TWO JINN, INCORPORATED 401(k) PLAN
Carlsbad, California

We were engaged to audit the financial statements of Two Jinn, Incorporated 401(k) Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedules as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform any auditing procedures with respect to the information described in Note 3 which was certified by Principal Financial Group, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The Two Jinn, Incorporated 401(k) Plan (the "Plan") is sponsored by Two Jinn, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 1994, is a defined contribution plan covering all eligible employees of Two Jinn, Inc. and two of its subsidiaries, California Surety Investigations, Inc. and Northwest Surety Investigations, Inc. The Plan was restated effective March 1, 2003 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to participate in the Plan as soon as administratively possible after date of hire. Employees are not eligible to participate in the Plan if they are subject to collective bargaining or are nonresident aliens who have no earned income from sources within the United States.

Participant Contributions

Participants may elect to contribute up to 100% of their eligible earnings on a pre-tax basis as allowed by the Internal Revenue Code ("IRC"). In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

Employer contributions include the following components:

a. Discretionary matching contributions
b. Discretionary contributions

To qualify for the discretionary matching contribution, the employee must be 21 years of age, have completed one year of service, and be employed and an active participant at any time during the month a contribution is made. For purposes of determining eligibility for the discretionary matching contribution, a year of service is defined as having completed 1,000 hours of service during a one-year period.

To qualify for a discretionary contribution at year end, the employee must be 21 years of age, have completed a year of service during the Plan year, and be employed and an active participant on the last day of the year. For purposes of determining eligibility for the discretionary contribution, a year of service is defined as having completed 1,000 hours of service during the applicable Plan year.

During the year ended December 31, 2009, the discretionary matching contribution (calculated and remitted each payroll period) was equal to 100% of a participant's elective deferral, up to 4% of a participant's compensation in each applicable payroll period. Total discretionary matching contributions for the year ended December 31, 2009 were $484,232, which are net of forfeitures applied in the amount of $37,422. No discretionary contributions were made for the year ended December 31, 2009.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participant accounts are credited with the participant's contribution, the employer's contribution (if any), and allocations of Plan earnings or losses. Allocations are based on the participant's earnings or account balances, as defined. Individual participant accounts are charged for any loan and distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

On September 26, 2008, Principal Financial Group ("Principal"), the custodian of the Plan's assets, applied a limitation on one of the Plan's investment options, the Principal U.S. Property pooled separate account. While the investment continued to be available as a participant-directed investment option until March 2010 (see Note 11), this limitation delays the payment of withdrawal requests and provides for payment of such requests on a pro rata basis as cash becomes available for distribution, as determined by Principal.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of credited service. A participant vests 20% for each year of credited service, beginning at the end of the second year, and is 100% vested after six years of credited service. Participants are credited with a year of service upon reaching 1,000 hours of service in a Plan year.

Forfeitures

Forfeitures may be used to reduce employer contributions. During 2009, forfeitures of $37,422 were used to reduce employer contributions. During 2009, $37,599 was added to forfeitures with related investment earnings of $328. As of December 31, 2009 and 2008, the balance of forfeited, nonvested funds available for future use was $770 and $265, respectively.

Participant Loans

Participants may borrow against their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interests in their account balances. Participants may have up to two loans outstanding at a time. Loans are required to be repaid within five years. The loans are secured by up to half of the participant's vested account balance. The loans bear interest at fixed rates determined by the Plan administrator at the time of loan application and at rates similar to those charged by commercial lending institutions. As of December 31, 2009, the interest rates on outstanding loans ranged from 4.25% to 9.25%. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits

Upon termination of service, retirement, death, disability, or attaining age 59½, a participant whose account balance is $5,000 or more may elect to receive: 1) a lump sum amount equal to the value of his or her vested account balance; 2) periodic payments by selecting a predetermined number of payments or a fixed dollar payment of a selected frequency assuming specific requirements are met; or 3) elect to leave such funds on deposit in the Plan until the first day of April following the calendar year in which the participant reaches age 70½ . Participants with vested account balances between $1,000 and $5,000 may have their accounts rolled over into individual retirement accounts at the discretion of the Plan sponsor. The Plan sponsor, also at its discretion, may elect to distribute vested balances of less than $1,000.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Investment Options

In accordance with Plan provisions, participants may direct employee and employer contributions in any of the Plan's options.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Recognition of Income and Loss

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of pooled separate accounts/mutual funds includes the Plan's gains and losses on investments sold during the year as well as held at year end.

Payment of Benefits

Benefits are recorded when paid.

Income Tax Status

The Company adopted a prototype plan which, as amended, received a favorable opinion letter dated July 22, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was, in its opinion, in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving this letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Subsequent Events

The Plan's management has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i) including investments held at December 31, 2009 and 2008, and net appreciation in fair value of investments, interest, dividend, and other income for the year ended December 31, 2009, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the custodian.

NOTE 4. INVESTMENTS

All investments are participant-directed. The Plan's investments held by the custodian as of December 31, 2009 and 2008 consisted of the following as of December 31:

	2009	2008
Investments that represent 5% or more of the Plan's net assets:

Total investments	$ 5,419,882	$ 3,467,585

* The balance in this investment represented less than 5% of the Plan's net assets as of the date indicated and is included in all other investments.

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2009 and 2008:

Mutual funds: Valued at the closing price reported in the active market in which the individual investments are traded.

Pooled separate accounts: Valued at the separate account's unit value of shares held by the Plan at year-end. Pooled separate accounts are generally stated at fair value as reported to Principal by the National Securities Clearing Corporation or an outside pricing service, Interactive Data Corporation, Inc. Reported fair value is based the market values of the underlying securities in each account and deducting an applicable expense charge for each pooled separate account investment.

Participant loans: Carried at the aggregate outstanding principal balance, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

	December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 369,664	$ -	$ -	$ 369,664

Total investments at fair value	$ 369,664	$ 4,667,298	$ 382,920	$ 5,419,882

	December 31, 2008			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 185,423	$ 2,990,012	$ 292,150	$ 3,467,585

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2009:

	Principal U.S. Property Separate Account	Participant Loans	Total
Balance, beginning of year	$ 35,411	$ 256,739	$ 292,150
Net realized/unrealized losses included in earnings	(16,133)	-	(16,133)
Purchases, sales, issuances, and settlements (net)	23,123	83,780	106,903
Balance, end of year	$ 42,401	$ 340,519	$ 382,920
Amount of total gains or losses for the period included in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ (15,984)	$ -	$ (15,984)

The net realized/unrealized losses included in earnings which are noted in the above table are included in net realized and unrealized appreciation in fair value of pooled separate accounts in the statement of changes in net assets available for benefits.

NOTE 6. RELATED PARTY TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan. Substantially all of the Plan's operating expenses are paid by the Company, and the Plan's investments are managed by Principal Financial Group, the Plan's custodian. These transactions qualify as party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 9. DELINQUENT CONTRIBUTIONS

The Plan identified one instance during 2008 where contributions withheld from a participant were not forwarded to the custodian of the Plan in a timely manner. In 2009, the Company contributed approximately $3 to the Plan, representing income that could have been earned on investments had these contributions been made on a timely basis.

NOTE 10. SELF-CORRECTION OF OPERATIONAL FAILURE

During 2009, the Company identified clerical errors relating to the vesting calculations of certain employer matching contributions during the 2008 and 2009 Plan years. The result was that a total of $16,476 was over-distributed to certain terminated participants during 2008 and 2009. During 2009, the Plan was able to recoup $3,022 in over-distributed funds directly from terminated participants; the Company remitted the remaining $13,454 to the Plan, which is included in other income.

Plan management and the Company believe that the self-corrective actions implemented in 2009 allow the Plan to be in compliance with the Plan documents and ERISA.

NOTE 11. SUBSEQUENT EVENT

In March 2010, the Plan changed its custodian from Principal to Reliance Trust Company ("Reliance"). All Plan assets, with the exception of approximately $42,000 remaining in the Principal U.S. Property pooled separate account (Note 1) were transferred from Principal to Reliance. As the Principal U.S. Property pooled separate account's liquidity permits (as determined by Principal), Plan management intends to transfer the remaining amounts to Reliance.
