F.C.B. 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the F.C.B. 401(k) Plan ("the "Plan") at December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments, investment transactions, and related income, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

F.C.B. 401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the F.C.B. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is First Commercial Bank (the "Company").

General

Effective January 1, 1995, the Company established the Plan for eligible employees of the Company. The plan was amended on June 1, 1997. The plan was again amended on April 26, 2005. The last amendment was adopted on December 19, 2006 effective as of January 1, 2007. Employees of the Company are eligible to participate in the Plan generally on the first day of the month following the date of hire except noted otherwise in the plan document.

The Plan is a defined contribution plan covering all full-time employees of the Company with the exception of any employee (1) who is covered by a collective bargaining agreement unless the bargaining agreement provides for coverage, or (2) who is a non-resident alien who does not receive any earned income. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The Plan is administered by a Plan Committee. The Plan has entered into a service agreement with Fidelity Management Trust Company ("Fidelity") effective January 1, 2007. At the direction of the Plan Committee, the Custodians had the responsibility to invest, hold, and distribute the assets held by the Custodians for the benefit of the participants and their beneficiaries.

The Custodians maintains the Plan's assets in various fund accounts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

The costs associated with the formation and administration of the Plan are borne by the Company.

Contributions

Participants may make voluntary contributions in the form of salary deferrals at participant's discretion subject to the annual maximum amount imposed by the Internal Revenue Service. The Company matches 100% of the first 5% of the employees' compensation.

1. Description of the Plan, continued

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service during which a year of service for vesting means that an employee completes 12 months of service with the Company. Forfeitures are used to reduce employer contributions for the Plan year in which forfeitures occur on a per capita basis. Forfeitures do not occur after five years of vesting service. During the year ended December 31, 2009, $4,202 of the amounts forfeited was used respectively, to reduce employer contributions.

Percentage Vested	Years of service
0	Less than one
20	At least one, but less than two
40	At least two, but less than three
60	At least three, but less than four
80	At least four, but less than five
100	At least five or more

Payment of Benefits

On termination of service, participants are to receive lump-sum amounts equal to the value of their accounts if the account balances are less than $5,000. For participants with accounts balances between $1,000 and $5, 000, if the participant does not choose a distribution option, the plan sponsor will roll over the balances to a special safe harbor IRA. For participants with accounts balances of $5,000 or more, they may elect to remain in the Plan or to receive the value of their vested interest in the form of lump-sum distribution.

2. Summary of Significant Accounting Policies

Method of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Valuation of Investments

The Plan's investments in the registered investment companies are valued at fair value as reported to the Plan by both State Street and Fidelity. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Net Appreciation (depreciation) in fair value of investments in 2009	$ 1,184,444
Investments as of December 31, 2008	4,417,052
Investments as of December 31, 2009	6,269,846

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2009 and 2008 and the reported amounts of additions to and deductions from net assets for the years then ended. Actual results may differ from those estimates.

3. Investments

Investments are held in custodial capacity by Fidelity Management Trust Company, the trustee of the plan. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the money market account or toward the purchase of shares of registered investment companies as listed below. Allocations of gains (losses) are at the individual contract level.

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $1,184,444 as follows:

Money Market Funds	$	6,254
Registered Investment Companies (Mutual Funds)		1,175,235
Common/Collective Trust		2,955
	$	1,184,444

4. Fair Value Measurements

The Plan's Investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Money Market Funds	$ 961,138	$ 961,138	$ ---
Mutual Funds	5,195,867	5,195,867	---
Common/Collective Trusts	112,841	---	112,841
Total	$ 6,269,846	$ 6,157,005	$ 112,841

Mutual Funds	3,172,871	3,172,871	---
Common/Collective Trusts	139,399	---	139,399
Total	$ 4,417,052	$ 4,277,653	$ 139,399

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

4. Fair Value Measurements, continued

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations, and the fair value of participants loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 faur value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Common/ Collective Trust	Total
December 31, 2009		
Beginning balance	$ 139,399	$ 139,399
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	2,955	2,955
Purchases, sales, issuances, and settemnets (net)	(29,513)	(29,513)
Ending Balance	$ 112,841	$ 112,841
December 31, 2008		
Beginning balance	$ 634	$ 634
Total gains or loss(realized and unrealized) included in changes in net assets available for benefits	2,268	2,268
Purchases, sales, issuances, and settemnets (net)	136,497	136,497
Ending Balance	$ 139,399	$ 139,399

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in interest income.

5. Participant Notes Receivable

Under the terms of the Plan, participants may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The loan amount must be between a minimum of $500 and a maximum of $50,000. Only 50% of the participant's vested balance is available for the loan. The amounts borrowed carry fixed interest rates which are based on the indexed rate published by the Federal Reserve Bank. The interest rate charged was 6.00%. Loans are payable in full upon the participant's termination of employment from the Company. There was zero employee loan granted during the year ended December 31, 2009.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERIAS. In the event of Plan termination, participants will become 100 percent vested in their accounts.

7. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service dated December 2005 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company has also received a favorable determination letter from the Internal Revenue dated May 12, 2008 on its latest amendment adopted on December 19, 2006. The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

8. Related Party Transactions

Certain Plan investments are in units of participation in a registered investment companies and a fixed income offered by the Plan trustee, and therefore, these transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA.
