INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
Atlantic Inertial Systems Inc. 401(k) Retirement Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Atlantic Inertial Systems Inc. 401(k) Retirement Savings Plan (the "Plan") as of December 31, 2009 and 2008 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1, effective September 28, 2009, the Atlantic Inertial Systems Inc. Money Purchase Pension Plan merged with and into the Plan.

The following description of the Atlantic Inertial Systems Inc. 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective August 20, 2007, and most recently amended on October 23, 2009. Non-union employees of Atlantic Inertial Systems Inc. (the "Company") become eligible to participate on the day the participant becomes an active employee. Employees represented by the IAM Lodge 1249, Local 26 and the International Union of Journeymen & Allied Trades become eligible to participate upon completion of the lesser of 1 year of service and 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective September 28, 2009, the Atlantic Inertial Systems, Inc. Money Purchase Plan ("MPP") merged with and into the Plan. The Company makes a fixed profit sharing contribution to the Plan on behalf of eligible employees as defined in the MPP in an amount equal to the contribution that the Company would have made to the MPP had the merger not occurred.

During 2009, the Wells Fargo Collective Stable Return Fund (N3), the American Funds Growth Fund of America (R5), and the American Funds Europacific Growth (R5) were added as investment options. The Wells Fargo Collective Stable Return Fund (N4), the American Funds Growth Fund of America (R6), and the American Funds Europacific Growth (R6) were eliminated as investment options.

Contributions

Participants may contribute an amount not less than 1% but not more than 25% of their compensation, as defined in the Plan agreement, for the contribution period. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a common collective trust, various mutual funds, and self-directed accounts as investment options for participants. The self-directed accounts are comprised of assets invested at the direction of individual Plan participants and limited to mutual funds. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings. The Company is responsible for making contributions for eligible employees using a formula defined in the MPP's Plan agreement based on age and years of service. This contribution is reduced ratably by percentages based on hours of service for eligible employees who complete fewer than 1,800 hours of service in a Plan year. The Company contributions are invested directly in an investment company contract and various mutual funds, as directed by the participant. Company contributions are recorded annually.

Note 1 - Description of the Plan: (Continued)

Contributions (Continued)

The Company makes matching contributions in an amount equal to \$1.00 for each \$1.00 contributed by a participant, up to a maximum of 7% of the participant's Plan compensation for non-union employees. The Company makes matching contributions in an amount equal to \$0.50 for each \$1.00 contributed by a participant, up to a maximum of 6% of the participant's Plan compensation for employees represented by IAM Lodge No. 1249, Local 26. The Company makes matching contributions in an amount equal to \$0.50 for each \$1.00 contributed by a participant, up to a maximum of 6% of contributions per week for employees represented by the International Union of Journeymen & Allied Trades. The Company makes pension replacement contributions ranging from 3% to 9% for eligible salary employees using a formula defined in the plan document as amended. The Company also makes pension replacement contributions ranging from \$500 to \$2,750 for eligible hourly employees using a formula defined in the MPP's plan document as amended. The Company contributions are invested directly in the common collective trust, various mutual funds, or the self-directed accounts, as directed by the participant. Company matching contributions are recorded in the same period as employee contributions. Pension replacement contributions are recorded annually.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Allocations of Plan earnings for investments other than self-directed accounts are based on participants' account balances. Self-directed accounts are credited with the earnings of the specific investment chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined in the Plan agreement. Non-union employees who were employees on the date the Plan was established were immediately vested in all employer contributions. A non-union employee hired after the date was established become 25% vested after 1 year of service, 50% vested after 2 years of service, 75% vested after 3 years of service, and 100% vested after 4 years of service in all employer contributions. Employees represented by IAM Lodge No. 1249, Local 26 and SEIU Local No. 32 BJ are immediately vested in all employer contributions. However, if an active participant dies prior to the normal retirement age or becomes totally disabled, the participant's account becomes 100% vested in all employer contributions. Any eligible employee hired after August 20, 2007, is immediately vested in all employer contributions after 3 years of service for amounts transferred in from the MPP.

Payment of Benefits

Upon termination of service, a participant with a vested account balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the vested portion of their account, a distribution in the form of an annuity, or a combination of these payment options. A participant with a vested account balance of \$1,000 or less will receive a lump-sum distribution. Participants with a vested account balance between \$1,000 and \$5,000 who do not elect a form of distribution will have their vested balance rolled over to an individual retirement account administered by Wells Fargo. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Note 1 - Description of the Plan: (Continued)

Participant Loans

Participants may borrow a minimum of \$1,000 up to \$50,000 or 50% of their account balance, whichever is less. Loans are calculated on a fully amortized basis. A loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with market rates for similar loans. At December 31, 2009, interest rates on outstanding loans ranged from 4.25% to 9.25%.

Administrative Expenses

The Plan is responsible for payment of the financial advisory services, trustee expenses and fees; however, the Company may pay the Plan expenses directly. Transaction fees for loan and benefit payment transactions are paid by the Plan by reducing the balances of those participants initiating the transactions. For the year ended December 31, 2009, transaction fees totaled \$2,716.

Plan Merger

Effective September 28, 2009, the Atlantic Inertial Money Purchase Plan merged with and account balances were transferred to the Plan.

Subsequent Events

Subsequent events were evaluated through July 8, 2010, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

For The Year Ended December 31, 2009**

Note 2 - Summary of Significant Accounting Policies: (Continued)

Risks and Uncertainties

The Plan provides for various investment options in any combination of a common collective trust, various mutual funds and self-directed accounts. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and their level of uncertainty related to the changes in their value, it is at least reasonably possible that changes in values in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The investment in the Wells Fargo Collective Stable Return Fund (N3) is generally benefit responsive and is stated at fair value. The contract value of the investment contract at December 31, 2009 was \$18,035,274. Investments in the various mutual funds are stated at fair value, which is determined by the unit value reported by Wells Fargo Bank, N.A (see Note 5 - Investment Contract). The self-directed accounts are comprised of equity investments and cash and cash equivalents that are valued based on quoted market prices on the last day of the Plan year. Participant loans are stated at cost plus accrued interest, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6 - Fair Value Measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 - Certified Financial Information:

The Plan assets are invested in products sold and/or managed by Wells Fargo Bank, N.A. The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by Wells Fargo Bank, N.A., as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Participant loans and self-directed accounts are included in this certification.

Note 4 - Investments:

The following investments represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008:

Note 4 - Investments: (Continued)

Investment Performance

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

Mutual funds	\$ 5,422,074
Stable value fund	<u>406,729</u>
Net appreciation in fair value of investments	<u>\$ 5,828,803</u>

Note 5 - Investment Contract:

The Plan has entered into an investment contract with Wells Fargo Bank, N.A via an investment in the Wells Fargo Collective Stable Return Fund (the "Fund"). During the year, the investments in the Stable Return Fund (N3) were transferred to the Stable Return Fund N4. The Fund has invested all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A. The Wells Fargo Stable Return Fund G is a fully benefit responsive contract that invests in investment contracts and security-backed contracts. These securities are wrapped by a contract value guarantee that insures that participant initiated withdrawals from the Fund will be paid at book value. The average yield was 2.74% for the year ended December 31, 2009, and 4.17% for the year ended December 31, 2008.

<u>Average Yields:</u>	2009	2008
Based on actual earnings	2.74%	4.17%
Based on interest rate credited to participants	3.32%	4.10%

Note 6 - Fair Value Measurements:

Financial Accounting Standards Board Statement (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ATLANTIC INERTIAL SYSTEMS INC. 401(k) RETIREMENT SAVINGS PLAN
Notes To The Financial Statements
For The Year Ended December 31, 2009

Note 6 - Fair Value Measurements: (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common/collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 5 - Investment Contract).

Mutual funds: Valued at the net asset value ("NAV") of shares held at year end by Wells Fargo.

Self-directed account: Mutual funds are valued at the net asset value ("NAV") of shares held at year end by Wells Fargo. Money market funds are valued at amortized cost, which approximates fair value.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Note 7 - Related Party Transactions:

Plan assets include investments in funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the Plan's trustee and, as such, transactions with the trustee qualify as party-in-interest transactions. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Participant loans also qualify as party-in-interest transactions.

Note 8 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 9 - Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated November 5, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 - Forfeitures:

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees. Forfeiture reserve amounts were \$6,075 and \$72 for years ended December 31, 2009 and 2008, respectively. Forfeitures are available to offset Company cash contributions or pay Plan expenses, which would be otherwise payable by the Company, in accordance with the Plan agreement. For the year ended December 31, 2009, forfeited amounts totaling \$3,827 were used to offset employer contributions into the Plan. No amounts were used to offset Plan expenses.

Note 11 - Reconciliation of Financial Statements to Form 5500:

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. Contributions in the statement of changes in net assets available for benefits differ from contributions in the Form 5500 by the change in the amount of contributions accrued at December 31. The ending net asset balances are reconciled as follows:

	2009	2008
Net assets available for benefits per the Form 5500	\$ 50,285,656	\$ 29,705,397
