 and December 31, 2021. Starting in January 2022, the Board resumed transfers of the 401k excess contributions for 2022. The Board started transfers of the frozen 401k excess contributions related to November 1, 2020 to December 31, 2021 in August 2022. Frozen excess contributions of $2,306,670 and $2,770,992 are included in contributions receivable from employers on the statements of net assets available for benefits as of December

31, 2022 and 2021, respectively. As of March 31, 2023, all frozen excess contributions had been transferred.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participating employers' required contributions, the employers' discretionary contributions, if any, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts. The Plan accounts are 100% participant directed.

Participant Loans

Participant loans are not permitted under the Plan.

Vesting

Participants are immediately 100% vested in all contributions made to the Plan.

Investment Options

Contributions to the Plan are allocated among investment options with Wells Fargo and Principal at the participant's discretion. In the absence of an investment election by the participant, contributions credited to the participant's account are defaulted to a target date fund based on the participant's age.

Payments of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled (as defined), or termination of service. A participant may elect to receive a lump-sum amount, receive installment payments as described in the Plan document, leave the account in the Plan, or roll over the vested balance to another qualified retirement plan or Individual Retirement Account (IRA).

Forfeited Accounts

Forfeitures, at the election of the Board, may be used to pay administrative expenses incurred by Plan. The amount of forfeiture not used to pay administrative expenses will be allocated according to the Plan provisions. For the year ended December 31, 2022, forfeitures in the amount of $0 were used to fund employer contributions. As of December 31, 2022 and 2021, there was a forfeiture balance of $8,235 and $8,138, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividend and interest income is recorded as earned. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All administrative operating expenses of maintaining the Plan are the responsibility of the Plan. Investment-related expenses are included in net depreciation of fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo and Principal, qualified institutions, and the custodians of the Plan as described in Note 1, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, net, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information reflected on the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required

supplemental schedules, including assessing whether the supplemental schedules are in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts (CIT) – The CIT is valued at the NAV of units of a collective investment trust. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. There are no unfunded commitments for these investments, and they may be redeemed daily. There is no redemption notice period, except for the Wells Fargo Return Fund N, which has a 12-month notice period. There are no participant redemption restrictions; the redemption notice period is applicable only to the Plan.

The Plan's investment assets at fair value, within the fair value hierarchy, are as follows:

December 31, 2022

	Level 1	Total
Mutual funds	$ 92,650,403	$ 92,650,403
Total Investments, in the fair value hierarchy	$ 92,650,403	92,650,403
CIT, measured at NAV*		8,293,994
Total Investments, at fair value		$ 100,944,397

December 31, 2021

	Level 1	Total
Mutual funds	$ 117,488,623	$ 117,488,623
Total Investments, in the fair value hierarchy	$ 117,488,623	117,488,623
CIT, measured at NAV*		7,608,332
Total Investments, at fair value		$ 125,096,955

* In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Due to SPFPA Health and Welfare Plan

As discussed in Note 1, the Plan receives contributions from the H&W Plan, which is administered by the TPA.

Prior to December 31, 2019, the TPA transferred funds to the Plan that were deemed to be incorrect due to the following reasons:

- Retroactive changes in employment status from part-time to full-time.
- Retroactive changes in enrollment.
- Court orders that required retroactive changes in coverage for spouses and dependents.
- Corrections made by employers due to payroll errors.
- Corrections to secondary employer status.

The H&W Plan will offset future contributions to the Plan to reduce the amount due to the H&W Plan (excluding employee deferrals and employer matching contributions). The total amount due to the H&W Plan as of December 31, 2022 and 2021 was $185,914.

6. Other Income

Other income for the year ended December 31, 2022, includes $119,073 of uncashed checks under the previous service provider, Wells Fargo, which were transferred to the Principal uncashed check account during 2022.

7. Plan Administrative Expenses

Plan administrative expenses consisted of the following for the:

Year ended December 31, 2022		
Recordkeeping and asset charge	$	515,471
Third-party administration and consulting		400,594
Audit and accounting		103,309
Legal		69,338
Investment advisory		62,189
Other		55,528
	$	1,206,429

Fees and expenses relating to the administration of the Plan are generally the responsibility of the Plan.

8. Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Wells Fargo or its subsidiaries and affiliates. Participant distribution processing fees are paid to Wells Fargo and Principal by participants. The Plan paid for TPA fees, investment advisory, legal, Plan audit fees, and trustee travel and education, which qualify as party-in-interest transactions. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS), dated April 12, 2016, stating that the Plan and related trust, as amended, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan's management believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

On January 13, 2023, the Department of Labor (DOL) commenced a review of the Plan for the period from January 1, 2020 to the date of their letter. As of the date of this report, the DOL review had not been formally concluded.

10. Plan Termination

Although it has not expressed any intent to do so, the Board has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Participants are 100% vested in their balances.

11. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

12. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions totaling $377,849 were not remitted to the Plan within the period prescribed by DOL regulations. During prior Plan years, participant contributions totaling $250,275 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions, as defined by ERISA. The Plan paid lost earnings to participants to self-correct the prior-period delinquent contributions during 2023 and is in the process of correcting the 2022 delinquent contributions.

13. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500:

December 31,	**2022**	2021
Net Assets Available for Benefits, per financial statements	**$ 111,413,743**	$ 132,631,911
Less: certain employer contributions receivable	**(1,478,727)**	(2,544,833)
Net Assets, per Form 5500	**$ 109,935,016**	$ 130,087,078
