To the Audit Committee of
Pride International, LLC

Pride International, LLC 401(k) Retirement and Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of Pride International, LLC 401(k) Retirement and Savings Plan (the "Plan") for the year ended December 31, 2009 and have issued our report thereon dated September 28, 2010. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 15, 2010. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2009. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of the Plan's investment in accordance with FASB ASC 820. We evaluated the key factors and assumptions used to develop the fair value of Plan's investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements noted during the course of our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 28, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Internal Control Matters

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Plans' internal control.

During the course of the audit, we did not note any control deficiencies that would be considered a significant deficiency or a material weakness.

This information is intended solely for the use of the Audit Committee of Pride International, LLC and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Independent Auditors' Report

To The Participants and Plan Administrator of the
Pride International, Inc. 401(k) Retirement and Savings Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of the Pride International, Inc. 401(k) Retirement and Savings Plan (the "Plan") as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the related supplemental schedule, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of and for the year ended December 31, 2008 were reported on by other auditors whose report dated July 31, 2009 disclaimed an opinion for the described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Merrill Lynch Bank and Trust, Co. FSB, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pride International, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

December 31, 2009 and 2008

Note 1: Description of the Plan

The following description of the Pride International, Inc. 401(k) Retirement and Savings Plan (the "Plan") provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan was established effective October 1, 1993 as a defined contribution plan covering all eligible employees of Pride International, Inc. (the "Company") are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from 1% to 50% percent of pretax annual compensation, as defined in the Plan. Employees hired after August 15, 2007 are subject to automatic enrollment. The Company will automatically deduct 2% from their pay on a pre-tax basis. Employees can elect to stop or change this automatic contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

At December 12, 2002, Marine Drilling Companies 401(k) Profit Sharing Plan was merged into the Plan and the Marine Drilling common stock was converted to Pride International, Inc. common stock. The Company's common stock has never been an investment option in the Plan; however, the merger with Marine Drilling Companies 401(k) Profit Sharing Plan resulted in the Plan owning shares of the Company's common stock.

The Company makes a fully vested matching contribution to each participant's account equal to 100 percent of the first 6 percent of the participant's eligible compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service (IRS) regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The Company can make additional matching contributions and profit sharing contributions as determined by the Company. Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pride International, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

December 31, 2009 and 2008

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service. Participants become 100% vested upon attaining the early retirement age of 55, the normal retirement age of 65, disability or death.

Participant Loans

Active and inactive participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Participant loans outstanding as of December 31, 2009 and 2008 totaled 2,319,237 and \$4,031,622, respectively, and bore interest at rates ranging from 3.25% to 8.5% per year during 2009 and 2008.

Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants enrolled in the Plan prior to August 1, 1998, may also elect to receive benefit payments as an annuity, as periodic payments or as a qualified joint and 50% survivorship annuity.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to reduce future Company contributions. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$21,067 and \$25,299 respectively. During 2009, Company contributions were reduced by \$11,446 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes

Pride International, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

December 31, 2009 and 2008

therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2009, and through September 28, 2010 for inclusion in the financial statements and footnotes.

New Accounting Pronouncements

In May 2009, a subsequent event accounting standard was issued by the FASB, establishing the accounting of and disclosure standards for events that occur after the balance sheet date but before financial statements are issued or available to be issued. An amendment was issued in February 2010 which clarified which entities are required to evaluate subsequent events and the scope of the disclosure requirements related to subsequent events.

In January 2010, the FASB issued a new accounting standard to improve disclosures about fair value measurements. Certain provisions to the standard are effective for reporting periods beginning after December 15, 2009, while other provisions are effective for periods beginning after December 15, 2010.

Note 3: Investments

The following table presents the Plan's investments. Investments that represent 5% or more of plan net assets in either year are separately identified.

	2009	2008
Interest Bearing Cash	\$ 64,437,732	\$ -

Other investments less than 5%	-	40,424,152
	<u>\$ 66,756,969</u>	<u>\$ 76,758,754</u>

During the year ended 2009 the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$12,734,131 as follows:

Mutual funds	\$ 10,819,600
Common stocks	<u>1,914,531</u>
	<u>\$ 12,734,131</u>

Interest and dividends realized on the Plan's investments for the year ended December 31, 2009 were \$2,183,365.

Note 4: Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Interest Bearing cash: Interest-bearing cash includes cash on deposit and investments in money market mutual funds that invests mainly in short-term instruments and cash, both of which are valued using a market approach and are considered Level 1 in the fair value hierarchy. The money market mutual funds are valued at the NAV of shares held.

Pride International, Inc. 401(k) Retirement and Savings Plan

Notes to Financial Statements

December 31, 2009 and 2008

Participant loans: Valued at amortized cost, which approximates fair value. Participant loans are considered Level 3 in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	<u>2009</u>
Level 1:

Note 5: Party-In-Interest Transactions

Certain plan investments are managed by Merrill Lynch Trust Company, FSB which is the trustee of the Plan. Fees paid by the Plan for investment management services amounted to \$29,565 for the year ended December 31, 2009.

Note 6: Plan Tax Status

The Plan obtained its latest determination letter on February 16, 1999, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.
