SCHEDULE TO ACCOMPANY THE 2009 FORM 5500
ANNUAL REPORT OF EMPLOYEE BENEFIT PLAN
UNDER ERISA OF 1974

Independent Auditors' Report

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50% of their pretax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth deferral contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2009 the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. SFAS No. 168 is effective for financial statements for annual periods ending after September 15, 2009 and establishes the FASB Accounting Standards Codification ("ASC"). Under SFAS No. 168, now referred to as ASC 105-10, the ASC became the only source of authoritative U.S. generally accepted accounting principles ("U.S. GAAP") to be applied by non-governmental entities and superseded all existing non-SEC accounting and reporting standards. The Plan adopted the codification as of December 31, 2009. As the ASC does not create new accounting rules, but only provides a comprehensive system to reorganize previously existing U.S. GAAP in a single authoritative source, its adoption had no effect on the Plan's financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In July 2006, FASB issued ASC 740-10 (formerly FIN 48). ASC 740-10 establishes principles and standards related to the accounting for and disclosure of accounting for uncertainty in income tax positions. The Plan adopted this standard as of January 1, 2009, resulting in no effect on its financial position.

In April 2009, FASB issued an amendment to ASC 820-10 *Fair Value Measurements and Disclosure* (formerly FSP No. FAS 157-4). The amendment provides additional guidance on how to determine the fair value of an investment when the volume and level of activity for the asset or liability have significantly decreased and in identifying transactions that are not orderly. It also expands disclosure requirements for investments by requiring detail by major security type. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

In May 2009, FASB issued ASC 855-10 *Subsequent Events* (formerly SFAS No. 165). ASC 855-10 establishes principles and standards related to the accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. The Plan adopted this standard on December 31, 2009, resulting in no effect on its financial position.

In September 2009, FASB issued Accounting Standards Update No. 2009-12, "Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2009-12"). ASU 2009-12 provides guidance on how organizations should estimate the fair value of certain alternative investments, effective for periods ending after December 15, 2009. The fair value of investments within the scope of the guidance can now be determined using net asset value ("NAV") as a practical expedient, unless it is probable the investment will be sold at something other than NAV. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the SEI Stable Asset Fund, a common collective trust. As required by accounting standards, the statements of net assets available for plan benefits present the fair value of the common collective trust as well as the adjustment of the common collective trust from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting standards establish a fair value hierarchy, which require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standards describe three levels of inputs that may be used to measure fair value as described below.

The Plan's investments consist of mutual funds, a common collective trust and participant loans. The mutual funds are stated at fair market value as determined by quoted market prices, which represent the net asset values of shares held by the Plan. This valuation method results in a level one classification for the mutual funds held by the Plan. The common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. This valuation method results in a level two classification for the common collective trust held by the Plan. Participant loans are stated at amortized cost which approximates fair value. Due to the nature of the inputs this valuation method results in a level three classification for participant loans.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2009:

	<u>Participant loans</u>
Balance at beginning of year	\$ 149,974

 Balance at end of year	 <u>\$ 135,282</u>

The Plan invests in a common collective trust that calculates net asset value per share in accordance with FASB guidance commonly followed by investment companies. This investment is reported at fair value based on the net asset value per share as reported by the investee. The common collective trust held by the Plan is a stable value investment which primarily invests in investment contracts such as guaranteed investment contracts (GICs) and other financial institution and other investment products (separate account contracts, synthetics GICS and collective investment trusts.) The fair value of the investment in this category has been estimated using the net asset value per share of the investments. Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Costs used to determine realized gains and losses are on the average cost basis. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Appreciation (Depreciation) in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Spartan US Equity Index Fund	530,324	*	355,219	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2009 the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$1,236,195.

D. TAX STATUS:

The Plan has adopted the standardized prototype plan document of Fidelity Management Trust Company. The prototype sponsor received a favorable opinion letter dated December 5, 2001 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype has been amended for changes in the tax law, and the prototype sponsor has received an opinion letter dated October 9, 2003 that the amendment to the form of the prototype is acceptable. The Plan has been amended since the date of the last letter. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2009 and 2008, the investment earnings and other investment-related transactions for the year ended December 31, 2009, and the information contained in the Schedule of Assets (Held at End of Year).

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 29, 2010, the date these financial statements were available for issuance.

ANNUAL REPORT OF EMPLOYEE BENEFIT PLAN

Independent Auditors' Report

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50% of their pretax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth deferral contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2009 the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. SFAS No. 168 is effective for financial statements for annual periods ending after September 15, 2009 and establishes the FASB Accounting Standards Codification ("ASC"). Under SFAS No. 168, now referred to as ASC 105-10, the ASC became the only source of authoritative U.S. generally accepted accounting principles ("U.S. GAAP") to be applied by non-governmental entities and superseded all existing non-SEC accounting and reporting standards. The Plan adopted the codification as of December 31, 2009. As the ASC does not create new accounting rules, but only provides a comprehensive system to reorganize previously existing U.S. GAAP in a single authoritative source, its adoption had no effect on the Plan's financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In July 2006, FASB issued ASC 740-10 (formerly FIN 48). ASC 740-10 establishes principles and standards related to the accounting for and disclosure of accounting for uncertainty in income tax positions. The Plan adopted this standard as of January 1, 2009, resulting in no effect on its financial position.

In April 2009, FASB issued an amendment to ASC 820-10 *Fair Value Measurements and Disclosure* (formerly FSP No. FAS 157-4). The amendment provides additional guidance on how to determine the fair value of an investment when the volume and level of activity for the asset or liability have significantly decreased and in identifying transactions that are not orderly. It also expands disclosure requirements for investments by requiring detail by major security type. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

In May 2009, FASB issued ASC 855-10 *Subsequent Events* (formerly SFAS No. 165). ASC 855-10 establishes principles and standards related to the accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. The Plan adopted this standard on December 31, 2009, resulting in no effect on its financial position.

In September 2009, FASB issued Accounting Standards Update No. 2009-12, "Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2009-12"). ASU 2009-12 provides guidance on how organizations should estimate the fair value of certain alternative investments, effective for periods ending after December 15, 2009. The fair value of investments within the scope of the guidance can now be determined using net asset value ("NAV") as a practical expedient, unless it is probable the investment will be sold at something other than NAV. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the SEI Stable Asset Fund, a common collective trust. As required by accounting standards, the statements of net assets available for plan benefits present the fair value of the common collective trust as well as the adjustment of the common collective trust from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting standards establish a fair value hierarchy, which require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standards describe three levels of inputs that may be used to measure fair value as described below.

The Plan's investments consist of mutual funds, a common collective trust and participant loans. The mutual funds are stated at fair market value as determined by quoted market prices, which represent the net asset values of shares held by the Plan. This valuation method results in a level one classification for the mutual funds held by the Plan. The common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. This valuation method results in a level two classification for the common collective trust held by the Plan. Participant loans are stated at amortized cost which approximates fair value. Due to the nature of the inputs this valuation method results in a level three classification for participant loans.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Level 2: Valued using other observable inputs.

Level 3: Valued using significant unobservable inputs.

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2009:

	<u>Participant loans</u>
Balance at beginning of year	\$ 149,974
Net loan advances (repayments)	<u>(14,692)</u>
 Balance at end of year	 <u>\$ 135,282</u>

The Plan invests in a common collective trust that calculates net asset value per share in accordance with FASB guidance commonly followed by investment companies. This investment is reported at fair value based on the net asset value per share as reported by the investee. The common collective trust held by the Plan is a stable value investment which primarily invests in investment contracts such as guaranteed investment contracts (GICs) and other financial institution and other investment products (separate account contracts, synthetics GICS and collective investment trusts.) The fair value of the investment in this category has been estimated using the net asset value per share of the investments. Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Costs used to determine realized gains and losses are on the average cost basis. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Appreciation (Depreciation) in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. INVESTMENTS:

The following represents the Plan's investments as of December 31, 2009 or 2008 that represented 5% or more of the net assets available for plan benefits:

	<u>2009</u>		<u>2008</u>	
<u>Common collective trust:</u>

Fidelity International Discovery Fund	619,476	*	427,376	*
Spartan US Equity Index Fund	530,324	*	355,219	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2009 the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$1,236,195.

D. TAX STATUS:

The Plan has adopted the standardized prototype plan document of Fidelity Management Trust Company. The prototype sponsor received a favorable opinion letter dated December 5, 2001 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype has been amended for changes in the tax law, and the prototype sponsor has received an opinion letter dated October 9, 2003 that the amendment to the form of the prototype is acceptable. The Plan has been amended since the date of the last letter. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2009 and 2008, the investment earnings and other investment-related transactions for the year ended December 31, 2009, and the information contained in the Schedule of Assets (Held at End of Year).

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 29, 2010, the date these financial statements were available for issuance.

Independent Auditors' Report

To the Plan Administrator of the Dover Chemical Corporation 401(k)
Salaried Employee Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the Dover Chemical Corporation 401(k) Salaried Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by Dover Chemical Corporation (the "Company"), covering all salaried employees of the Company as well as the affiliated companies, Keil Chemical Corporation, and Dover Transport, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 50% of their pretax annual compensation (as defined by the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants are also permitted to make after-tax Roth deferral contributions and may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. New employees who have completed 30 days of service will be automatically enrolled in the Plan with a 5% deferral election.

Participants become eligible to receive any employer contributions after 3 months of service. Participants receive a safe harbor matching contribution on deferrals of up to the first 3% of a participant's compensation and 50% of the next 2% of compensation, for a maximum safe harbor match of 4%. The Company also has the option to make additional discretionary matching contributions. During 2009 the Company did not elect to make an additional discretionary match. The Company may also make discretionary profit sharing contributions to those participants who have worked at least 1,000 hours during the plan year and are employed on the last day of the plan year. The Company did not elect to make any discretionary profit sharing contributions during 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses.

Vesting

Participants are immediately vested in their voluntary contributions, all company contributions and earnings on those contributions.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000 but not in excess of \$5,000 who terminate employment and fail to make a timely distribution election will be paid to an individual retirement account designated by the plan administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump sum distribution.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan allowed is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. A participant may not have more than one loan outstanding at any given time.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Adoption of Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*. SFAS No. 168 is effective for financial statements for annual periods ending after September 15, 2009 and establishes the FASB Accounting Standards Codification ("ASC"). Under SFAS No. 168, now referred to as ASC 105-10, the ASC became the only source of authoritative U.S. generally accepted accounting principles ("U.S. GAAP") to be applied by non-governmental entities and superseded all existing non-SEC accounting and reporting standards. The Plan adopted the codification as of December 31, 2009. As the ASC does not create new accounting rules, but only provides a comprehensive system to reorganize previously existing U.S. GAAP in a single authoritative source, its adoption had no effect on the Plan's financial position.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

In July 2006, FASB issued ASC 740-10 (formerly FIN 48). ASC 740-10 establishes principles and standards related to the accounting for and disclosure of accounting for uncertainty in income tax positions. The Plan adopted this standard as of January 1, 2009, resulting in no effect on its financial position.

In April 2009, FASB issued an amendment to ASC 820-10 *Fair Value Measurements and Disclosure* (formerly FSP No. FAS 157-4). The amendment provides additional guidance on how to determine the fair value of an investment when the volume and level of activity for the asset or liability have significantly decreased and in identifying transactions that are not orderly. It also expands disclosure requirements for investments by requiring detail by major security type. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

In May 2009, FASB issued ASC 855-10 *Subsequent Events* (formerly SFAS No. 165). ASC 855-10 establishes principles and standards related to the accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. The Plan adopted this standard on December 31, 2009, resulting in no effect on its financial position.

In September 2009, FASB issued Accounting Standards Update No. 2009-12, "Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2009-12"). ASU 2009-12 provides guidance on how organizations should estimate the fair value of certain alternative investments, effective for periods ending after December 15, 2009. The fair value of investments within the scope of the guidance can now be determined using net asset value ("NAV") as a practical expedient, unless it is probable the investment will be sold at something other than NAV. The Plan adopted this amendment on December 31, 2009, resulting in no effect on its financial position.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the SEI Stable Asset Fund, a common collective trust. As required by accounting standards, the statements of net assets available for plan benefits present the fair value of the common collective trust as well as the adjustment of the common collective trust from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting standards establish a fair value hierarchy, which require an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standards describe three levels of inputs that may be used to measure fair value as described below.

The Plan's investments consist of mutual funds, a common collective trust and participant loans. The mutual funds are stated at fair market value as determined by quoted market prices, which represent the net asset values of shares held by the Plan. This valuation method results in a level one classification for the mutual funds held by the Plan. The common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. This valuation method results in a level two classification for the common collective trust held by the Plan. Participant loans are stated at amortized cost which approximates fair value. Due to the nature of the inputs this valuation method results in a level three classification for participant loans.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The table below sets forth a summary of changes in the fair value of the Plan's level three investment assets for the year ended December 31, 2009:

	<u>Participant loans</u>
Balance at beginning of year	\$ 149,974
Net loan advances (repayments)	<u>(14,692)</u>
Balance at end of year	<u>\$ 135,282</u>

The Plan invests in a common collective trust that calculates net asset value per share in accordance with FASB guidance commonly followed by investment companies. This investment is reported at fair value based on the net asset value per share as reported by the investee. The common collective trust held by the Plan is a stable value investment which primarily invests in investment contracts such as guaranteed investment contracts (GICs) and other financial institution and other investment products (separate account contracts, synthetics GICS and collective investment trusts.) The fair value of the investment in this category has been estimated using the net asset value per share of the investments. Redemptions are allowed daily for participants; however the Plan is subject to a twelve month redemption notice period.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Costs used to determine realized gains and losses are on the average cost basis. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Appreciation (Depreciation) in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Company except for certain loan fees.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Spartan US Equity Index Fund	530,324	*	355,219	*

* Represents 5% or more of net assets available for plan benefits.

During the year ended December 31, 2009 the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by \$1,236,195.

D. TAX STATUS:

The Plan has adopted the standardized prototype plan document of Fidelity Management Trust Company. The prototype sponsor received a favorable opinion letter dated December 5, 2001 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype has been amended for changes in the tax law, and the prototype sponsor has received an opinion letter dated October 9, 2003 that the amendment to the form of the prototype is acceptable. The Plan has been amended since the date of the last letter. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements.

DOVER CHEMICAL CORPORATION 401(k) SALARIED EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

E. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2009 and 2008, the investment earnings and other investment-related transactions for the year ended December 31, 2009, and the information contained in the Schedule of Assets (Held at End of Year).

F. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

G. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA.

H. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through September 29, 2010, the date these financial statements were available for issuance.
