Petersen Health Care, Inc. 401K Plan
Peoria, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Petersen Health Care, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Petersen Health Care, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Petersen Health Care, Inc. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Petersen Health Care, Inc. 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Petersen Health Care, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Petersen Health Care, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(Continued)

NOTE 1: PLAN DESCRIPTION - continued

B. CONTRIBUTIONS - Employee contributions are made through an elective salary reduction arrangement, and are permitted up to the maximum percentage allowable, not to exceed the limits of Code Sections 401K, 404 and 415 of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an option for matching employer contributions. The Plan matches twenty-five percent on the first four percent of the employee's compensation which is deferred as an elective deferral.

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily. Contributions are subject to certain limitations.

C. PARTICIPANT ACCOUNT - Each participant's account is credited with the participant's elective contributions, employer's discretionary contributions, rollovers, and allocations of Plan earnings. The allocation of Plan earnings is determined by the ratio which the average Plan balance for each participant bears to the average Plan balance for all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. FORFEITURES – Forfeited balances of terminated participants' non-vested accounts are used to restore participant forfeitures and reduce employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $1,968 and $1,513, respectively. Forfeitures from prior periods were used to pay employer contributions of $32,735 during 2022. Forfeitures from prior periods were used to pay administrative fees of $8,460 and employer contributions of $5,333 during 2021.

E. VESTING - Participants are immediately vested in their contributions and earnings. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the Companies' contributions after six years of credited service. A year of service, for vesting purposes, is defined as a Plan year in which the employee completes 1,000 hours of service. Participants become fully vested if they attain Normal Retirement Age, if they terminate due to Disability, if they die, or if the Plan is terminated or partially terminated. Vesting in the Companies' discretionary matching contributions portion of participant accounts due to termination for reasons other than those previously mentioned are as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2-3 years	20%
3-4	40%
4-5	60%
5-6	80%
6 or more years	100%

(Continued)

NOTE 1: PLAN DESCRIPTION - continued

F. PAYMENT OF BENEFITS – Participants withdrawing during the year for reasons of minimum required distributions, disability, retirement, death, or termination of employment are entitled to their vested account balance. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. At the participant's request, upon retirement or termination of employment, a participant may receive a distribution in a lump-sum amount equal to the value of their account or by purchasing an annuity with various alternative payment options.

G. PARTICIPANT LOANS – Participants may borrow from their fund accounts an amount up to 50% of their account balance, with a minimum loan of $1,000 and a maximum loan of $50,000. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. The interest rate was 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

H. EXCESS CONTRIBUTIONS – The Plan distributes excess contributions, from top-heavy calculations to applicable participants prior to March 15 of the following year. There were no excess contributions for the years ended December 31, 2022 or 2021.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Shares of registered investment companies are valued based on the quoted market prices of the shares held by the Plan at year end. Gain or loss recognized from the disposition of an investment held at the beginning of the year is equal to the difference between the market value of the disposed asset at the beginning of the year and the proceeds from disposition. Gain or loss realized from the disposition of an investment acquired during the year is equal to the difference between the cost and the proceeds from disposition. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in the market value of an investment held both at the beginning and end of the year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

D. Payment of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Administrative costs were paid for within the plan and shared by the participants in 2022. The administrative costs, made up of transition costs, paid by the Companies were $8,460 in 2021.

NOTE 3: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:

	2022	2021
Net assets available for benefits per financial statements	$6,978,374	$7,433,141
Net assets available for benefits per Form 5500	$6,978,374	$7,433,141

The following is a reconciliation of benefits paid to participants per financial statements at December 31, 2022 and 2021 to Form 5500:

	2022	2021
Benefits paid to participants per financial statements	$648,585	$538,421
Benefits paid to participants per Form 5500	$648,585	$538,421

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5: CERTIFIED INVESTMENTS

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified Capital Bank and Trust Company, which included total investments as of December 31, 2022, the total investment income, including net realized and unrealized gains (losses) on investments for the year ended December 31, 2022.

(Continued)

NOTE 6: INFORMATION PREPARED AND CERTIFIED BY CAPITAL BANK AND TRUST COMPANY

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Capital Bank and Trust Company from January 1, 2022 to December 31, 2022.

	2022
Investments, at fair value:	
Registered Investment Companies	$6,918,238
Investment loss	$1,238,655

NOTE 7: TAX STATUS

Effective January 1, 2021, the Plan adopted a non-standardized form of a prototype plan sponsored by FuturePlan by Ascensus. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status; however, for adopters of the non-standardized version of the plan, such opinion letter cannot be relied upon by the adopting plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its qualification. The Plan administrator believes the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, the Plan is exempt from taxation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for tax years ended December 31, 2022, 2021, and 2020.

NOTE 8: NONEXEMPT TRANSACTIONS

During 2022, the Company inadvertently failed to deposit $16,881 of participant deferrals and $1,947 of loan repayments within the required timeframe as stated by the Department of Labor regulations. The Companies intend to reimburse the Plan for lost interest, file Form 5330 and pay the applicable excise tax. The excise tax payments will be made from the Companies' assets and not from the assets of the Plan.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

Participants covered under the Plan are considered to be parties-in-interest. Participant loans in the amounts of $60,136 and $65,099 at December 31, 2022 and 2021, respectively, are considered to be party-in-interest investments.

(Continued)

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various marketable securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 11: FAIR VALUE MEASUREMENTS OF INVESTMENTS

The Accounting Standards and Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2:
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shared in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(Continued)

NOTE 11: FAIR VALUE MEASUREMENTS OF INVESTMENTS - continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Investment Category	Fair Value	Level 1	Level 2	Level 3
Registered Investment Companies	$6,918,238	$6,918,238	$ -	$ -
Total	$6,918,238	$6,918,238	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:
